

Special Issue on Clinical Psychology

Call for Papers

Clinical psychology is a subfield of the psychology concerned with the mental and emotional health of the human beings. It is an integration of science, theory and clinical knowledge for the purpose of understanding, preventing, and relieving psychologically based distress or dysfunction and to promote life quality and work through burdensome issues.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on exploring **Clinical Psychology**. Potential topics include, but are not limited to:

- Behavioral therapy
- Mental disorders
- Psychoanalysis
- Psychological disorders
- Psychological testing
- Psychometric theory
- Psychopathology
- Psychotherapy

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly specify the “**Special Issue**” under your manuscript title. The research field “**Special Issue - Clinical Psychology**” should be selected during your submission.

Special Issue Timetable:

Submission Deadline	July 28th, 2017
Publication Date	September 2017
