Advances in Parkinson's Disease (APD)

ISSN 2169-9712 (Print) ISSN 2169-9720 (Online)

<http://www.scirp.org/journal/apd>

Advances in Parkinson's Disease (APD) is a quarterly open access journal. The goal of this journal is to provide a platform for scientists and academicians all over the world to promote, share, and discuss various new issues and developments in all aspects of Parkinson's disease.

Subject Coverage

All manuscripts must be prepared in English, and are subject to a rigorous peer-review process. Accepted papers will immediately appear online followed by printed in hard copy. The areas covered by *Advances in Parkinson's disease (APD)* include but are not limited to:

- Diagnosis and treatment of Parkinson's disease
- Epidemiological studies of Parkinson's disease
- Etiology of Parkinson's disease
- Genetics of Parkinson's disease
- Molecular correlates of Parkinson's disease
- Parkinsonian gait
- Pathogenesis of Parkinson's disease
- Pharmacology of Parkinson's disease
- Psychology of Parkinson's disease
- Signs and symptoms of Parkinson's disease

We are also interested in: 1) Short reports—2-5 page papers where an author can either present an idea with theoretical background but has not yet completed the research needed for a complete paper or preliminary data; 2) Book reviews—Comments and critiques.

Notes for Intending Authors

We are also interested in: 1) Short reports—2-5 page papers where an author can either present an idea with theoretical background but has not yet completed the research needed for a complete paper or preliminary data; 2) Book reviews—Comments and critiques.
