WHO, having exchanged their full powers, found in good and due form,

HAVE AGREED AS FOLLOWS:

TITLE I

Commercial cooperation

Article 1

The Contracting Parties reaffirm their commitment to accord each other most-favoured nation treatment in accordance with the General Agreement on Tariffs and Trade (GATT) and the Protocol for accession of Hungary thereto.

Article 2

- 1. This Agreement shall apply to trade in all products originating in the Community or in Hungary with the exception of the products covered by the Treaty establishing the European Coal and Steel Community.
- 2. Unless otherwise specified in this Agreement, trade and other commercial cooperation between the Contracting Parties shall be conducted in accordance with their respective regulations.

Article 3

1. This Agreement shall not affect the provisions of the existing Agreements concerning trade in textile products between the Community and Hungary, nor of any such agreements subsequently concluded.

Furthermore, in the event that the Community invokes paragraph 24 of the Protocol extending the Arrangement regarding International Trade in Textiles of 31 July 1986, the provisions of the said Arrangement shall apply to the products in question.

Not later than six months before the expiry of the Agreements concerning trade in textile products referred to above, the Contracting Parties shall consult each other with a view to determining the arrangements to be applied to trade in textile products after the expiry of the said Agreements.

2. This Agreement shall not affect specific agreements or arrangements covering agricultural products in force between the Contracting Parties, or any successor agreements or arrangements.

Article 4

- 1. Each Contracting Party will accord the highest degree of liberalization which they generally apply to third countries to imports of the other's products taking into account all the provisions of GATT and of the Protocol for accession of Hungary thereto.
- 2. To this end the Community undertakes to abolish the quantitative restrictions referred to in Article 4 (a) of the

Protocol for accession of Hungary to the GATT in accordance with the Provisions set out in the Protocol to this Agreement.

Article 5

The Contracting Parties undertake to examine the possibility of increasing their mutual trade by the abolition, reduction or other modification of tariffs in conformity with their obligations under the GATT.

Article 6

Taking into account the importance of their trade in agricultural products and the implications of multilateral negotiations in the GATT framework, the Contracting Parties shall examine in the joint committee referred to in Title III of this Agreement, the possibility of granting each other reciprocal concessions on a product-by-product basis in the field of trade in agricultural products on the basis of Article 1.

Article 7

- 1. The Contracting Parties shall consult each other if any product is being imported in trade between the Community and Hungary in such increased quantities or under such conditions as to cause or threaten serious injury to domestic producers of like or directly competitive products.
- 2. The Contracting Party requesting the consultations will supply the other Party with all the information required for a detailed examination of the situation.
- 3. The consultations requested pursuant to paragraph 1 will be held with due regard for the fundamental aims of the Agreement and will be completed not later than 30 days from the date of notification of the request by the Party concerned, unless the Parties agree otherwise.
- 4. If, as a result of such consultations, it is agreed that the situation referred to in paragraph 1 exists, exports shall be limited or such other action taken, which may include action, if possible, with respect to the price at which the exports are sold, as will prevent or remedy the injury.
- 5. If, following action under paragraphs 1 to 4, agreement is not reached between the Contracting Parties, the Contracting Party which requested the consultation shall be free to restrict the imports of the products concerned to the extent and for such time as is necessary to prevent or remedy the injury. The other Contracting Party shall then be free to deviate from its obligations towards the first Party in respect of substantially equivalent trade.

- 6. In critical circumstances, where delay would cause damage difficult to repair, such preventive or remedial action may be taken provisionally without prior consultation, on the condition that consultation shall be effected immediately after taking such action.
- 7. In the selection of measures under this Article, the Contracting Parties should give priority to those which cause the least disturbance to the functioning of this Agreement.
- 8. Where necessary, the Contracting Parties may hold consultations to determine when the measures adopted pursuant to paragraphs 4, 5 and 6 shall cease to apply.
- 9. Either Contracting Party may refer any disagreement arising out of the adoption of safeguard measures pursuant to this Article to the Contracting Parties of the GATT in accordance with Article 5 of the Protocol for accession of Hungary to the GATT provided that the procedures in this Article have been fully implemented.

Article 8

The Contracting Parties will inform each other of any modification in their tariff or statistical nomenclature or any other decision concerning the classification of products covered by this Agreement.

Article 9

Within the limits of their respective powers, the Contracting Parties:

- shall encourage the adoption of arbitration for the settlement of disputes arising out of commercial and cooperation transactions concluded by firms, enterprises and economic organizations of the Community and those of Hungary,
- agree that when a dispute is submitted to arbitration, each party to the dispute may freely choose its own arbitrator, irrespective of his nationality, and that the presiding third arbitrator or the sole arbitrator may be a citizen of a third State,
- shall encourage recourse to the arbitration rules elaborated by the United Nations Commission on International Trade Law (Uncitral) and to arbitration by any centre of a State signatory to the Convention on Recognition and Enforcement of Foreign Arbitral Awards done at New York on 10 June 1958.

Article 10

1. The Contracting Parties shall make every effort to promote, expand and diversify their trade on the basis of

non-discrimination and reciprocity. In the spirit of this Article, the joint committee established under Title III of this Agreement will attach special importance to examining ways of encouraging the reciprocal and harmonious expansion of trade.

- 2. To this end the Contracting Parties agree to ensure the publication of comprehensive data on commercial and financial issues including production, consumption and foreign trade statistics, and information in accordance with Article X of GATT.
- 3. The Contracting Parties agree that counter-trade practices may create distortions in international trade and they should be regarded as temporary and exceptional.

For this reason they agree not to impose counter-trade requirements on companies established in the Community or in Hungary nor to compel them to engage in such trade practices.

Nevertheless, where firms or companies decide to resort to counter-trade operations, the Contracting Parties will encourage them to furnish all relevant information to facilitate the transaction.

4. In furtherance of the aims of this Article, the Contracting Parties agree that they shall maintain and improve favourable business regulations and facilities for each other's firms or companies on their respective markets, *inter alia*, as indicated in the Annex.

Joint declaration by the European Economic Community and the Hungarian People's Republic concerning Annexes A and B to the Protocol

Pursuant to the International Convention on the Harmonized Commodity Description and Coding System, the codes and descriptions of goods established on the basis of the combined nomenclature have, as from 1 January 1988, replaced, within the Community, those established on the basis of the nomenclatures of the Common Customs Tariff and the NIMEXE. Accordingly, the application of the said Agreement within the Community, and in particular the measures to be taken by the Community to abolish various quantitative restrictions, will take place by reference to the said combined nomenclature.

In order to ensure that the Community implementing measures conform with the Agreement, Annexes A and B to the Protocol to the Agreement, which list quantitative restrictions by reference to NIMEXE positions as at 31 December 1987, must be replaced by Annexes which list the same by reference to the said combined nomenclature. This replacement must take place at the latest within six months of the entry into force of the Agreement.

Both the Community and Hungary shall therefore render each other all necessary assistance in order to effect and agree upon the said modification of Annexes A and B.

Information on the date of entry into force of the Agreement between the European Economic Community and the Hungarian People's Republic on Trade and Commercial and Economic Cooperation

The instruments of notification of the completion of the procedures for the entry into force of the Agreement between the European Economic Community and the Hungarian People's Republic on Trade and Commercial and Economic Cooperation, signed in Brussels on 26 September 1988, having been exchanged on 23 November 1988, the Agreement will enter into force on 1 December 1988, in accordance with Article 16 thereof.

1. Customs duties applicable under the Agreement to imports into the Community of products listed in Annex A to this Protocol and originating in Israel shall be phased out over the same periods and at the same rates as provided in the Act of Accession of Spain and Portugal in respect of imports into the Community as constituted on 31 December 1985 of the same products from Spain or Portugal. This provision shall be applied in accordance with the rules hereinafter set out in this Article.

In the course of this phasing out of customs duties and where the level of customs duties in force for Spanish imports into the Community as constituted on 31 December 1985 differs from that applied to imports originating in Portugal, products originating in Israel shall be subject to the higher of the two rates.

- 2. Where the customs duty on a product listed in Annex A is lower for Israel than for Spain, Portugal or both, phasing out of the duty shall commence once the duty on that product from both Spain and Portugal has fallen below that applied to imports originating in Israel.
- 3. The provisions of paragraphs 1 and 2 shall apply within the limits and in accordance with the special conditions to which the tariff reductions laid down in Articles 9 and 10 of Protocol 1 to the Agreement are subject.

4. Customs duties on imports of products originating in Israel and listed in Annex A in respect of which Community tariff quotas are indicated in the said Annex shall be phased out within the limits of such quotas.

Once the volume of imports of such products exceeds the quotas, the Community shall apply the customs duties prevailing under the Agreement.

5. For the purposes of phasing out customs duties for certain products listed in Annex A and originating in Israel, the reference quantities indicated in the said Annex are hereby established.

Should the volume of imports of one of these products exceed the reference quantity, the Community, having regard to an annual review of trade flows which it shall carry out, may make the product in question subject to a Community tariff quota as provided for in paragraph 4, the volume of which shall be equal to the reference quantity.

6. Should the Community discover, in the light of the annual review of trade flows which it shall carry out, that the volume of imports of a product or products listed in Annex A, other than those referred to in paragraphs 4 and 5, threatens to cause difficulties on the Community market, it may establish a reference quantity as provided for in paragraph 5.

Article 2

1. Customs duties on imports into the Community of products listed in Annex B to this Protocol and originating in Israel shall be phased out in the same way as indicated in Article 1 (1), (4), (5) and (6).

However, once the volume of imports of such products exceeds the Community tariff quotas, within the meaning of Article 1 (4), the Community shall apply the customs duties of the Common Customs Tariff.

2. The phasing out of customs duties for cut flowers and flower buds, fresh, falling within subheading 06.03 A of the Common Customs Tariff, shall be subject to certain conditions agreed by exchange of letters.

Article 3

1. For 1990 and for each successive marketing year, the Community shall decide, on the basis of the statistical review and analysis referred to in paragraph 2, and taking into account factors relevant to the objective of maintaining traditional trade flows in the context of enlargement, whether to adjust the entry price, referred to in Regulation (EEC) No 1035/72, for the following products originating in Israel within the quantitative limits set out below:

Common Customs Tariff heading No	Description	Quantity
08.02 ex A	Oranges, fresh	293 000 tonnes
08.02 ex B	Mandarins (including tangerines and satsumas); clementines, wilkings and other similar citrus hybrids; fresh	14 200 tonnes
08.02 ex C	Lemons, fresh	6 400 tonnes

2. From 1987 onwards and at the end of each marketing year, the Community shall carry out, om the basis of a statistical review, an analysis of the situation for the said products originating in Israel and exported to the Community.

For these same products, from 1989 onwards and for each subsequent year, the Community shall draw up, together with Israel, a forecast of production and deliveries.

3. The possible adjustment provided for in paragraph 1 refers to the sum to be deducted, in respect of customs duty, from the representative prices recorded in the Community for the purpose of calculating the entry price of each of these products, within the limits set out in Article 152 (2) (c) of the Act of Accession of Spain and Portugal.

Article 4

Customs duties on imports into Israel of the products listed below and originating in the Community shall be phased out between 1 January 1990 and 31 December 1995. The necessary arrangements shall be agreed by exchange of letters before 1 January 1990.

The committee shall be chaired alternately by a representative of the Commission of the European Communities and a representative of Israel.

2. It may also decide, where appropriate, upon the submission of reports to the Council by the committee.

Article 6

The Contracting Parties agree that should the entry into force of the Additional Protocol not coincide with the start of the calendar or seasonal year, as the case may be, the quantitative limits referred to in Articles 1, 2 and 3 shall be applied on a *pro rata* basis.

The Contracting Parties further agree that the charging against quantitative limits of Community imports of products originating in Israel which are subject to such limits under the Additional Protocol shall begin on 1 January of each year, except in respect of the following products, for which the dates set out below shall apply:

- 08.02 ex A. Oranges, fresh: 1 July

Joint declaration by the Contracting Parties concerning new potatoes falling within subheading 07.01 A II ex a) of the Common Customs Tariff

To avoid disturbance on the Community market, the Contracting Parties agree to meet within an advisory working party to examine the situation on the potato markets (state of harvests and supply situation) both in the Community importing countries and in the Mediterranean exporting countries. The members of this working party will be designated by the Governments of the main Mediterranean exporting and Community importing countries.

The working party, chaired by the Commission of the European Communities, would meet at least three times a year and in particular before sowing takes place in the exporting countries and at the time of deliveries.

These meetings would enable the main potato-exporting countries to be informed both of the receiving markets and of competing markets, and their purpose would be to draw up indicative export timetables designed to prevent deliveries being concentrated around sensitive periods for the Community market.

Declaration by the representative of the Federal Republic of Germany on the definition of German nationality

Every German person, within the meaning of the basic constitutional law applying in the Federal Republic of Germany, is considered as a national of the Federal Republic of Germany

Declaration by the representative of the Federal Republic of Germany on the application of the Fourth Additional Protocol to Berlin

EXCHANGE OF LETTERS

relating to Article 2 (2) of the Additional Protocol and concerning imports into the Community of fresh cut flowers and flower buds falling within subheading 06.03 A of the Common Customs

Tariff

A. Letter from the Community

	•	Brussels,
Sir ,		•

Article 2 of the Additional Protocol provides for the phasing out of customs duties on imports into the Community of cut flowers and flower buds, fresh, falling within subheading 06.03 A of the Common Customs Tariff and originating in Israel, subject to a limit of 17 000 tonnes.

Israel undertakes to abide by the price levels laid down below for imports into the Community of roses and carnations which qualify for the phasing out of this tariff:

- the price level of imports into the Comunity must be at least equal to 85 % of the Community price level for the same products over the same periods,
- the Israeli price level shall be determined by recording the prices of the imported products, without deduction of import duties, on representative Community import markets,
- the Community price level shall be based on the producer prices recorded on representative markets of the main producer Member States,
- for both Community producer prices and the import prices of Israeli products a distinction shall be made between large-flowered and small-flowered roses and between unifloral and multifloral carnations,
- if, during two successive market days, the Israeli price level for any one type of product and for at least 30% of the quantities imported into the Community for which price quotations are available is below 85% of the Community price level, the tariff preference shall be suspended. The Community shall reinstate the tariff preference when an Israeli price level equal to 85% or more of the Community price level is recorded during two successive market days or after six successive working days on which no price is available for products originating in Israel,
- should the Israeli price level fluctuate around 85% of the Community price level during a period of from five to seven successive market days and fall below that level for three of those days, the tariff preference shall be suspended for a period of six days. However, the Community shall reinstate the preferential customs duty if the Israeli price level is found to be equal to 85% or more of the Community price level on three successive market days.

Israel further undertakes to maintain the traditional breakdown of trade between roses and carnations.

Should the Community market be disturbed by a change in this breakdown, the Community reserves the right to determine the proportions in line with traditional trade patterns. In such cases, an appropriate exchange of views could take place.

I should be grateful if you would kindly inform me whether your government is in agreement with the above.

Please accept, Sir, the assurance of my highest consideration.

In the course of this progressive phasing-out of customs duties and where the level of customs duty in force for

Spanish imports into the Community as constituted on 31 December 1985 differs from that in force for Portugal, products originating in Syria shall be subject to the higher of the two rates.

- 2. Where the customs duty on a product listed in the Annex is lower for Syria than for Spain, Portugal or both, phasing out of the duty shall commence once the duty on the product from both Spain and Portugal has fallen below that applying to imports originating in Syria.
- 3. For the purposes of phasing out customs duties for dried, dehydrated or evaporated vegetables falling within subheading 07.04 A of the Common Customs Tariff originating in Syria, a reference quantity of 700 tonnes is hereby established.

Should the volume of imports of one of these products exceed the reference quantity, the Community, having regard to the annual review of trade flows which it shall carry out, may make the product in question subject to a Community tariff quota, the volume of which shall be equal to the reference quantity. For quantities of the product imported in excess of the quota, the Community shall apply the customs duty prevailing under the Agreement.

4. For the products listed in the Annex, other than that referred to in paragraph 3, the Community may establish a reference quantity, within the meaning and under the terms of this paragraph, if it discovers, in the light of an annual review of trade flows which it shall carry out, that the volume of imports threatens to cause difficulties on the Community market.

Article 2

1. A Trade and Economic Cooperation Committee shall be set up for the purpose of improving the operation of the institutional mechanisms of the Agreement.

The committee shall facilitate:

- the regular exchange of information on trade and production data and forecasts,
- the regular exchange of information on the possibilities for cooperation in areas covered by the Agreement.

The committee shall be chaired alternately by a representative of the Commission of the European Communities and a representative of Syria.

2. The Cooperation Council shall determine as soon as possible the composition of this committee and how it shall

function in accordance with Article 38 (2) of the Agreement. It may also decide, where appropriate, upon the submission of reports to the Council by the committee.

Article 3

The Community and Syria shall, as from 1995, examine the results of the cooperation between the Contracting Parties in order to appraise the situation and the future development of their relations in the light of the objectives defined in the Agreement.

Article 4

This Protocol shall form an integral part of the Cooperation Agreement between the European Economic Community and the Syrian Arab Republic.

Article 5

- 1. This Protocol shall be ratified, accepted or approved by the Contracting Parties in accordance with their own procedure; the Contracting Parties shall notify each other of the completion of the procedures necessary to that end.
- 2. This Protocol shall enter into force on the first day of the month following that in which the notification provided for in paragraph 1 was given.

Article 6

This Protocol shall be drawn up in duplicate in the Danish, Dutch, English, French, German, Greek, Italian, Portuguese, Spanish and Arabic languages, each of these texts being equally authentic.
