

## Phantom 3 SE Release Notes

---

Date :	2017.11.24
Firmware :	v1.5.40
DJI GO App iOS :	V3.1.22
DJI GO App Android :	V3.1.22

---

### What 's New?

- Fixed an issue where the screen could blur when scrolling through videos in the Editor.
- Fixed an issue where the progress bar displayed incorrectly during firmware updating.
- Added working frequency and channel settings for the remote controller.
- Improved firmware updating stability.

### Notes:

- DO NOT turn off the remote controller and aircraft or exit the DJI GO app during the update process.
- Restart the aircraft and remote controller after upgrade is complete.
- If the firmware upgrade fails, restart aircraft, remote controller and DJI GO, and retry.
