

Special Issue

Counseling Psychology and Psychological Treatment

Call for Papers

Counseling Psychology is a specialty within professional psychology that maintains a focus on facilitating personal and interpersonal functioning across the life span. The specialty pays particular attention to emotional, social, vocational, educational, health-related, developmental, and organizational concerns. The goal of this special issue is to provide a platform for scientists and academicians all over the world to promote, share, and discuss various new issues and developments in the area of counseling psychology and psychological treatment.

In this special issue, we invite front-line researchers and authors to submit original research and review articles that explore **counseling psychology and psychological treatment**. In this special issue, potential topics include, but are not limited to:

- Counseling process and outcome
- Mental health counseling
- Psychological development consulting
- Psychotherapy
- Cognitive therapy
- Behavioral therapy
- Family and couples therapy
- Morita therapy

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly specify the “**Special Issue**” under your manuscript title. The research field “**Special Issue – Counseling Psychology and Psychological Treatment**” should be selected during your submission.

Special Issue timetable:

Submission Deadline	May 26th, 2016
Publication Date	July 2016
