

Special Issue on COVID-19 and Economic Development

Call for Papers

COVID-19 and Economic Development refers to the study of the impact of the COVID-19 pandemic on economic growth, development, and progress at various levels. This field examines the interplay between the global health crisis caused by the pandemic and its far-reaching effects on economies, industries, businesses, and individuals. The goal of this special issue is to provide a platform for scientists and academicians all over the world to promote, share, and discuss various new issues and developments in the area of COVID-19 and Economic Development.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on exploring **COVID-19 and Economic Development**. Potential topics include, but are not limited to:

- Impact of COVID-19 on Economic Growth
- Effects of Pandemic on Industries and Businesses
- Employment and Poverty Rates during COVID-19
- Government Policies and Response to Economic Crisis
- Global Trade and Supply Chain Disruptions
- Digital Transformation and Innovation in the Post-Pandemic Era
- Social Support Programs and Economic Recovery Measures
- Challenges and Opportunities for Sustainable Economic Development
- Inequality and Income Disparities Resulting from the Pandemic
- Building Resilience and Long-Term Economic Development Strategies

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly specify the “**Special Issue**” under your manuscript title. The research field “**Special Issue - Industrial Economics and Sustainable Development**” should be selected during your submission.
