
Special Issue on Clinical Diagnosis and Treatment

Call for Papers

Clinical diagnosis is a diagnosis made on the basis of medical signs and reported symptoms, rather than diagnostic tests

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on **Clinical Diagnosis and Treatment**. Potential topics include, but are not limited to:

- Symptoms and signs
- Pathogenesis and pathology
- Clinical features, diagnosis and management
- Clinical practice and other factors
- Clinical analysis
- Clinical assessment
- Statistical methods
- Disease control and prevention
- Risk analysis and management
- Imaging diagnosis
- COVID-19 clinical diagnosis and treatment

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly notice that the “**Special Issue**” under your manuscript title is supposed to be specified and the research field “**Special Issue – Clinical Diagnosis and Treatment**” should be chosen during your submission.

According to the following timetable:

Submission Deadline	May 13th, 2021
Publication Date	July 2021
