## Journal of Immune Based Therapies, Vaccines and Antimicrobials

ISSN: 2168-1546 (Print) ISSN: 2168-1554 (Online)

<https://www.scirp.org/journal/jibtva>

*Journal of Immune Based Therapies, Vaccines and Antimicrobial (JIBTVA)* encompasses all clinical-and research-based aspects of immune based therapies, vaccines and antimicrobials. JIBTVA is an open access, peer-reviewed, online journal dedicated to all aspects of therapeutic and prophylactic applications of immunology and microbiology.

### Editor-in-Chief

Prof. Ronald B. Moss

Ansun BioPharma Inc., USA

### Subject Coverage

The aims of the JIBTVA are to advance the understanding and application of specific immunological mechanisms, the role of antigens and antigenic epitopes in eliciting biological responses, immune correlates of protection and activity, strategic regulatory and clinical development considerations, adjuvant development and strategies for use, formulations, delivery and devices associated with various immune and antimicrobial therapies as well as other issues and findings relating to accelerating the discovery and advance development through licensure, distribution and use of efficacious vaccines, immune based therapies (IBTs) and antimicrobials. The areas of vaccines, IBTs, and antimicrobials encompass a variety of disciplines, including infectious diseases, transplantation, cancer, allergic disorders, and autoimmune diseases.

- Allergic Diseases
- Autoimmune Diseases
- Cancer
- Immunologic Diseases
- Infectious Diseases
- Transplantation
- Vaccines

We are also interested in: 1) Short reports—2 - 5 page papers where an author can either present an idea with theoretical background but has not yet completed the research needed for a complete paper or preliminary data; 2) Book reviews—Comments and critiques.

### Notes for Intending Authors

Submitted papers should not have been previously published nor be currently under consideration for publication elsewhere. Paper submission will be handled electronically through the website. All papers are refereed through a peer review process. For more details about the submissions, please access the website.

## ***What is SCIRP?***

Scientific Research Publishing (SCIRP) is one of the largest Open Access journal publishers. It is currently publishing more than 200 open access, online, peer-reviewed journals covering a wide range of academic disciplines. SCIRP serves the worldwide academic communities and contributes to the progress and application of science with its publication.

## ***What is Open Access?***

All original research papers published by SCIRP are made freely and permanently accessible online immediately upon publication. To be able to provide open access journals, SCIRP defrays operation costs from authors and subscription charges only for its printed version. Open access publishing allows an immediate, worldwide, barrier-free, open access to the full text of research papers, which is in the best interests of the scientific community.

- High visibility for maximum global exposure with open access publishing model
- Rigorous peer review of research papers
- Prompt faster publication with less cost
- Guaranteed targeted, multidisciplinary audience
