

Special Issue on Nephrology & Therapeutics

Call for Papers

Nephrology is a specialty of medicine and pediatrics that concerns itself with the study of normal kidney function, kidney problems, the treatment of kidney problems and renal replacement therapy.

In this special issue, we intend to invite front-line researchers and authors to submit original researches and review articles on exploring **nephrology & therapeutics**. Potential topics include, but are not limited to:

- Diagnostic, imaging and radiation techniques
- Renal transplantation and immunology
- Renal dialysis and procedures
- Nephritis and diabetic nephropathy
- Renal genetic syndromes
- Metabolic, fluid and electrolyte disorders
- Chronic & acute renal diseases
- Treatments in nephrology
- Clinical nephrology

Authors should read over the journal's [Authors' Guidelines](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal at [Paper Submission System](#).

Please kindly specify the “**Special Issue**” under your manuscript title. The research field “**Special Issue – Nephrology & Therapeutics**” should be selected during your submission.

Special Issue timetable:

Submission Deadline	June 28th, 2016
Publication Date	July 2016
