(b) The Commission shall supervise the application of these measures, where appropriate on the basis of information supplied at intervals, which it may request from the third countries concerned and check as necessary.

It shall be made, due regard being had to the protection of confidential information, as soon as possible and, normally, no later than one month prior to the initiation of the procedures set out in Article 14 or Article 15. Where the Commission is not in a position to disclose certain facts or considerations at that time, they shall be disclosed as soon as possible thereafter.

5. Representations made after final disclosure is given shall be taken into consideration only if received within a period to be set by the Commission in each case, which shall be at least 10 days, due consideration being given to the urgency of the matter. 22. Regulation (EC) No 1225/2009

As regards Regulation (EC) No 1225/2009, its implementation requires uniform conditions for the adoption of provisional and definitive duties, and for the termination of an investigation without measures. Those measures should be adopted by the Commission in accordance with Regulation (EU) No 182/2011.

The advisory procedure should be used for the adoption of provisional measures given the effects of such measures and their sequential logic in relation to the adoption of definitive measures. It should also be used for the acceptance of undertakings, initiation and non-initiation of expiry reviews, suspension of measures, extension of the suspension of measures and the

▼B

reinstatement of measures given the effect of such measures as compared to definitive measures. Where a delay in the imposition of measures would cause damage which would be difficult to repair, it is necessary to allow the Commission to adopt immediately applicable provisional measures.

Accordingly, Regulation (EC) No 1225/2009 is amended as follows:

(1) In Article 2(7), subparagraph (c) is amended as follows:

(a) the words "after specific consultation of the Advisory Committee and after the Community industry" are replaced by "after the Union industry";

(b) a final sentence is added as follows:

"The Commission shall provide information to the Member States concerning its analysis of claims made pursuant to subparagraph (b) normally within 28 weeks of the initiation of the investigation."

(2) Article 5 is amended as follows:

(a) paragraph 6 is replaced by the following:

"6. If in special circumstances it is decided to initiate an investigation without having received a written complaint by or on behalf of the Union industry for the initiation of such an investigation, this shall be done on the basis of sufficient evidence of dumping, injury and a causal link, as described in paragraph 2, to justify such initiation. The Commission shall provide information to the Member States once it has determined the need to initiate such investigation."

(b) paragraph 9 is replaced by the following:

"9. Where it is apparent that there is sufficient evidence to justify initiating a proceeding, the Commission shall do so within 45 days of the date of the lodging of the complaint and shall publish a notice in the *Official Journal of the European Union*. Where insufficient evidence has been presented, the complainant shall be so informed within 45 days of the date on which the complaint is lodged with the Commission. The Commission shall provide information to the Member States concerning its analysis of the complaint normally within 21 days of the date on which the complaint is lodged with the Commission."

(3) Article 7 is amended as follows:

(a) in paragraph 1, the words "adequate opportunities" are replaced by "an adequate opportunity";

(b) paragraph 4 is replaced by the following:

"4. The Commission shall take provisional measures in accordance with the procedure referred to in Article 15(4).";

(c) paragraph 6 is deleted.

(4) Article 8 is amended as follows:

(a) paragraph 1 is replaced by the following:

"1. On the condition that a provisional affirmative determination of dumping and injury has been made, the Commission may, in accordance with the advisory procedure referred to in Article 15(2), accept satisfactory voluntary undertaking offers submitted by any

exporter to revise its prices or to cease exports at dumped prices, if it is satisfied that the injurious effect of the dumping is thereby eliminated. In such a case and as long as such undertakings are in force, provisional duties imposed by the Commission in accordance with Article 7(1), or definitive duties imposed in accordance with Article 9(4), as the case may be, shall not apply to the relevant imports of the product concerned manufactured by the companies referred to in the Commission decision accepting undertakings, as subsequently amended. Price increases under such undertakings shall not be higher than necessary to eliminate the margin of dumping and they should be less than the margin of dumping if such increases would be adequate to remove the injury to the Union industry.";

(b) paragraph 5 is replaced by the following:

"5. Where undertakings are accepted, the investigation shall be terminated. The Commission shall terminate the investigation in accordance with the examination procedure referred to in Article 15(3).";

(c) in paragraph 9, the first subparagraph is replaced by the following:

"9. In the case of breach or withdrawal of undertakings by any party to the undertaking, or in the case of withdrawal of acceptance of the undertaking by the Commission, the acceptance of the undertaking shall be withdrawn by Commission Decision or Commission Regulation, as appropriate, and the provisional duty which has been imposed by the Commission in accordance with Article 7 or the definitive duty which has been imposed in accordance with Article 9(4) shall automatically apply, provided that the exporter concerned has, except where he himself has withdrawn the undertaking, been given an opportunity to comment. The Commission shall provide information to the Member States when it decides to withdraw an undertaking.";

(d) paragraph 10 is replaced by the following:

"10. A provisional duty may be imposed in accordance with Article 7 on the basis of the best information available where there is reason to believe that an undertaking is being breached, or in the case of breach or withdrawal of an undertaking, where the investigation which led to the undertaking has not been concluded.".

(5) Article 9 is amended as follows:

(a) paragraph 2 is replaced by the following:

"2. Where protective measures are unnecessary, the investigation or proceeding shall be terminated. The Commission shall terminate the investigation in accordance with the examination procedure referred to in Article 15(3).";

(b) paragraph 4 is replaced by the following:

"4. Where the facts as finally established show that there is dumping and injury caused thereby, and the Union interest calls for intervention in accordance with Article 21, a definitive anti-dumping duty shall be imposed by the Commission acting in accordance with the examination procedure referred to in Article 15(3). Where provisional duties are in force, the Commission shall initiate that procedure no later than one month before the expiry of such duties. The amount of the anti-dumping duty shall not exceed the margin of dumping established but it should be less than the margin if such lesser duty would be adequate to remove the injury to the Union industry.".

▼B

(6) In Article 10(2), the first sentence is replaced by the following:

"2. Where a provisional duty has been applied and the facts as finally established show that there is dumping and injury, the Commission shall decide, irrespective of whether a definitive anti-dumping duty is to be imposed, what proportion of the provisional duty is to be definitively collected."

(7) Article 11 is amended as follows:

(a) in paragraph 4, the first sentence of the third subparagraph is replaced by the following:

"A review for a new exporter shall be initiated and carried out on an accelerated basis after Union producers have been given an opportunity to comment.";

(b) in paragraph 5, the second subparagraph is deleted;

(c) paragraph 6 is replaced by the following:

"6. Reviews pursuant to this Article shall be initiated by the Commission. The Commission shall decide whether or not to initiate reviews pursuant to paragraph 2 of this Article in accordance with the advisory procedure referred to in Article 15(2). The Commission shall also provide information to the Member States once an operator or a Member State has submitted a request justifying the initiation of a review pursuant to paragraphs 3 and 4 of this Article and the Commission has completed its analysis thereof, or once the Commission has itself determined that the need for the continued imposition of measures should be reviewed. Where warranted by reviews, measures shall, in accordance with the examination procedure referred to in Article 15(3), be repealed or maintained pursuant to paragraph 2 of this Article, or repealed, maintained or amended pursuant to paragraphs 3 and 4 of this Article. Where measures are repealed for individual exporters, but not for the country as a whole, such exporters shall remain subject to the proceeding and may, automatically, be reinvestigated in any subsequent review carried out for that country pursuant to this Article.";

(d) in paragraph 8, the first sentence of the fourth subparagraph is replaced by the following:

"The Commission shall decide whether and to what extent the application should be granted, or it may decide at any time to initiate an interim review, whereupon the information and findings from such a review carried out in accordance with the provisions applicable for such reviews shall be used to determine whether and to what extent a refund is justified. The Commission shall provide information to the Member States once it has completed its analysis of the application.".

(8) Article 12 is amended as follows:

(a) in paragraph 1, the first subparagraph is replaced by the following:

"1. Where the Union industry or any other interested party submit, normally within two years from the entry into force of the measures, sufficient information showing that, after the original investigation period and prior to or following the imposition of measures, export prices have decreased or that there has been no movement, or insufficient movement, in the resale prices or subsequent selling prices of the imported product in the Union, the Commission may reopen the investigation to examine whether the measure has had effects on the abovementioned prices. The Commission shall provide information to the Member States once an interested party has submitted sufficient information justifying the reopening of the investigation and the Commission has completed its analysis thereof.";

▼B

(b) paragraph 3 is replaced by the following:

"3. Where a reinvestigation pursuant to this Article shows increased dumping, the measures in force may be amended by the Commission acting in accordance with the examination procedure referred to in Article 15(3), in accordance with the new findings on export prices. The amount of the anti-dumping duty imposed pursuant to this Article shall not exceed twice the amount of the duty imposed initially.";

(c) in paragraph 4, second subparagraph is deleted.

(9) Article 13 is amended as follows:

(a) paragraph 3 is replaced by the following:

"3. Investigations shall be initiated pursuant to this Article on the initiative of the Commission or at the request of a Member State or any interested party on the basis of sufficient evidence regarding the factors set out in paragraph 1. Initiations shall be made by Commission Regulation which may also instruct the customs authorities to make imports subject to registration in accordance with Article 14(5) or to request guarantees. The Commission shall provide information to the Member States once an interested party or a Member State has submitted a request justifying the initiation of an investigation and the Commission has completed its analysis thereof, or where the Commission has itself determined that there is a need to initiate an investigation.

Investigations shall be carried out by the Commission. The Commission may be assisted by customs authorities and the investigation shall be concluded within nine months.

When the facts as finally ascertained justify the extension of measures, this shall be done by the Commission acting in accordance with the examination procedure referred to in Article 15(3). The extension shall take effect from the date on which registration was imposed pursuant to Article 14(5), or on which guarantees were requested. The relevant procedural provisions of this Regulation with regard to the initiation and the conduct of investigations shall apply pursuant to this Article.";

(b) in paragraph 4, the second subparagraph is replaced by the following:

"These exemptions shall be granted by decision of the Commission and shall remain valid for the period and under the conditions set down therein. The Commission shall provide information to the Member States once it has concluded its analysis.".

(10) Article 14 is amended as follows:

(a) paragraph 4 is replaced by the following:

"4. In the Union interest, measures imposed pursuant to this Regulation may be suspended by a decision of the Commission in accordance with the advisory procedure referred to in Article 15(2) for a period of nine months. The suspension may be extended for a further period, not exceeding one year, by the Commission acting in accordance with the advisory procedure referred to in Article 15(2). Measures may only be suspended where market conditions have temporarily changed to an extent that injury would be unlikely to resume as a result of the suspension, and provided that the Union industry has been given an opportunity to comment and those comments have been taken into account. Measures may at any time be reinstated in accordance with the advisory procedure referred to in Article 15(2) if the reason for suspension is no longer applicable.";

▼B

(b) in paragraph 5, the first sentence is replaced by the following

"5. The Commission may, after having informed the Member States in due time, direct the customs authorities to take the appropriate steps to register imports, so that measures may subsequently be applied against those imports from the date of such registration."

(11) Article 15 is replaced by the following:

"Article 15

Where recourse is made to the written procedure in other instances where there has been a discussion of the draft measure in the committee, such procedure shall be terminated without result where, within the time-limit set down by the chair, the chair so decides or a simple majority of committee members so request. ▼B**Joint statement by the European Parliament, the Council and the Commission regarding Article 15(6) of Regulation (EC) No 1225/2009 and Article 25(6) of Regulation (EC) No 597/2009**

The European Parliament, the Council and the Commission consider that the inclusion of Article 15(6) of Regulation (EC) No 1225/2009 and Article 25(6) of Regulation (EC) No 597/2009 is justified exclusively on the basis of the specific characteristics of those Regulations before their amendment by this Regulation. As a consequence, the inclusion of a provision, such as those Articles, is exceptional to those two Regulations and is not a precedent for the drafting of future legislation.

For the sake of clarity, the European Parliament, the Council and the Commission understand that Article 15(6) of Regulation (EC) No 1225/2009 and Article 25(6) of Regulation (EC) No 597/2009 do not introduce decision-making procedures different from or additional to those provided for in Regulation (EU) No 182/2011.

▼B**Council statement on the application of Articles 3(4) and 6(2) of Regulation (EU) No 182/2011 in connection with anti-dumping and countervailing duty proceedings pursuant to Regulations (EC) No 1225/2009 and (EC) No 597/2009**

Where a Member State suggests an amendment with respect to either anti-dumping or countervailing duty draft measures provided for in Regulations (EC) No 1225/2009 and (EC) No 597/2009 (the 'Basic Regulations'), in accordance with Article 3(4) or Article 6(2) of Regulation (EU) No 182/2011 it will:

- (a) ensure that the amendment is proposed in a timely manner, which respects the deadlines in the Basic Regulations and reflects the necessity for the Commission to be given sufficient time to undertake any necessary disclosure procedure, properly scrutinise the proposal, and for the Committee to examine any amended draft measure proposed;
- (b) ensure that the proposed amendment is consistent with the Basic Regulations as interpreted by the Court of Justice of the European Union and with relevant international obligations;
- (c) provide written justification which will, as a minimum, indicate how the suggested amendment relates to the Basic Regulations and to the facts established in the investigation, but may also contain such other supporting arguments as the Member State proposing the amendment considers appropriate.

▼B**Statement by the Commission in connection with anti-dumping and countervailing duty proceedings pursuant to Regulations (EC) No 1225/2009 and (EC) No 597/2009**

The Commission recognises the importance of Member States receiving information where provided for in Regulations (EC) No 1225/2009 and (EC) No 597/2009 (the "Basic Regulations") such as to enable them to contribute to fully informed decisions, and it will act to achieve that objective.

* * *

For the avoidance of doubt, the Commission understands the reference to consultations in Article 8(5) of Regulation (EU) No 182/2011 as requiring the Commission, except in cases of extreme urgency, to seek the views of the Member States before adopting provisional anti-dumping or countervailing duties.

* * *

The Commission will ensure that it effectively manages all aspects of anti-dumping and countervailing duty procedures provided for in Regulations (EC) No 1225/2009 and (EC) No 597/2009, including the possibility of Member States to suggest amendments, in order to ensure that the time periods laid down in, and the obligations towards interested parties created by, the Basic Regulations are respected and that any measures finally imposed are consistent with the facts established by the investigation and the Basic Regulations as interpreted by the Court of Justice of the European Union and in line with the international obligations of the Union.

Statement by the Commission on codification

The adoption of Regulation (EU) No 37/2014 of the European Parliament and of the Council of 15 January 2014 amending certain regulations relating to the common commercial policy as regards the procedures for the adoption of certain measures and Regulation (EU) No 38/2014 of the European Parliament and of the Council of 15 January 2014 amending certain regulations relating to the common commercial policy as regards the granting of delegated and implementing powers for the adoption of certain measures will entail a substantial number of amendments to the acts in question. In order to improve the legibility of the acts concerned, the Commission will propose a codification of the acts as expeditiously as possible once those two Regulations are adopted, and at the latest by 1 June 2014.

Statement by the Commission on delegated acts

In the context of Regulation (EU) No 37/2014 of the European Parliament and of the Council of 15 January 2014 amending certain regulations relating to the common commercial policy as regards the procedures for the adoption of certain measures and Regulation (EU) No 38/2014 of the European Parliament and of the Council of 15 January 2014 amending certain regulations relating to the common commercial policy as regards the granting of delegated and implementing powers for the adoption of certain measures, the Commission recalls the commitment it has made in paragraph 15 of the Framework Agreement on relations between the European Parliament and the European Commission to provide to the Parliament full information and documentation on its meetings with national experts within the framework of its work on the preparation of delegated acts.
