

TABLE OF CONTENTS
Volume 1, Number 2, August 2010

Distance-dependent coherent charge transport in DNA: crossover from tunneling to free propagation N. V. Grib, D. A. Ryndyk, R. Gutiérrez, G. Cuniberti.....	77
Curvature-driven lipid sorting: coarse-grained dynamics simulations of a membrane mimicking a hemifusion intermediate M. Nishizawa, K. Nishizawa.....	86
Identification of potential <i>P. falciparum</i> transketolase inhibitors: pharmacophore design, <i>in silico</i> screening and docking studies S. Joshi, A. R. Singh, U. Saqib, P. C. Misra, M. I. Siddiqi, J. K. Saxena.....	96
Structure-activity relationship and folding of recombinant <i>Escherichia coli</i> dihydro folate reductase (DHFR) enzyme through biochemical and biophysical approaches J. Mittal, G. Ravitchandirane, T. K. Chaudhuri, P. Chattopadhyay.....	105
Biological effects of EV71 infection in neural cells X. Cao, L.-C. Wang, L.-D. Liu, Y. Liao, C.-H. Dong, Q.-H. Li.....	113
Overtone spectra of porphyrins and its substituted forms: an algebraic approach S. R. Karumuri, A. S. R. Prasad, N. K. Sarkar, J. Choudhury, R. Bhattacharjee.....	119
