COUNCIL REGULATION (EC) No 1415/97

of 22 July 1997

fixing the amounts of aid for flax fibre and hemp and the amount withheld to finance measures to promote the use of flax fibre for the 1997/98 marketing year

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 1308/70 of 29 June 1970 on the common organization of the market in flax and hemp⁽¹⁾, and in particular Articles 2 (3) and 4 (3) thereof,Having regard to the proposal from the Commission⁽²⁾,Having regard to the opinion of the European Parliament⁽³⁾,Having regard to the opinion of the Economic and Social Committee⁽⁴⁾,

Whereas Article 4 of Regulation (EEC) No 1308/70 provides that the amounts of aid for flax grown mainly for fibre and for hemp grown in the Community are to be fixed each year;

Whereas, in accordance with Article 4 (2) of that Regulation, this amount shall be fixed per hectare of area sown and harvested so as to ensure an even balance between the volume of production required in the Community and the amount that can be marketed; whereas it must be fixed, taking into account the price for fibres and flax and hemp seed on the world market;

Whereas, during the last few years, there have been major fluctuations in the price of flax fibre and the areas planted to flax in the Community have increased considerably; whereas, given the proposed reduction in the proportion of the aid withheld to finance Community measures to promote the use of flax fibre, the aid should be reduced accordingly;

Whereas there is an upward trend in the area planted to hemp; whereas, in order to alleviate the impact on budget expenditure, the amount of aid should be adjusted accordingly;

Whereas Article 2 (3) of Regulation (EEC) No 1308/70 provides that the portion of aid for financing Community measures to encourage the use of flax fibre is to be fixed when the aid is fixed for the marketing year in question in accordance with the criteria referred to in the said Article 2 (3); whereas it is to be fixed in the light of trends on the market in flax, the amount of the aid for flax and the cost of the measures to be introduced; whereas account should also be taken of the financing already provided for;

Whereas application of the abovementioned criteria entails fixing the amount of aid and the portion of the aid to be used for financing measures to promote the use of flax fibre at the levels set out below,

HAS ADOPTED THIS REGULATION:

Article 1

For the 1997/98 marketing year, the amounts of aid provided for in Article 4 of Regulation (EEC) No 1308/70 shall be:

- (a) ECU 815,86 per hectare as regards flax;
- (b) ECU 716,63 per hectare as regards hemp.

Article 2

For the 1997/98 marketing year, the amount of the aid for flax to be used to finance the measures to promote the use of flax fibre referred to in Article 2 of Regulation (EEC) No 1308/70 shall be ECU 0,0 per hectare.

*Article 3*This Regulation shall enter into force on the third day following that of its publication in the *Official Journal of the European Communities*.

COUNCIL REGULATION (EC) No 1417/97
of 22 July 1997
amending Regulation (EEC) No 822/87 on the common organization of the
market in wine

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty establishing the European Community, and in particular Article 43 thereof,

Having regard to the proposal from the Commission ⁽¹⁾,

Having regard to the opinion of the European Parliament ⁽²⁾,

Having regard to the opinion of the Economic and Social Committee ⁽³⁾,

Whereas Member States should be permitted to authorize new planting of areas intended for graft nurseries; whereas steps should be taken to avoid this derogation determining an increase in must or wine production;

Whereas, to take account of the special conditions in which table wines are produced in Spain and Portugal, temporary derogations concerning blending of wines in Spain and the total acidity of certain table wines produced in the two Member States concerned should be laid down; whereas the derogation concerning total acidity should also be extended to table wines produced in France and Italy;

Whereas Article 17 (3) of Regulation (EEC) No 822/87 ⁽⁴⁾ provides that one particular form of deacidification is permitted on a transitional basis only; whereas, so that a final decision can be taken during the 1997/98 wine year regarding that technique, the provision in question should be extended for a further wine year;

Whereas the characteristics of Austrian wine growing production and the lack of equipment necessary for carrying out the distillation of by-products of wine-making do not permit this measure to be applied; whereas, under these conditions, compulsory distillation should be replaced for Austria by compulsory withdrawal of the said by-products under supervision;

Whereas, pending Council decisions on reform of the sector and in order to avoid any legal hiatus, the provisions referred to in Article 39 of Regulation (EEC) No 822/87 should be extended for a further wine year;

Whereas Article 46 (4) of Regulation (EEC) No 822/87 provides that campaigns to promote the consumption of grape juice may only be conducted until the 1996/97 wine year; whereas they should be continued for one wine year so that their effectiveness may be assessed;

Whereas Article 65 (5) of Regulation (EEC) No 822/87 provides that, during the 1996/97 wine year, the Commission is to submit to the Council a report on maximum sulphur dioxide levels in wine and any proposals arising therefrom; whereas the significance for the sector of the sulphur dioxide problem calls for proposals taking account in particular of the work of the International Vine and Wine Office (IWO); whereas that time limit must therefore be deferred by one wine year;

Whereas, with regard to wine growing potential, any replanting of vines is subject to arrangements for replanting rights; whereas a certain number of operators hold rights which are expiring during the 1996/97 and 1997/98 wine years; whereas, taking into account the market situation in the wine sector, the validity of the said replanting rights should, pending Council decisions on reform of the sector, be extended until 1 January 1999,

HAS ADOPTED THIS REGULATION:

Article 1

Regulation (EEC) No 822/87 is hereby amended as follows:

1. in Article 6 (2), the following indent shall be added after the first indent:

‘— the areas intended for graft nurseries, grapes coming from these vines may not be harvested or, if they are harvested, they must be destroyed; Member States shall adopt the measures necessary to guarantee the application of that provision;’

2. in the third subparagraph of Article 16 (5), ‘between 1 January 1996 and 31 August 1997’ shall be replaced by ‘between 1 September 1997 and 31 August 1998’;

5. in Article 39:
 - (a) in the third subparagraph of paragraph 3, 'until the end of the 1996/97 wine year' shall be replaced by 'until the end of the 1997/98 wine year';

Whereas, if these objectives are to be achieved, it is of prime importance that the gap between production and demand should not be opened further; whereas, to that end, the guide prices for the 1997/98 wine year should be set at the same levels as the previous year;

Whereas the guide prices, as defined in Annex III to Regulation (EEC) No 822/87, must be fixed for each type of table wine representative of Community production,

HAS ADOPTED THIS REGULATION:

Article 1

Whereas Articles 11 and 16 of Regulation (EEC) No 2332/92 ⁽⁴⁾ and Article 6 (2) of Regulation (EEC) No 4252/88 ⁽⁵⁾ fix the maximum sulphur dioxide content of sparkling wines and of liqueur wines; whereas those Articles provide for the presentation by 1 April 1997 of a report from the Commission to the Council on those contents, together, where appropriate, with proposals; whereas the measures proposed should be consistent with others that the Commission is required to draft; whereas the abovementioned deadline should therefore be postponed; whereas the same is true for the deadlines provided for in Article 4 (2) of Regulation (EEC) No 4252/88,

COUNCIL REGULATION (EC) No 1421/97
of 22 July 1997
fixing the amounts of aid for seeds for the 1998/99 and 1999/2000 marketing
years

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 2358/71 of 26 October 1971 on the common organization of the market in seeds ⁽¹⁾, and in particular Article 3 (3) thereof,

Having regard to the proposal from the Commission ⁽²⁾,

Having regard to the Opinion of the European Parliament ⁽³⁾,

Having regard to the Opinion of the Economic and Social Committee ⁽⁴⁾,

Whereas the present situation and the outlook on the Community market for seeds listed in the Annex to Regulation (EEC) No 2358/81 that will be sold during the 1998/99 and 1999/2000 marketing years do not offer the assurance of a fair return to producers; whereas part of their costs should therefore be met by the granting of aid;

Whereas Article 3 (2) of Regulation (EEC) No 2358/71 provides that the aid shall be fixed, taking into account,

on the one hand, the need to ensure a balance between the volume of production required in the Community and the possible outlets for that production and, on the other hand, the prices of the products on external markets;

Whereas the application of these provisions results in the fixing of the amounts of aid applicable for the 1998/99 and 1999/2000 marketing years at the levels set out in the Annex hereto,

HAS ADOPTED THIS REGULATION:

Article 1

For the 1998/99 and 1999/2000 marketing years the amounts of the aid granted for seeds referred to in Article 3 of Regulation (EEC) No 2358/71 shall be as set out in the Annex hereto.

COUNCIL REGULATION (EC) No 1422/97

of 22 July 1997

amending Regulation (EEC) No 1765/92 establishing a support system for producers of certain arable crops

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty establishing the European Community, and in particular Articles 42 and 43 thereof,

Having regard to the proposal from the Commission ⁽¹⁾,

Having regard to the opinion of the European Parliament ⁽²⁾,

Whereas the support system for producers of certain arable crops introduced by Regulation (EEC) No 1765/92 ⁽³⁾ provides that when the sum of the individual areas for which aid is claimed is in excess of the regional base area, two types of measures are to be applied, one in the form of a reduction in eligible area, the other in the form of extraordinary set-aside; whereas Regulation (EEC) No 1765/92 also provides that where exceptional climatic conditions have caused a reduction in yields and an overshoot of the regional base area, the producers concerned may be exempted from extraordinary set-aside; whereas severe climatic conditions have adverse financial consequences for the producers in the affected regions; whereas it is thus justified to broaden the scope of the exemption possible to include the reduction in eligible area provided that the budgetary situation allows it; whereas severe climatic conditions were noted in certain regions of the Community in 1995; whereas the exemption from one or both measures under such conditions should apply already from 1995 onwards;

Whereas Member States may apply one or more national base areas; whereas, in such a case, the measures to be applied in the case of a possible overshoot of the base area are currently applied on a national basis; whereas it is considered appropriate that the Member States which choose this option should be able to divide each national base area into sub-base areas of a minimum size or into individual sub-base areas; whereas the minimum size of such sub-base areas should be laid down; whereas, when a national base area has been exceeded, the Member State concerned should be allowed to concentrate the application of the measures totally or partially on those areas for which the overshoot has been noted; whereas the Member States should be required to notify the Commission and

producers, in due time, of the exercise of this option and how they intend to apply the measures;

Whereas the conditions under which durum wheat is grown in Pannonia entitle that region to be designated as a traditional production area; whereas, for that reason, the production of durum wheat in that area, which currently receives reduced aid, is henceforth eligible for the supplement to compensatory payments;

Whereas Regulation (EEC) No 1765/92 should be amended accordingly,

HAS ADOPTED THIS REGULATION:

Article 1

Regulation (EEC) No 1765/92 is hereby amended as follows:

1. Article 2 (6) shall be replaced by the following:

'6. In the case of a regional base area, when the sum of the individual areas for which aid is claimed under the arable producers' scheme, including the set-aside provided for under that scheme and land counted as being set-aside pursuant to Article 7 (2), is in excess of the regional base area, the following measures will be applied in the region in question:

- during the same marketing year, the eligible area per farmer will be reduced proportionately for all the aids granted under this Title,
- in the following marketing year, producers in the general scheme will be required to make, without compensation, an extraordinary set-aside. The percentage rate for extraordinary set-aside shall be equal to the percentage by which the regional base area has been exceeded, established by deducting 85 % of the area set aside under voluntary set-aside in accordance with Article 7 (6). This shall be additional to the set-aside requirement given in Article 7. However, if the excess in the regional base area leads to a level of extraordinary set-aside of less than 1 % being applied in respect of the 1996 harvest, the extraordinary set-aside shall not be applied.

⁽¹⁾ OJ No C 243, 22. 8. 1996, p. 3.

⁽²⁾ OJ No C 20, 20. 1. 1997, p. 401.

⁽³⁾ OJ No L 181, 1. 7. 1992, p. 12. Regulation as last amended by Regulation (EC) No 922/97 (OJ No L 133, 24. 5. 1997, p. 1).

Areas which are the subject of extraordinary set-aside in accordance with the second indent of the preceding subparagraph shall not be taken into account in applying this paragraph.

Should exceptional climatic conditions have affected production in a marketing year in which it is found that the regional base area has been exceeded, and should those conditions have had the effect of lowering yields to a level considerably below the normal and of causing the excess in question, then, provided that the budgetary situation so allows, the Commission may, pursuant to the procedure laid down in Article 23 of Council Regulation (EEC) No 1766/92 of 30 June 1992 on the common organization of the market in cereals (*), totally or partially exempt producers in the regions affected from one or both measures applicable under this paragraph.

(* OJ No L 181, 1. 7. 1992, p. 21. Regulation as last amended by Regulation (EC) No 923/96 (OJ No L 126, 24. 5. 1996, p. 37).

2. The following paragraph shall be added to Article 2:

Whereas Commission Regulation (EC) No 1464/96 of 25 July 1996 on a standing invitation to tender to determine levies and/or refunds on exports of white sugar ⁽³⁾, requires partial invitations to tender to be issued for the export of this sugar;

Whereas, pursuant to Article 9 (1) of Regulation (EC) No 1464/96 a maximum export refund shall be fixed, as the case may be, account being taken in particular of the state and foreseeable development of the Community and world markets in sugar, for the partial invitation to tender in question;

COMMISSION REGULATION (EC) No 1424/97

of 23 July 1997

fixing the export refunds on white sugar and raw sugar exported in its unaltered state

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 1785/81 of 1 June 1981 on the common organization of the markets in the sugar sector⁽¹⁾, as last amended by Regulation (EC) No 1599/96⁽²⁾, and in particular point (a) of the first subparagraph of Article 19 (4) thereof,

Whereas Article 19 of Regulation (EEC) No 1785/81 provides that the difference between quotations or prices on the world market for the products listed in Article 1 (1) (a) of that Regulation and prices for those products within the Community may be covered by an export refund;

Whereas Regulation (EEC) No 1785/81 provides that when refunds on white and raw sugar, undenatured and exported in its unaltered state, are being fixed account must be taken of the situation on the Community and world markets in sugar and in particular of the price and cost factors set out in Article 17a of that Regulation; whereas the same Article provides that the economic aspect of the proposed exports should also be taken into account;

Whereas the refund on raw sugar must be fixed in respect of the standard quality; whereas the latter is defined in Article 1 of Council Regulation (EEC) No 431/68 of 9 April 1968 determining the standard quality for raw sugar and fixing the Community frontier crossing point for calculating cif prices for sugar⁽³⁾, as amended by Regulation (EC) No 3290/94⁽⁴⁾; whereas, furthermore, this refund should be fixed in accordance with Article 17a (4) of Regulation (EEC) No 1785/81; whereas candy sugar is defined in Commission Regulation (EC) No 2135/95 of 7 September 1995 laying down detailed rules of application for the grant of export refunds in the sugar sector⁽⁵⁾; whereas the refund thus calculated for sugar containing added flavouring or colouring matter must apply to their sucrose content and, accordingly, be fixed per 1 % of the said content;

Whereas the world market situation or the specific requirements of certain markets may make it necessary to vary the refund for sugar according to destination;

Whereas, in special cases, the amount of the refund may be fixed by other legal instruments;

Whereas the representative market rates defined in Article 1 of Council Regulation (EEC) No 3813/92⁽⁶⁾, as last amended by Regulation (EC) No 150/95⁽⁷⁾, are used to convert amounts expressed in third country currencies and are used as the basis for determining the agricultural conversion rates of the Member States' currencies; whereas detailed rules on the application and determination of these conversions were set by Commission Regulation (EEC) No 1068/93⁽⁸⁾, as last amended by Regulation (EC) No 1482/96⁽⁹⁾;

Whereas the refund must be fixed every two weeks; whereas it may be altered in the intervening period;

Whereas it follows from applying the rules set out above to the present situation on the market in sugar and in particular to quotations or prices for sugar within the Community and on the world market that the refund should be as set out in the Annex hereto;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Sugar,

HAS ADOPTED THIS REGULATION:

Article 1

The export refunds on the products listed in Article 1 (1) (a) of Regulation (EEC) No 1785/81, undenatured and exported in the natural state, are hereby fixed to the amounts shown in the Annex hereto.

COMMISSION REGULATION (EC) No 1425/97

of 23 July 1997

fixing the representative prices and the additional import duties for molasses in the sugar sector

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 1785/81 of 30 June 1981 on the common organization of the market in sugar⁽¹⁾, as last amended by Regulation (EC) No 1599/96⁽²⁾,

Having regard to Commission Regulation (EC) No 1422/95 of 23 June 1995 laying down detailed rules of application for imports of molasses in the sugar sector and amending Regulation (EEC) No 785/68⁽³⁾, and in particular Articles 1 (2) and 3 (1) thereof,

Whereas Regulation (EC) No 1422/95 stipulates that the cif import price for molasses, hereinafter referred to as the 'representative price', should be set in accordance with Commission Regulation (EEC) No 785/68⁽⁴⁾; whereas that price should be fixed for the standard quality defined in Article 1 of the above Regulation;

Whereas the representative price for molasses is calculated at the frontier crossing point into the Community, in this case Amsterdam; whereas that price must be based on the most favourable purchasing opportunities on the world market established on the basis of the quotations or prices on that market adjusted for any deviations from the standard quality; whereas the standard quality for molasses is defined in Regulation (EEC) No 785/68;

Whereas, when the most favourable purchasing opportunities on the world market are being established, account must be taken of all available information on offers on the world market, on the prices recorded on important third-country markets and on sales concluded in international trade of which the Commission is aware, either directly or through the Member States; whereas, under Article 7 of Regulation (EEC) No 785/68, the Commission may for this purpose take an average of several prices as a basis, provided that this average is representative of actual market trends;

Whereas the information must be disregarded if the goods concerned are not of sound and fair marketable quality or if the price quoted in the offer relates only to a small

quantity that is not representative of the market; whereas offer prices which can be regarded as not representative of actual market trends must also be disregarded;

Whereas, if information on molasses of the standard quality is to be comparable, prices must, depending on the quality of the molasses offered, be increased or reduced in the light of the results achieved by applying Article 6 of Regulation (EEC) No 785/68;

Whereas a representative price may be left unchanged by way of exception for a limited period if the offer price which served as a basis for the previous calculation of the representative price is not available to the Commission and if the offer prices which are available and which appear not to be sufficiently representative of actual market trends would entail sudden and considerable changes in the representative price;

Whereas where there is a difference between the trigger price for the product in question and the representative price, additional import duties should be fixed under the conditions set out in Article 3 of Regulation (EC) No 1422/95; whereas should the import duties be suspended pursuant to Article 5 of Regulation (EC) No 1422/95, specific amounts for these duties should be fixed;

Whereas application of these provisions will have the effect of fixing the representative prices and the additional import duties for the products in question as set out in the Annex to this Regulation;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Sugar,

HAS ADOPTED THIS REGULATION:

Article 1

The representative prices and the additional duties applying to imports of the products referred to in Article 1 of Regulation (EC) No 1422/95 are fixed in the Annex hereto.

Article 2

This Regulation shall enter into force on 24 July 1997.

COMMISSION REGULATION (EC) No 1427/97
of 23 July 1997

amending Regulation (EEC) No 2454/93 laying down provisions for the implementation of Council Regulation (EEC) No 2913/92 establishing the Community Customs Code

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 2913/92 of 12 October 1992 establishing the Community Customs Code⁽¹⁾, as last amended by Regulation (EC) No 82/97 of the European Parliament and of the Council⁽²⁾, and in particular Article 249 thereof,

Whereas application of the measures referred to in Article 20 (3) (d), (e) and (f) of Regulation (EEC) No 2913/92 (hereinafter referred to as 'the Code'), may be restricted to a certain volume of imports by reason of the existence of tariff quotas or tariff ceilings;

Whereas, since 1988, the Council has systematically delegated to the Commission the responsibility for managing tariff quotas on a first-come first-served basis and for the surveillance of imports within the framework of preferential tariff measures; whereas the general principles and rules of this management should be codified in the interests of stability and transparency, and with a view to greater efficiency in their operation; whereas the availability of those tariff quotas is limited to goods declared for release for free circulation between the opening date and the closing date of the relevant tariff quota;

Whereas the management rules for these tariff quotas must ensure the uniform and fair treatment of all importers throughout the Community; whereas, accordingly, all Community importers should be ensured equal and continuous access to those tariff quotas until exhaustion thereof, and allocations should be made once per working day, except where technical conditions make that impossible;

Whereas the lodging of security for the import duties potentially not payable as a result of a drawing on a tariff quota, in cases where there is no reason to suppose that the tariff quota will be very shortly exhausted, creates an unnecessary burden for economic operators; whereas in the interests of uniform treatment, Member States may refrain from taking security for import duties in cases where it is determined that a particular tariff quota will not very shortly be exhausted;

Whereas the details of individual commercial transactions should be protected by rules of confidentiality;

Whereas the management of tariff quotas and preferential surveillance requires a high degree of administrative cooperation between the Commission and the customs authorities of the Member States;

Whereas provision should be made for invalidating the declaration of release for free circulation for mail order goods returned by a customer to a third country;

Whereas it is convenient and useful to allow the application, by means of a stamp, of the pictogram identifying consignments transported by rail under the Community transit procedure;

Whereas the existence of the Single Market implies making appropriate use of the special facilities required for the loading and unloading of large containers;

Whereas in order to allow for a more coherent publication of the list of free zones in existence and in operation within the Community, it is appropriate to make such publication in the C series of the *Official Journal of the European Communities*;

Whereas Article 859 of Commission Regulation (EEC) No 2454/93⁽³⁾, as last amended by Regulation (EC) No 89/97⁽⁴⁾, contains a restrictive list of cases having no significant effect, in which no customs debt is incurred even if one of the situations referred to in Article 204 (1) (a) or (b) of the Code pertains; whereas the following cases should be added to that list: goods re-imported after outward processing and placed in temporary storage or under a suspensive customs procedure before being released for free circulation and goods which have undergone an inward processing operation where the renewal of the authorization was not requested in time;

Whereas it is appropriate, in order to facilitate trade activities, in certain limited cases, not to require re-export of goods for which a repayment or a remission of import duties is granted and to permit their placing under the customs warehousing arrangements, or in a free zone or free warehouse;

⁽¹⁾ OJ No L 302, 19. 10. 1992, p. 1.

⁽²⁾ OJ No L 17, 21. 1. 1997, p. 1.

⁽³⁾ OJ No L 253, 11. 10. 1993, p. 1.

⁽⁴⁾ OJ No L 17, 21. 1. 1997, p. 28.

Whereas the list of standard rates of yield applicable to inward processing of olive oil should be amended to facilitate uniform application throughout the Community and simplify discharge of the procedure;

Whereas it is desirable to define more clearly the conditions in which equivalent compensation may be used for inward processing operations in the maize sector in order to avoid distortions within the sector;

Whereas the list in Annex 78 to Regulation (EEC) No 2454/93 should be expanded in order to define in greater detail the instances and conditions in which equivalent compensation may be used for inward processing operations in the olive oil sector;

Whereas the list of compensating products to which specific duties may apply should be extended;

Whereas it is desirable to extend the list in Annex 87 to that Regulation on economic grounds;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Customs Code Committee,

HAS ADOPTED THIS REGULATION:

Article 1

Regulation (EEC) No 2454/93 is hereby amended as follows:

1. the following paragraph 4 shall be added to Article 248:

'4. Notwithstanding paragraph 1, the customs authorities may refrain from taking security in respect of goods which are the subject of a drawing request on a tariff quota if they determine, at the time when the declaration for release for free circulation is accepted, that the tariff quota in question is non-critical within the meaning of Article 308c.'

2. the following point 1b shall be added to Article 251:

'1b. in the case of mail order goods which are returned, the customs authorities shall invalidate the declarations of release for free circulation if a request to that effect is made within three months of the date of acceptance of the declaration, provided that the goods have been exported to the original supplier's address or to another address indicated by the said supplier.'

3. Article 256 (2) shall be replaced by the following text:

'2. Where a reduced or zero rate of import duty is applicable to goods released for free circulation within tariff quotas or, provided that the levying of normal import duties is not re-introduced, within tariff ceilings or other preferential tariff measures, the

benefit of the tariff quota or preferential tariff measure shall only be granted after presentation to the customs authorities of the document on which the granting of the reduced or zero rate is conditional. The document must in any case be presented:

- before the tariff quota has been exhausted, or
- in other cases, before the date on which a Community measure re-introduces the levying of normal import duties.'

4. the following Chapter 3 shall be added to Part II, Title I:

CHAPTER 3

Management of tariff measures

Section 1

Management of tariff quotas designed to be used following the chronological order of dates of customs declarations

Article 308a

1. Save as otherwise provided, where tariff quotas are opened by a Community provision, those tariff quotas shall be managed in accordance with the chronological order of dates of acceptance of declarations for release for free circulation.
2. Where a declaration for release for free circulation incorporating a valid request by the declarant to benefit from a tariff quota is accepted, the Member State concerned shall draw from the tariff quota, through the Commission, a quantity corresponding to its needs.
3. Member States shall not present any request for drawing until the conditions laid down in Article 256 (2) and (3) are satisfied.
4. Subject to paragraph 8, allocations shall be granted by the Commission on the basis of the date of acceptance of the relevant declaration for release for free circulation, and to the extent that the balance of the relevant tariff quota so permits. Priority shall be established in accordance with the chronological order of these dates.
5. The Member States shall communicate to the Commission all valid requests for drawing without delay. Those communications shall include the date referred to in paragraph 4, and the exact amount applied for on the relevant customs declaration.
6. For the purposes of paragraphs 4 and 5, the Commission shall fix order numbers where none are provided by the Community provision opening the tariff quota.

7. If the quantities requested for drawing from a tariff quota are greater than the balance available, allocation shall be made on a pro rata basis with respect to the requested quantities.

8. For the purposes of this Article, acceptance of a declaration by the customs authorities on 1, 2 or 3 January shall be regarded as acceptance on 3 January. However, if one of those days falls on a Saturday or a Sunday, such acceptance shall be regarded as having taken place on 4 January.

9. Where a new tariff quota is opened, drawings shall not be granted by the Commission before the 11th working day following the date of publication of the provision which created that tariff quota.

10. Member States shall immediately return to the Commission the amount of drawings which they do not use. However, where an erroneous drawing representing a customs debt of ECU 10 or less is discovered after the first month following the end of the period of validity of the tariff quota concerned, Member States need not make a return.

11. If the customs authorities invalidate a declaration for release for free circulation in respect of goods which are the subject of a request for benefit of a tariff quota, the complete request shall be cancelled in respect of those goods. The Member States concerned shall immediately return to the Commission any quantity drawn, in respect of those goods, from the tariff quota.

12. Details of drawings requested by individual Member States shall be treated by the Commission and other Member States as confidential.

Article 308b

1. The Commission shall make an allocation each working day, except:

- days which are holidays for the Community institutions in Brussels, or
- in exceptional circumstances, any other day, provided that the competent authorities of the Member States have been informed in advance.

2. Subject to Article 308a (8), any allocation shall take into account all unanswered requests which relate to declarations for release for free circulation accepted up to and including the second previous day, and which have been communicated to the Commission.

Article 308c

1. A tariff quota shall be considered, after the first allocation, as non-critical in cases where:

- a tariff quota for the same products and origins, opened in each of the last two years for a minimum period of six months, was not exhausted before the last working day of the seventh month of its quota period during those two years, and
- the initial volume of the new tariff quota is not less than each of those of the last two years.

2. As soon as 75 % of the initial volume of a non-critical tariff quota has been used, or at the discretion of the competent authorities, that tariff quota shall thereafter be considered as critical.

Section 2

Surveillance of preferential imports

Article 308d

1. Where Community surveillance of preferential imports is to be made, the Member States shall provide to the Commission once each month, or at more frequent intervals if requested by the Commission, details of the quantities of products put into free circulation with the benefit of preferential tariff arrangements during the previous months.

2. The surveillance reports of the Member States shall indicate the total quantities put into free circulation, since the first day of the period concerned, with the benefit of the preferential tariff arrangements.

3. The Member States shall transmit their monthly surveillance reports to the Commission no later than the 15th day of the month following the end of the period being reported on.

4. The information communicated by individual Member States shall be treated as confidential;

5. the following paragraph shall be added to Article 417:

'The label referred to in the first paragraph may be replaced by a stamp reproducing the pictogram shown in Annex 58 in green ink.'

6. Article 426 shall be replaced by the following text:

Article 426

Where the Community transit procedure is applicable, formalities under that procedure shall be simplified in accordance with Articles 427 to 442 for goods carried by the railway companies in large containers using transport undertakings as intermediaries, under cover of transfer notes referred to as "TR

transfer notes". Such operations may include the dispatch of consignments by transport undertakings using modes of transport other than rail, to the nearest suitable railway station to the point of loading and from the nearest suitable railway station to the point of unloading, and any transport by sea in the course of the movement between those two stations.;

7. the following point 5 shall be added to Article 427:

'5. "nearest suitable railway station" means a railway station or terminal nearest to the point of loading or unloading, which is equipped to handle the large containers defined in point 2.;

8. the following paragraph shall be added to Article 432:

'The label referred to in the first paragraph may be replaced by a stamp reproducing the pictogram shown in Annex 58 in green ink.;

9. the second paragraph of Article 801 shall be deleted;

10. Article 840 (1) (a) shall be replaced by the following text:

'(a) the free zones in existence and in operation in the Community.;

11. the following points 8 and 9 shall be added to Article 859:

'8. in the case of goods eligible on release for free circulation for the total or partial relief from import duties referred to in Article 145 of the Code, the existence of one of the situations referred to in Article 204 (1) (a) or (b) of the Code while the goods concerned are in temporary storage or under another customs procedure before being released for free circulation;

9. in the case of inward processing operations carried out on an ongoing basis, the failure to request renewal of the requisite authorization even though the conditions for its issue have been met.;

12. Article 900 shall be amended as follows:

(a) in paragraph 2, the following subparagraph is inserted between the second and subparagraphs:

'However, concerning the cases referred to in paragraph 1 (g), (i) and (l), the decision-making authority may, if requested, permit re-export of the goods to be replaced by placing them under the customs warehousing arrangements, or in a free zone or free warehouse.;

(b) in paragraph 3, 'and (i)' is deleted;

13. Annex 77 shall be amended in accordance with Annex I hereto;

COMMISSION REGULATION (EC) No 1428/97

of 23 July 1997

amending Regulation (EEC) No 2037/93 laying down detailed rules of application of Council Regulation (EEC) No 2081/92 on the protection of geographical indications and designations of origin for agricultural products and foodstuffs

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 2081/92 of 14 July 1992 on the protection of geographical indications and designations of origin for agricultural products and foodstuffs⁽¹⁾, as last amended by Commission Regulation (EC) No 1068/97⁽²⁾, and in particular Article 16 thereof,

Whereas Article 5 of Commission Regulation (EEC) No 2037/93 of 27 July 1993 laying down detailed rules of application of Council Regulation (EEC) No 2081/92 on the protection of geographical indications and designations of origin for agricultural products and foodstuffs⁽³⁾ provides for measures to inform the public of the meaning of 'PDO', 'PGI', 'protected designation of origin' and 'protected geographical indication' in the Community languages; whereas the adoption and application of these measures, notably by implementing a Community information campaign directed at Community producers, distributors and consumers, has shown the usefulness and effectiveness in particular of a Community symbol for communicating the desired message;

Whereas this Community symbol would thus be the best way of informing consumers of the existence of the PDOs and PGIs, and of encouraging producers to use the Community scheme and distributors to market the products in question; whereas this falls within the objectives laid down by Regulation (EEC) No 2081/92 and would respond to the expectations of the Member States and economic operators;

Whereas a Community symbol should therefore be created for which the names registered under Regulation (EEC) No 2081/92 would qualify; whereas this symbol may appear only on the agricultural products and foodstuffs that comply with that Regulation and are authorized to bear the expressions or abbreviations 'PDO', 'PGI', 'protected designation of origin', 'protected geographical indication' or the equivalent national traditional expressions; whereas these can be used without the symbol;

Whereas, given the positive and useful impact of the information measures introduced to disseminate awareness of Regulation (EEC) No 2081/92 and the abbreviations and expressions provided for by it, the time limit laid down in Regulation (EEC) No 2037/93 should be extended by four years so that their effectiveness may be prolonged and increased;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Regulatory Committee on Geographical Indications and Designations of Origin,

HAS ADOPTED THIS REGULATION:

Article 1

Regulation (EEC) No 2037/93 is hereby amended as follows:

1. The following paragraph is added to Article 5:

"The five-year time limit provided for in the preceding paragraph is hereby extended by four years. The information measures implemented shall be evaluated."

2. The following Article 5a is inserted:

Article 5a

1. The names registered as protected designations of origin (PDOs) or protected geographical indications (PGIs) may be accompanied by a Community symbol to be determined in accordance with the procedure laid down in Article 15 of Regulation (EEC) No 2081/92.

2. The Community symbol may appear only on products which comply with Regulation (EEC) No 2081/92.

3. "PDO", "PGI", "protected designation of origin", "protected geographical indication" and the equivalent national traditional expressions may be used without the Community symbol."

of 23 July 1997

amending Regulation (EC) No 832/97 laying down detailed rules for the application of Council Regulation (EC) No 2275/96 introducing specific measures for live plants and floricultural products

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EC) No 2275/96 of 22 November 1996 introducing specific measures for live plants and floricultural products⁽¹⁾, and in particular Article 5 thereof,

Whereas Article 2 (3) of Commission Regulation (EC) No 832/97⁽²⁾, as amended by Regulation (EC) No 931/97⁽³⁾, provides that measures receiving other national or regional assistance shall not be eligible; whereas it was not intended that this provision should exclude the use in the framework of measures referred to in Regulation (EC) No 832/97 of funds deriving from compulsory charges on operators in the sector of live plants and floricultural products in respect of products obtained entirely in the Member State concerned; whereas in order to dispel uncertainty on this point, it is desirable to amend the provision;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Live Plants,

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 23 July 1997.

HAS ADOPTED THIS REGULATION:

Article 1

The following sentence is added to the first indent of Article 2 (3) of Regulation (EC) No 832/97:

‘The use of funds deriving from compulsory charges on operators in the sector of live plants and floricultural products in respect of products obtained entirely in the Member State concerned shall not be deemed to constitute national or regional assistance.’

COMMISSION REGULATION (EC) No 1430/97

of 23 July 1997

amending Regulation (EC) No 1588/94 laying down detailed rules for the application to milk and milk products of the arrangements provided for in the Europe Agreements between the Community of the one part and Bulgaria and Romania of the other part

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EC) No 3383/94 of 19 December 1994 on certain procedures for applying the Europe Agreement establishing an association between the European Communities and their Member States, of the one part, and the Republic of Bulgaria, of the other part⁽¹⁾, and in particular Article 1 thereof,

Having regard to Council Regulation (EC) No 3382/94 of 19 December 1994 on certain procedures for applying the Europe Agreement establishing an association between the European Communities and their Member States, of the one part, and Romania, of the other part⁽²⁾, and in particular Article 1 thereof,

Having regard to Council Regulation (EC) No 3066/95 of 22 December 1995 establishing certain concessions in the form of Community tariff quotas for certain agricultural products and providing for the adjustment, as an autonomous and transitional measure, of certain agricultural concessions provided for in the Europe Agreements to take account of the Agreement on Agriculture concluded during the Uruguay Round Multilateral Trade Negotiations⁽³⁾, as last amended by Regulation (EC) No 2490/96⁽⁴⁾, and in particular Article 8 thereof,

Whereas Article 4 (1) of Commission Regulation (EC) No 1588/94⁽⁵⁾, as last amended by Regulation (EC) No 1117/97⁽⁶⁾, stipulates that licence applications for the three months from 1 July to 30 September 1997 may only be lodged during a ten-day period starting 15 July;

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 23 July 1997.

Whereas, in order to permit the application from 1 July 1997 of the results of the negotiations on the Additional Protocols to the Europe Agreements as regards the agricultural sector, in anticipation of the entry into force of the Additional Protocols themselves, Regulation (EC) No 3066/95 should be amended; whereas it was not possible for the Council to decide on the proposed amendment before 1 July 1997; whereas, therefore, because of the exceptional circumstances and in order to guarantee proper administration of the arrangements, the period for the lodging of licence applications for the third quarter of 1997 should be put back by 15 additional days;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Milk and Milk Products,

HAS ADOPTED THIS REGULATION:

Article 1

In Article 4 (1) of Regulation (EC) No 1588/94, the last subparagraph is replaced by the following:

'However, for the three months from 1 July to 30 September 1997, licence applications may only be lodged during a period of 10 days commencing on 1 August'.

COMMISSION REGULATION (EC) No 1431/97
of 23 July 1997

amending Regulation (EEC) No 2245/90 laying down detailed rules for the application of the import arrangements applicable to products falling within CN codes 0714 10 91 and 0714 90 11 and originating in the African, Caribbean and Pacific (ACP) States or in the overseas countries and territories (OCT)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EC) No 3290/94 of 22 December 1994 on the adjustments and transitional arrangements required in the agricultural sector in order to implement the agreements concluded during the Uruguay Round of multilateral trade negotiations⁽¹⁾, as last amended by Regulation (EC) No 1161/97⁽²⁾, and in particular Article 3 (1) thereof,

Whereas Commission Regulation (EEC) No 2245/90⁽³⁾, as last amended by Regulation (EC) No 1313/96⁽⁴⁾, lays down transitional measures, applicable until 30 June 1997, to facilitate the transition to the arrangements for importing cereal substitute products and processed cereal and rice products as provided for in Regulation (EEC) No 2245/90 with a view to the implementation of the Agreement on agriculture concluded during the Uruguay Round of multilateral trade negotiations;

Whereas the period for taking the transitional measures was extended to 30 June 1998 by Regulation (EC) No 1161/97 extending the period for implementing the agreements concluded under the Uruguay Round of multilateral trade negotiations; whereas, pending the adoption by the Council of a definitive measure, the aforementioned measures should be extended until 30 June 1998;

Whereas in order to take account of the existing import arrangements in the cereals sector and those resulting from the Agreement on agriculture concluded during the Uruguay Round of multilateral trade negotiations, transitional measures are necessary to adjust the preferential concessions in the form of exemption for the import levy on certain products covered by CN codes 0714 10 91 and 0714 90 11 originating in the ACP States and the OCT;

Whereas Regulation (EEC) No 2245/90 laying down detailed rules for the application of the import arrangements applicable to products falling within CN codes

0714 10 91 and 0714 90 11 and originating in the African, Caribbean and Pacific States or in overseas countries and territories lays down detailed rules for the application of those arrangements as they concern preferential conditions in the form of exemption from the import levy for products covered by CN codes 0714 10 91 and 0714 90 11; whereas, since the levies are being replaced by customs duties and the advance fixing of the import charge is being suspended from 1 July 1995, it is necessary to make transitional adjustments to those provisions from that date;

Whereas the rates of the customs duties under the Common Customs Tariff shall be those applicable on the date of the declaration for release of the imported goods for free circulation;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Cereals,

HAS ADOPTED THIS REGULATION:

COMMISSION REGULATION (EC) No 1432/97

of 23 July 1997

amending Regulation (EC) No 3582/93 on detailed rules for the application of Council Regulation (EEC) No 2073/92 on promoting consumption in the Community and expanding the markets for milk and milk products

THE COMMISSION OF THE EUROPEAN COMMUNITIES,
Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 2073/92 on promoting consumption in the Community and expanding the markets for milk and milk products ⁽¹⁾, and in particular Article 4 thereof,

Whereas Article 6 (2) of Commission Regulation (EC) No 3582/93 of 21 December 1993 on detailed rules for the application of Council Regulation (EEC) No 2073/92 on promoting consumption in the Community and expanding the markets for milk and milk products ⁽²⁾, as last amended by Regulation (EC) No 1312/97 ⁽³⁾, provides that the competent bodies shall conclude contracts for the selected measures with the successful applicants within one month of notification of the decision to the Member State; whereas this time limit expired on 27 June 1997 for the marketing year 1996/1997; whereas administrative problems of an exceptional nature relating to the internal structure of the successful German applicant have precluded the conclusion of such a contract within the deadline for the marketing year 1996/1997;

Whereas, as a result, a deadline of 27 July 1997 for the conclusion of the contract should be set for the marketing year 1996/1997 in the case of Germany; whereas the delay

in the conclusion of the contract will not necessitate a prolongation in the period for the accomplishment of the measures beyond the date that would otherwise have been applicable;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Milk and Milk Products,

HAS ADOPTED THIS REGULATION:

Article 1

The second subparagraph to Article 6 (2) of Regulation (EC) No 3582/93 is replaced by the following text:

'However, for the marketing year 1996/1997, in the case of Germany, the contracts for the selected measures with the successful applicants shall be concluded before 27 July 1997'.

Article 2

This Regulation shall enter into force on the day following its publication in the *Official Journal of the European Communities*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

(Text with EEA relevance)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 404/93 of 13 February 1993 on the common organization of the market in bananas ⁽¹⁾, as last amended by Regulation (EC) No 3290/94 ⁽²⁾, and in particular Article 20 thereof,

Whereas Article 9 (1) of Commission Regulation (EEC) No 1442/93 ⁽³⁾, as last amended by Regulation (EC) No 1409/96 ⁽⁴⁾, provides that indicative quantities, expressed where necessary as percentages of the shares allocated to the various countries or groups of countries listed in Annex I to Commission Regulation (EC) No 478/95 ⁽⁵⁾, as last amended by Regulation (EC) No 702/95 ⁽⁶⁾, or of the quantities of those quotas available are to be fixed using data and forecasts relating to the Community market, for the purposes of issuing import licences for each quarter;

Whereas the tariff quota quantities available for imports from the countries or groups of countries listed in Annex I to Regulation (EC) No 478/95 for the fourth quarter of 1997 should be determined taking account on the one hand of the import licences issued during the first three quarters and on the other hand of the tariff quota provided for in Article 18 of Regulation (EEC) No 404/93 plus the quantity laid down in Commission Regulation (EC) No 1154/97 ⁽⁷⁾;

Whereas, with a view to achieving the same objectives, the indicative quantities provided for in Article 14 (1) of Regulation (EEC) No 1442/93 should be fixed for the purposes of issuing licences for traditional banana imports from the African, Caribbean and Pacific (ACP) States;

Whereas this Regulation must enter into force immediately so that licence applications can be lodged in respect of the fourth quarter of 1997;

Whereas the Management Committee for Bananas has not delivered an opinion within the time limit set by its chairman,

derogating, for Spain, from the marketing standards applicable to melons

THE COMMISSION OF THE EUROPEAN COMMUNITIES,
Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EC) No 2200/96 of 28 October 1996 on the common organization of the market in fruit and vegetables⁽¹⁾, and in particular Article 3 (3) thereof,

Whereas Commission Regulation (EC) No 1093/97 of 16 June 1997 laying down marketing standards applicable to melons and water melons⁽²⁾ lays down specific rules on the packaging and marking of those products;

Whereas Article 3 (3) of Regulation (EC) No 2200/96 provides for the possibility of derogation from the standards in force for fruit and vegetables produced in a given region which are sold by the retail trade of the region for well-established traditional local consumption;

Whereas, because of their shape, certain varieties of melons produced in Spain are traditionally sold in the region of production loose, i.e. after being loaded directly into the means of transport or a compartment of the means of transport; whereas, therefore, such a derogation should be allowed in certain regions of the territory of Spain;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Fresh Fruit and Vegetables,

HAS ADOPTED THIS REGULATION:

Article 1

1. Notwithstanding Annex I to Regulation (EC) No 1093/97, melons with an elongated shape produced in Spain may be sold loose in the region of production by the retail trade.

2. For the purposes of paragraph 1, the document or, where appropriate, the notice referred to in Article 5 (2) of Regulation (EC) No 2200/96, accompanying each consignment must bear, in addition to the other information required, the following indication: 'For sale by the retail trade in ... (region of production) only'.

determining the extent to which applications submitted in July 1997 for import licences for the tariff quota for beef and veal provided for in the Interim Agreement between the Community and the Republic of Slovenia can be accepted

THE COMMISSION OF THE EUROPEAN COMMUNITIES,
Having regard to the Treaty establishing the European Community,

Having regard to Commission Regulation (EC) No 481/97 of 14 March 1997 laying down for 1997 detailed rules for the application of the tariff quota for beef and veal provided for in the Interim Agreement between the Community and the Republic of Slovenia⁽¹⁾, and in particular Article 3 (4) thereof,

Whereas Article 1 (3) of Regulation (EC) No 481/97 fixes the quantity of fresh or chilled beef and veal originating in Slovenia which may be imported under special conditions from 1 July to 31 December 1997; whereas the quantity of meat for which import licences have been submitted is such that applications may be granted in full,

fixing the import duties in the rice sector

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EC) No 3072/95 of 22 December 1995 on the common organization of the market in rice ⁽¹⁾,

Having regard to Commission Regulation (EC) No 1503/96 of 29 July 1996 laying down detailed rules for the application of Council Regulation (EC) No 3072/95 as regards import duties in the rice sector ⁽²⁾, as last amended by Regulation (EC) No 703/97 ⁽³⁾, and in particular Article 4 (1) thereof,

Whereas Article 11 of Regulation (EC) No 3072/95 provides that the rates of duty in the Common Customs Tariff are to be charged on import of the products referred to in Article 1 of that Regulation; whereas, however, in the case of the products referred to in paragraph 2 of that Article, the import duty is to be equal to the intervention price valid for such products on importation and increased by a certain percentage according to whether it is husked or milled rice, minus the cif import price provided that duty does not exceed the rate of the Common Customs Tariff duties;

Whereas, pursuant to Article 12 (3) of Regulation (EC) No 3072/95, the cif import prices are calculated on the basis of the representative prices for the product in question on the world market or on the Community import market for the product;

Whereas Regulation (EC) No 1503/96 lays down detailed rules for the application of Regulation (EC) No 3072/95 as regards import duties in the rice sector;

Whereas the import duties are applicable until new duties are fixed and enter into force; whereas they also remain in force in cases where no quotation is available from the source referred to in Article 5 of Regulation (EC) No 1503/96 during the two weeks preceding the next periodical fixing;

Whereas, in order to allow the import duty system to function normally, the market rates recorded during a reference period should be used for calculating the duties;

Whereas application of Regulation (EC) No 1503/96 results in import duties being fixed as set out in the Annexes to this Regulation,

HAS ADOPTED THIS REGULATION:

Article 1

The import duties in the rice sector referred to in Article 11 (1) and (2) of Regulation (EC) No 3072/95 shall be those fixed in Annex I to this Regulation on the basis of the information given in Annex II.

21st COMMISSION DIRECTIVE 97/45/EC

of 14 July 1997

adapting to technical progress Annexes II, III, VI and VII to Council Directive 76/768/EEC on the approximation of the laws of the Member States relating to cosmetic products

(Text with EEA relevance)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Directive 76/768/EEC of 27 July 1976 on the approximation of the laws of the Member States relating to cosmetic products⁽¹⁾, as last amended by Commission Directive 97/1/EC⁽²⁾ and in particular Article 8 (2) thereof,

After consultation of the Scientific Committee on Cosmetology,

Whereas the available scientific data indicate that the polyaromatic hydrocarbons (PAHs) level in refined coal tar are in the same range as the PAHs level in crude coal tar; whereas several studies show that PAHs enter the skin exposed to coal tars, which may lead to dermal and systemic carcinogenesis; whereas numerous PAHs are genotoxic carcinogens, and consequently no safe level can be established, the use of crude and refined coal tars in cosmetic products should be prohibited;

Whereas a further toxicological evaluation, based on new data submitted by industry, of benzethonium chloride, shows that an acceptable safety margin is obtained as long as its use is limited to preservatives, at a limited concentration and for a reduced time of contact with the skin;

Whereas, on the basis of the latest scientific and technical research, octyl methoxycinnamate may be used as an UV filter in cosmetic products;

Whereas the measures provided for in this Directive are in accordance with the opinion of the Committee on the Adaptation to Technical Progress of the Directive on the removal of technical barriers to trade in the cosmetics products sector,

HAS ADOPTED THIS DIRECTIVE:

Article 1

Directive 76/768/EEC is hereby amended as shown in the Annex.
