

Special Issue on Clinical Medicine and Surgery

Call for Papers

Clinical surgery is part of medicine or surgery which is occupied with the investigation of disease in the living subject

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on **Clinical Medicine and Surgery**. Potential topics include, but are not limited to:

- Clinical diagnosis and management
- Clinical trials in surgery
- Advanced technology
- Anaesthesia
- ENT
- Dermatology
- Ophthalmology
- Neuroscience
- Psychiatry
- Primary care
- Urology
- Reproductive medicine
- Respiratory
- Liver
- Musculoskeletal disease
- Transplantation
- Oncology

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly notice that the “**Special Issue**” under your manuscript title is supposed to be specified and the research field “**Special Issue – Clinical Medicine and Surgery**” should be chosen during your submission.

According to the following timetable:
