How to get your European Professional Card

This document will guide you through the procedure to obtain the European Professional Card (EPC) using the EPC platform (<https://ec.europa.eu/epc/>):

- Creating your profile
- Creating and submitting an EPC application
- Tracking your EPC application
- Getting the EPC Certificate
- Requesting extensions

For the moment, you can use the EPC procedure only if you are:

- a nurse responsible for general care
- a pharmacist
- a physiotherapist
- a mountain guide
- a real estate agent

For general information on the fields of application, document requirements and possible fees of the European Professional Card, refer to the dedicated section on the 'Your Europe' website (<http://europa.eu/youreurope/>).

1 Creating your EPC profile

1. Go to the EPC platform: (<https://ec.europa.eu/epc/>):

If you do not have an EU Login account, you will have to create it now by clicking on "**Create an account**".

- You are strongly advised to choose your individual professional **email address** (or alternatively, your personal email address), which will be easy to remember next time you try to login on the EPC platform.
- Set your **password**. Once you fill in the personal details requested, an email will automatically be sent to you with a link to set your password. You have 90 minutes to click on the link (it will then expire). If you do not receive this automatic email, please consult the EU Login help page.

3. Enter you **EU Login password**.
4. Read and accept the EPC Privacy statement, then click on "**Complete profile...**".
5. Fill in your **Personal details**.

- The **Proof of identity** is the document that will be used to check the validity of your EPC Certificate online. Be sure to use a valid document.

6. Fill in your **Contact details**.

- You can update your Contact details (e-mail address, telephone number) at any time.
- The **Spoken languages** include all the languages you speak, while the **Preferred language** is the language you choose to use when communicating with the home and the host country.
