COMMISSION REGULATION (EC) No 919/94

of 26 April 1994

laying down detailed rules for the application of Council Regulation (EEC) No 404/93 as regards banana producers' organizations

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 404/93 of 13 February 1993 on the common organization of the market in bananas ⁽¹⁾, as amended by Commission Regulation (EC) No 3518/93 ⁽²⁾, and in particular Article 9 thereof,

Whereas Regulation (EEC) No 404/93 lays down provisions for the setting up of banana producers' organizations; whereas, in order to be recognized, such organizations must satisfy specific conditions; whereas the conditions are designed to provide reasonable assurance that the organization, by virtue of their size, the length of time they have been in operation, their constitution and the way in which they function, will contribute to the improvements sought in the conditions in which bananas are produced and marketed;

Whereas these requirements, which are intended to ensure that producers' organizations have a minimum level of stability and economic activity, particularly as regards the number of members and volume of production, must be determined in the light of the structural diversity of the producer regions in the Community;

Whereas, also for the purpose of stability and effectiveness, it is necessary to specify, first, the means and facilities which producers' organizations must place at the disposal of their members and, secondly, the type of rules which such organizations must adopt and impose on their members in order to achieve the objectives of groups recognized pursuant to Community rules;

Whereas the implementation of the specific measures adopted by the Council, together with those in this Regulation, implies a strict obligation for producers' organizations to transmit detailed information at given intervals to the authorities designed by the Member States, in order to enable the latter to monitor the execution of undertakings made by producers' organizations with a view to recognition; whereas the checks to be carried out by the Member States and the communications for monitoring the application of the abovementioned provisions should be specified;

Whereas it is necessary to specify the provisions which should apply to producer groups which have been recog-

nized pursuant to Regulation (EEC) No 1360/78 of 18 June 1978 on producer groups and associations thereof ⁽³⁾, as last amended by Regulation (EC) No 3669/93 ⁽⁴⁾ and which, under the system set up by the said Regulation, have received aid towards their setting-up and administrative running costs;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Bananas,

HAS ADOPTED THIS REGULATION:

Article 1

Member States shall grant specific recognition, as provided in Article 5 of Regulation (EEC) No 404/93, to producers' organizations and associations thereof, hereinafter referred to as 'producers' organizations', whose economic activity concerns the production and marketing of fresh bananas and which comply with Article 5 of the aforesaid Regulation and the provisions of this Regulation.

Producers' organizations recognized pursuant to Regulation (EEC) No 1360/78 shall be granted specific recognition, as provided in the first paragraph, where the competent authorities find that the constituent instrument and rules of operation of such organizations comply with the provisions referred to in the first paragraph.

Article 2

However, where a production area has shown a fall in production due to exceptional weather conditions during the period referred to in the first sub paragraph, the volume of production in one or more marketing years prior to the exceptional weather may be taken into consideration.

Article 4

The necessary means placed at the disposal of members producers or held by the producers' organization in order to attain the objectives referred to in Article 5 of Regulation (EEC) No 404/93 shall include at least facilities for :

- sorting, sizing and market preparation, with a capacity appropriate to the volume of banana production delivered by members,

Member States may, should they deem it necessary, adopt additional rules concerning the points in Part B of Annex II.

2. The competent authorities shall send to the Commission not later than 1 May each year, and for the first time by 1 May 1995, the list of recognized banana producers' organizations in their territory and the information specified in Part A of Annex II for each producers' organization.

COMMISSION REGULATION (EC) No 920/94

of 26 April 1994

laying down transitional measures for the management of base areas in Scotland

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 1765/92 of 30 June 1992 establishing a support system for producers of certain arable crops ⁽¹⁾, as last amended by Regulation (EC) No 232/94 ⁽²⁾, and in particular Article 16 thereof,

Whereas Article 2 (6) of Regulation (EEC) No 1765/92 provides for a reduction in the area eligible for compensatory payments and special set-aside without compensation where the sum of the areas for which aid is claimed by producers exceeds the regional base area;

Whereas base areas were fixed for the Scottish less favoured areas (LFA) and for other land in Scotland by Commission Regulation (EEC) No 845/93 of 7 April 1993 laying down the regional base areas applicable under the support system for producers of certain arable crops ⁽³⁾, as amended by Regulation (EC) No 3074/93 ⁽⁴⁾; whereas the areas for which aid applications were submitted in the first marketing year for non-LFA land exceed significantly the base area; whereas the base area could continue to be exceeded in the near future until the necessary structural adaptations have been completed in order to better comply with the objectives of the reform;

Whereas, as a result, a solution must be found which will not allow the strictness of the existing legislation to cause the failure of farming enterprises in Scotland but which does not increase the base area which is a key element in the reform of arable farming; whereas a transitional

measure, gradually introducing the penalties provided for in Article 2 (6) of Regulation (EEC) No 1765/92, would appear to be the most appropriate measure in the circumstances; whereas this measure should only be applied for the 1993/94, 1994/95 and 1995/96 marketing years;

Whereas the Joint Management Committee for Cereals, Oils and Fats and Dried Fodder has not delivered an opinion within the time limits set by its chairmen,

HAS ADOPTED THIS REGULATION:

Article 1

Notwithstanding Article 2 (6) of Regulation (EEC) No 1765/92 where the base area for land other than less favoured areas in Scotland is exceeded, 10, 20 and 50 % of the proportionate reduction in the area eligible for compensatory payments and the special set-aside shall be applied in the 1993/94, 1994/95 and 1995/96 marketing years respectively and 100 % from the 1996/97 marketing year.

Article 2

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities*.

It shall apply with effect from the 1993/94 marketing year.

This Regulation shall be binding in its entirety and directly applicable in all Member States.
