## Why CHEEX?

At CHEEX, everything we do is guided by our main values:

## Sex-Positivity

We promote an open, tolerant and progressive attitude towards sexuality, free from any shame, or judgement. All consensual sexual activities are healthy and pleasurable. We do not discriminate among types of preferences, as these are individual and personal.

## Empowerment

We believe everyone should be given the opportunity to live and work in a self-determined way. We empower both our community, as well as our team to make autonomous decisions, and thus enable them to unlock their full potential and confidence.

## Transparency

We are not afraid to be open and honest. About our industry, about the way we work, how we feel, how others make us feel, what we stand for and what we reject. We are transparent in the way we communicate mistakes and we embrace the fact that we will never stop learning.

We are particularly happy to receive applications from sex workers, people of color, people from the LGBTQIA+ community, people from immigrant families, as well as people with disabilities. Since your skills and qualifications are important to us and not your appearance, we ask you not to send a photo with your application. Thank you!
