

Special Issue on Cost Control

Call for Papers

Cost Control is the practice of identifying and reducing business expenses to increase profits, and it starts with the budgeting process. The purpose of cost control activities is to prevent the waste of resources, reduce the cost to the lowest possible level and maintain the reduced cost level. Scientific organization and implementation of cost control can promote enterprises to improve management, enabling enterprises to survive, develop and grow in the market competition environment.

In this special issue, we intend to invite front-line researchers and authors to submit original researches and review articles on exploring **Cost Control**. Potential topics include, but are not limited to:

- Cost management
- Cost assurance
- Effective cost control measures
- Cost calculation and budget management
- Cost control objective
- Basic principles of cost control
- Total cost and unit cost

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly notice that the “**Special Issue**” under your manuscript title is supposed to be specified and the research field “**Special Issue – Cost Control**” should be chosen during your submission.

According to the following timetable:

Submission Deadline	October 26th, 2017
Publication Date	December 2017
