COMMISSION REGULATION (EC) No 1506/2003

of 28 August 2003

fixing the representative prices and the additional import duties for molasses in the sugar sector

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EC) No 1260/2001 of 19 June 2001 on the common organisation of the market in sugar ⁽¹⁾, as amended by Commission Regulation (EC) No 680/2002 ⁽²⁾,

Having regard to Commission Regulation (EC) No 1422/95 of 23 June 1995 laying down detailed rules of application for imports of molasses in the sugar sector and amending Regulation (EEC) No 785/68 ⁽³⁾, as amended by Regulation (EC) No 79/2003 ⁽⁴⁾, and in particular Article 1(2) and Article 3(1) thereof,

Whereas:

- (1) Regulation (EC) No 1422/95 stipulates that the cif import price for molasses, hereinafter referred to as the 'representative price', should be set in accordance with Commission Regulation (EEC) No 785/68 ⁽⁵⁾. That price should be fixed for the standard quality defined in Article 1 of the above Regulation.
- (2) The representative price for molasses is calculated at the frontier crossing point into the Community, in this case Amsterdam; that price must be based on the most favourable purchasing opportunities on the world market established on the basis of the quotations or prices on that market adjusted for any deviations from the standard quality. The standard quality for molasses is defined in Regulation (EEC) No 785/68.
- (3) When the most favourable purchasing opportunities on the world market are being established, account must be taken of all available information on offers on the world market, on the prices recorded on important third-country markets and on sales concluded in international trade of which the Commission is aware, either directly or through the Member States. Under Article 7 of Regulation (EEC) No 785/68, the Commission may for this purpose take an average of several prices as a basis, provided that this average is representative of actual market trends.
- (4) The information must be disregarded if the goods concerned are not of sound and fair marketable quality or if the price quoted in the offer relates only to a small

quantity that is not representative of the market. Offer prices which can be regarded as not representative of actual market trends must also be disregarded.

- (5) If information on molasses of the standard quality is to be comparable, prices must, depending on the quality of the molasses offered, be increased or reduced in the light of the results achieved by applying Article 6 of Regulation (EEC) No 785/68.
- (6) A representative price may be left unchanged by way of exception for a limited period if the offer price which served as a basis for the previous calculation of the representative price is not available to the Commission and if the offer prices which are available and which appear not to be sufficiently representative of actual market trends would entail sudden and considerable changes in the representative price.
- (7) Where there is a difference between the trigger price for the product in question and the representative price, additional import duties should be fixed under the conditions set out in Article 3 of Regulation (EC) No 1422/95. Should the import duties be suspended pursuant to Article 5 of Regulation (EC) No 1422/95, specific amounts for these duties should be fixed.
- (8) Application of these provisions will have the effect of fixing the representative prices and the additional import duties for the products in question as set out in the Annex to this Regulation.
- (9) The measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Sugar,

HAS ADOPTED THIS REGULATION:

Article 1

The representative prices and the additional duties applying to imports of the products referred to in Article 1 of Regulation (EC) No 1422/95 are fixed in the Annex hereto.

COMMISSION REGULATION (EC) No 1507/2003

of 28 August 2003

fixing the export refunds on white sugar and raw sugar without further processing

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EC) No 1260/2001 of 19 June 2001 on the common organisation of the markets in the sugar sector ⁽¹⁾, as amended by Commission Regulation (EC) No 680/2002 ⁽²⁾, and in particular the second subparagraph of Article 27(5) thereof,

Whereas:

(1) Article 27 of Regulation (EC) No 1260/2001 provides that the difference between quotations or prices on the world market for the products listed in Article 1(1)(a) of that Regulation and the prices for those products within the Community may be covered by an export refund.

(2) Regulation (EC) No 1260/2001 provides that when refunds on white sugar and raw sugar, non-denatured and exported without further processing, are being fixed, account must be taken of the situation on the Community and world markets in sugar, and in particular of the price and cost factors set out in Article 28 of that Regulation. The same Article provides that the economic aspect of the proposed exports should also be taken into account.

(3) The refund on raw sugar must be fixed in respect of the standard quality. The latter is defined in Annex I, point II, to Regulation (EC) No 1260/2001. Furthermore, this refund should be fixed in accordance with Article 28(4) of Regulation (EC) No 1260/2001. Candy sugar is defined in Commission Regulation (EC) No 2135/95 of 7 September 1995 laying down detailed rules of application for the grant of export refunds in the sugar sector ⁽³⁾. The refund thus calculated for sugar containing added flavour or colouring matter must apply to their sucrose content and, accordingly, be fixed per 1 % of the said content.

(4) In special cases, the amount of the refund may be fixed by other legal instruments.

(5) The refund must be fixed every two weeks. It may be altered in the intervening period.

(6) The first subparagraph of Article 27(5) of Regulation (EC) No 1260/2001 provides that refunds on the products referred to in Article 1 of that Regulation may vary according to destination, where the world market situation or the specific requirements of certain markets make this necessary.

(7) The significant and rapid increase in preferential imports of sugar from the western Balkan countries since the start of 2001 and in exports of sugar to those countries from the Community seems to be highly artificial in nature.

(8) In order to prevent any abuses associated with the re-importation into the Community of sugar sector products that have qualified for export refunds, refunds for the products covered by this Regulation should not be fixed for all the countries of the western Balkans.

(9) In view of the above and of the present situation on the market in sugar, and in particular of the quotations or prices for sugar within the Community and on the world market, refunds should be fixed at the appropriate amounts.

(10) The measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Sugar,

HAS ADOPTED THIS REGULATION:

Article 1

The refunds to be granted on exports of the products listed in Article 1(1)(a) of Regulation (EC) No 1260/2001, non-denatured and without further processing, are hereby fixed in accordance with the Annex to this Regulation.

Having regard to Council Regulation (EC) No 1260/2001 of 19 June 2001 on the common organisation of the markets in the sugar sector ⁽¹⁾, as amended by Commission Regulation (EC) No 680/2002 ⁽²⁾, and in particular Article 27(5) thereof,

- (2) Pursuant to Article 9(1) of Regulation (EC) No 1290/2003 a maximum export refund shall be fixed, as the case may be, account being taken in particular of the state and foreseeable development of the Community and world markets in sugar, for the partial invitation to tender in question.

**COMMISSION REGULATION (EC) No 1509/2003
of 27 August 2003**

**opening a standing invitation to tender for the resale on the Community market of 82 500 tonnes
of barley held by the German intervention agency**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

HAS ADOPTED THIS REGULATION:

Having regard to the Treaty establishing the European Community,

Article 1

Having regard to Council Regulation (EEC) No 1766/92 of 30 June 1992 on the common organisation of the market in cereals ⁽¹⁾, as last amended by Commission Regulation (EC) No 1104/2003 ⁽²⁾, and in particular Article 5(b) thereof,

1. The German intervention agency shall open a standing invitation to tender for the resale on the Community market of 82 500 tonnes of barley held by it.

Whereas:

2. The regions in which the barley is stored are listed in Annex I hereto.

(1) Commission Regulation (EEC) No 2131/93 of 28 July 1993 laying down the procedure and conditions for the sale of cereals held by intervention agencies ⁽³⁾, as last amended by Regulation (EC) No 1630/2003 ⁽⁴⁾, provides in particular that cereals held by intervention agencies are to be sold by tendering procedure at prices preventing market disturbance.

Article 2

The sale provided for in Article 1 shall take place in accordance with Regulation (EEC) No 2131/93.

(2) Germany still has intervention stocks of barley.

However, notwithstanding the above Regulation:

(3) Because of the difficult weather conditions in much of the Community, cereals production has been significantly reduced in the 2003/2004 marketing year. This situation has resulted in high prices locally, causing particular difficulties for livestock holdings and the feedingstuffs industry, which are finding it hard to obtain supplies at competitive prices.

(a) tenders shall be drawn up on the basis of the actual quality of the lot to which they apply;

(b) the minimum selling price shall be set at a level which does not disturb the cereals market.

(4) It is therefore appropriate to make stocks of barley held by the German intervention agency available on the internal market, which had earlier been destined for export under Commission Regulation (EC) No 668/2001 ⁽⁵⁾, as last amended by Regulation (EC) No 1093/2003 ⁽⁶⁾, and to repeal that Regulation.

Article 3

Notwithstanding Article 13(4) of Regulation (EEC) No 2131/93 the tender security shall be set at EUR 10 per tonne.

(5) To take account of the situation on the Community market, provision should be made for the Commission to manage this invitation to tender; in addition, provision must be made for an award coefficient for tenders offering the minimum selling price.

Article 4

1. The closing date for the submission of tenders for the first partial tendering procedure shall be 18 September 2003 at 09.00 (Brussels time).

(6) When the German intervention agency notifies the Commission, the tenderers should remain anonymous.

2. The closing dates for the submission of tenders for subsequent partial tendering procedures shall be each Thursday at 09.00 (Brussels time).

(7) With a view to modernising management, the information required by the Commission should be sent by electronic mail.

3. The closing date for the submission of tenders for the last partial tendering procedure shall be 18 December 2003 at 09.00 (Brussels time).

(8) The Management Committee for Cereals has not issued an opinion by the time limit laid down by its Chairman,

Tenders must be lodged with the German intervention agency:

⁽⁵⁾ OJ L 93, 3.4.2001, p. 20.

⁽⁶⁾ OJ L 157, 26.6.2003, p. 16.

Article 5

The German intervention agency shall send the Commission the proposals received, no later than two hours after the expiry of the time limit for submitting tenders. They must be sent in accordance with the model and to the electronic address contained in Annex II hereto.

Article 6

The Commission shall set the minimum selling price or decide not to award any quantities. In the event that tenders are submitted for the same lot and for a quantity larger than that available, the Commission may fix this price separately for each lot.

Where tenders are made at the minimum selling price, the Commission may fix an award coefficient for the quantities offered at the same time as it fixes the minimum selling price.

of 27 August 2003**

**opening a standing invitation to tender for the resale on the Community market of 730 000 tonnes
of rye held by the German intervention agency**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 1766/92 of 30 June 1992 on the common organisation of the market in cereals ⁽¹⁾, as last amended by Commission Regulation (EC) No 1104/2003 ⁽²⁾, and in particular Article 5(b) thereof,

Whereas:

- (1) Commission Regulation (EEC) No 2131/93 of 28 July 1993 laying down the procedure and conditions for the sale of cereals held by intervention agencies ⁽³⁾, as last amended by Regulation (EC) No 1630/2003 ⁽⁴⁾, provides in particular that cereals held by intervention agencies are to be sold by tendering procedure at prices preventing market disturbance.
- (2) Germany still has intervention stocks of rye.
- (3) Because of the difficult weather conditions in much of the Community, cereals production has been significantly reduced in the 2003/2004 marketing year. This situation has resulted in high prices locally, causing particular difficulties for livestock holdings and the feedingstuffs industry, which are finding it hard to obtain supplies at competitive prices.
- (4) It is therefore appropriate to make stocks of rye held by the German intervention agency available on the internal market, which had earlier been destined for export under Commission Regulation (EC) No 864/2003 ⁽⁵⁾, with a view to its use on the internal market in animal feed, and to repeal that Regulation.
- (5) In order to ensure that the rye really is processed, the procedure should be specially monitored and the successful tenderer should provide a security, to be released on conditions to be laid down.
- (6) Commission Regulation (EEC) No 3002/92 ⁽⁶⁾, as last amended by Regulation (EC) No 770/96 ⁽⁷⁾, lays down common detailed rules for verifying the use of products from intervention.
- (7) In order to ensure sound management of the quantities awarded, provision should be made for an award coefficient for tenders offering the minimum sale price.

- (8) When the German intervention agency notifies the Commission, the tenderers should remain anonymous.
- (9) With a view to modernising management, the information required by the Commission should be sent by electronic mail.
- (10) The Management Committee for Cereals has not issued an opinion by the time limit laid down by its Chairman,

HAS ADOPTED THIS REGULATION:

Article 1

1. The German intervention agency shall open a standing invitation to tender for the resale on the Community market of 730 000 tonnes of rye held by it, with a view to processing into animal feed.
2. The regions in which the rye is stored are listed in Annex I hereto.

Article 2

The sale provided for in Article 1 shall take place in accordance with Regulation (EEC) No 2131/93.

However, notwithstanding the above Regulation:

- (a) tenders shall be drawn up on the basis of the actual quality of the lot to which they apply;
- (b) the minimum selling price shall be set at a level which does not disturb the cereals market.

Article 3

Tenders shall be valid only if they are accompanied by:

- (a) proof that the tenderer has lodged a tender security which, notwithstanding Article 13(4) of Regulation (EEC) No 2131/93, shall be set at EUR 10 per tonne;
- (b) a written undertaking from the tenderer to use the cereals to feed animals or to incorporate it into animal feed before 30 April 2004 and to lodge a security of EUR 30 per tonne no later than two working days after the day on which the declaration of award of the tender is received;
- (c) a commitment to keep stock accounts enabling verification that the rye has indeed been incorporated into animal feed.

COMMISSION REGULATION (EC) No 1518/2003**of 28 August 2003****laying down detailed rules for implementing the system of export licences in the pigmeat sector**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 2759/75 of 29 October 1975 on the common organisation of the market in pigmeat ⁽¹⁾, as last amended by Regulation (EC) No 1365/2000 ⁽²⁾, and in particular Articles 8(2), 13(12) and 22 thereof,

Whereas:

(1) Commission Regulation (EC) No 1370/95 of 16 June 1995 laying down detailed rules for implementing the system of export licences in the pigmeat sector ⁽³⁾ has been substantially amended several times ⁽⁴⁾. In the interests of clarity and rationality the said Regulation should be codified.

(2) Regulation (EEC) No 2759/75 provides that all exports for which export refunds are requested shall be subject to the presentation of an export licence with advance fixing of the refund. Therefore specific implementing rules should be laid down for the pigmeat sector which should in particular include provisions for the submission of the applications and the information which must appear on the applications and licences, in addition to those contained in Commission Regulation (EC) No 1291/2000 of 9 June 2000 laying down common detailed rules for the application of the system of import and export licences and advance fixing licences for agricultural products ⁽⁵⁾, as last amended by Regulation (EC) No 325/2003 ⁽⁶⁾.

(3) In order to assure proper administration of the system, the rate of the security for export licences under the said system should be fixed. In view of the risk of speculation inherent in the system in the pigmeat sector, export licences should not be transferable and precise conditions governing access by traders to the said system should be laid down.

(4) Article 13(11) of Regulation (EEC) No 2759/75 provides that compliance with the obligations arising from agreements concluded during the Uruguay Round of multilateral trade negotiations regarding the export volume shall

be ensured on the basis of the export licences. Therefore a detailed schedule for the lodging of applications and for the issuing of licences should be laid down.

(5) In addition, the decision regarding applications for export licences should be communicated only after a period of consideration. This period would allow the Commission to appreciate the quantities applied for as well as the expenditure involved and, if appropriate, to take specific measures applicable in particular to the applications which are pending. It is in the interest of traders to allow the licence application to be withdrawn after the acceptance coefficient has been fixed.

(6) In the case of applications concerning quantities equal to or less than 25 tonnes, the export licence should be issued immediately if the trader requests it. In this case, the licences shall not be subject to any special measures taken by the Commission.

(7) In order to ensure an exact follow up of the quantities to be exported, a derogation from the rules regarding the tolerances laid down in Regulation (EC) No 1291/2000 should be laid down.

(8) The Commission must dispose of precise information concerning applications for licences and of the use of licences issued, in order to be able to manage this system. In the interests of efficient administration, the notifications from Member States to the Commission should be made according to a uniform model.

(9) The measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Pigmeat,

HAS ADOPTED THIS REGULATION:

4. Where applications for export licences concern quantities and/or expenditure which exceed the normal trade patterns, or where there is a risk that they will be exceeded, taking account of the limits referred to in Article 13(11) of Regulation (EEC) No 2759/75 and/or the corresponding expenditure during the period in question, the Commission may:

- (a) set a single percentage by which the quantities applied for are accepted;

- (b) refuse the applications for which export licences have not yet been awarded;

- (c) suspend the lodging of applications for export licences for a maximum of five working days. A suspension for a longer period may be decided in accordance with the procedure provided for in Article 24(2) of Regulation (EEC) No 2759/75. In these cases, applications for export licences lodged during the suspension period shall be inadmissible.

These measures may be adjusted according to the category of products and the destination.

5. Where quantities applied for are rejected or reduced, the security shall be released immediately for all quantities for which an application was not satisfied.

6. Notwithstanding paragraph 3, where a single percentage of acceptance less than 80 % is set, the licence shall be issued at the latest by the 11th working day following publication of that percentage in the *Official Journal of the European Union*. During the 10 working days following its publication, the operator may:

- (a) either withdraw his application, in which case the security is released immediately; or
- (b) request immediate issuing of the licence, in which case the competent authority shall issue it without delay but no sooner than the normal issue date for the relevant week.

7. By way of derogation from paragraph 3, the Commission can set a day other than Wednesday for the issuing of export licences when it is not possible to respect this day.

Article 4

1. On application by the operator, licence applications for up to 25 tonnes of products shall not be subject to any special measures as referred to in Article 3(4) and the licences applied for shall be issued immediately.

In such cases, notwithstanding Article 2(1), the term of validity of the licences shall be limited to five working days from their actual day of issue within the meaning of Article 23(2) of Regulation (EC) No 1291/2000 and Section 20 of licence applications and of licences shall show at least one of the following:

COMMISSION REGULATION (EC) No 1519/2003
of 28 August 2003
fixing the export refunds on products processed from cereals and rice

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 1766/92 of 30 June 1992 on the common organization of the market in cereals ⁽¹⁾, as last amended by Regulation (EC) No 1104/2003 ⁽²⁾, and in particular Article 13(3) thereof,

Having regard to Council Regulation (EC) No 3072/95 of 22 December 1995 on the common organization of the market in rice ⁽³⁾, as last amended by Commission Regulation (EC) No 411/2002 ⁽⁴⁾, and in particular Article 13(3) thereof,

Whereas:

- (1) Article 13 of Regulation (EEC) No 1766/92 and Article 13 of Regulation (EC) No 3072/95 provide that the difference between quotations or prices on the world market for the products listed in Article 1 of those Regulations and prices for those products within the Community may be covered by an export refund.
- (2) Article 13 of Regulation (EC) No 3072/95 provides that when refunds are being fixed account must be taken of the existing situation and the future trend with regard to prices and availabilities of cereals, rice and broken rice on the Community market on the one hand and prices for cereals, rice, broken rice and cereal products on the world market on the other. The same Articles provide that it is also important to ensure equilibrium and the natural development of prices and trade on the markets in cereals and rice and, furthermore, to take into account the economic aspect of the proposed exports, and the need to avoid disturbances on the Community market.
- (3) Article 4 of Commission Regulation (EC) No 1518/95 ⁽⁵⁾, as amended by Regulation (EC) No 2993/95 ⁽⁶⁾, on the import and export system for products processed from cereals and from rice defines the specific criteria to be taken into account when the refund on these products is being calculated.
- (4) The refund to be granted in respect of certain processed products should be graduated on the basis of the ash, crude fibre, tegument, protein, fat and starch content of

the individual product concerned, this content being a particularly good indicator of the quantity of basic product actually incorporated in the processed product.

- (5) There is no need at present to fix an export refund for manioc, other tropical roots and tubers or flours obtained therefrom, given the economic aspect of potential exports and in particular the nature and origin of these products. For certain products processed from cereals, the insignificance of Community participation in world trade makes it unnecessary to fix an export refund at the present time.
- (6) The world market situation or the specific requirements of certain markets may make it necessary to vary the refund for certain products according to destination.
- (7) The refund must be fixed once a month. It may be altered in the intervening period.
- (8) Certain processed maize products may undergo a heat treatment following which a refund might be granted that does not correspond to the quality of the product; whereas it should therefore be specified that on these products, containing pregelatinized starch, no export refund is to be granted.
- (9) The Management Committee for Cereals has not delivered an opinion within the time limit set by its chairman,

HAS ADOPTED THIS REGULATION:

Article 1

The export refunds on the products listed in Article 1(1)(d) of Regulation (EEC) No 1766/92 and in Article 1(1)(c) of Regulation (EC) No 3072/95 and subject to Regulation (EC) No 1518/95 are hereby fixed as shown in the Annex to this Regulation.

COMMISSION REGULATION (EC) No 1520/2003
of 28 August 2003
fixing the export refunds on cereal-based compound feedingstuffs

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 1766/92 of 30 June 1992 on the common organisation of the market in cereals ⁽¹⁾, as last amended by Regulation (EC) No 1104/2003 ⁽²⁾, and in particular Article 13(3) thereof,

Whereas:

- (1) Article 13 of Regulation (EEC) No 1766/92 provides that the difference between quotations or prices on the world market for the products listed in Article 1 of that Regulation and prices for those products within the Community may be covered by an export refund.
- (2) Commission Regulation (EC) No 1517/95 of 29 June 1995 laying down detailed rules for the application of Regulation (EEC) No 1766/92 as regards the arrangements for the export and import of compound feedingstuffs based on cereals and amending Regulation (EC) No 1162/95 laying down special detailed rules for the application of the system of import and export licences for cereals and rice ⁽³⁾ in Article 2 lays down general rules for fixing the amount of such refunds.
- (3) That calculation must also take account of the cereal products content. In the interest of simplification, the refund should be paid in respect of two categories of 'cereal products', namely for maize, the most commonly used cereal in exported compound feeds and maize

products, and for 'other cereals', these being eligible cereal products excluding maize and maize products. A refund should be granted in respect of the quantity of cereal products present in the compound feedingstuff.

- (4) Furthermore, the amount of the refund must also take into account the possibilities and conditions for the sale of those products on the world market, the need to avoid disturbances on the Community market and the economic aspect of the export.
- (5) The current situation on the cereals market and, in particular, the supply prospects mean that the export refunds should be abolished.
- (6) The Management Committee for Cereals has not delivered an opinion within the time limit set by its chairman,

HAS ADOPTED THIS REGULATION:

Article 1

The export refunds on the compound feedingstuffs covered by Regulation (EEC) No 1766/92 and subject to Regulation (EC) No 1517/95 are hereby fixed as shown in the Annex to this Regulation.

Article 2

This Regulation shall enter into force on 29 August 2003.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COMMISSION REGULATION (EC) No 1523/2003
of 28 August 2003
fixing the export refunds on milk and milk products

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EC) No 1255/1999 of 17 May 1999 on the common organisation of the market in milk and milk products ⁽¹⁾, as last amended by Commission Regulation (EC) No 806/2003 ⁽²⁾, and in particular Article 31(3) thereof,

Whereas:

(1) Article 31 of Regulation (EC) No 1255/1999 provides that the difference between prices in international trade for the products listed in Article 1 of that Regulation and prices for those products within the Community may be covered by an export refund within the limits resulting from agreements concluded in accordance with Article 300 of the Treaty.

(2) Regulation (EC) No 1255/1999 provides that when the refunds on the products listed in Article 1 of the above-mentioned Regulation, exported in the natural state, are being fixed, account must be taken of:

- the existing situation and the future trend with regard to prices and availabilities of milk and milk products on the Community market and prices for milk and milk products in international trade,
- marketing costs and the most favourable transport charges from Community markets to ports or other points of export in the Community, as well as costs incurred in placing the goods on the market of the country of destination,
- the aims of the common organisation of the market in milk and milk products which are to ensure equilibrium and the natural development of prices and trade on this market,
- the limits resulting from agreements concluded in accordance with Article 300 of the Treaty, and
- the need to avoid disturbances on the Community market, and
- the economic aspect of the proposed exports.

(3) Article 31(5) of Regulation (EC) No 1255/1999 provides that when prices within the Community are being determined account should be taken of the ruling prices

which are most favourable for exportation, and that when prices in international trade are being determined particular account should be taken of:

- (a) prices ruling on third country markets;
- (b) the most favourable prices in third countries of destination for third country imports;
- (c) producer prices recorded in exporting third countries, account being taken, where appropriate, of subsidies granted by those countries; and
- (d) free-at-Community-frontier offer prices.

(4) Article 31(3) of Regulation (EC) No 1255/1999 provides that the world market situation or the specific requirements of certain markets may make it necessary to vary the refund on the products listed in Article 1 of the abovementioned Regulation according to destination.

(5) Article 31(3) of Regulation (EC) No 1255/1999 provides that the list of products on which export refunds are granted and the amount of such refunds should be fixed at least once every four weeks; the amount of the refund may, however, remain at the same level for more than four weeks.

(6) In accordance with Article 16 of Commission Regulation (EC) No 174/1999 of 26 January 1999 on specific detailed rules for the application of Council Regulation (EC) No 804/68 as regards export licences and export refunds on milk and milk products ⁽³⁾, as last amended by Regulation (EC) No 1392/2003 ⁽⁴⁾, the refund granted for milk products containing added sugar is equal to the sum of the two components; one is intended to take account of the quantity of milk products and is calculated by multiplying the basic amount by the milk products content in the product concerned; the other is intended to take account of the quantity of added sucrose and is calculated by multiplying the sucrose content of the entire product by the basic amount of the refund valid on the day of exportation for the products listed in Article 1(1)(d) of Council Regulation (EC) No 1260/2001 of 19 June 2001 on the common organisation of the markets in the sugar sector ⁽⁵⁾, as amended by Commission Regulation (EC) No 680/2002 ⁽⁶⁾, however, this second component is applied only if the added sucrose has been produced using sugar beet or cane harvested in the Community.

- (7) Commission Regulation (EEC) No 896/84 ⁽¹⁾, as last amended by Regulation (EEC) No 222/88 ⁽²⁾, laid down additional provisions concerning the granting of refunds on the change from one milk year to another; those provisions provide for the possibility of varying refunds according to the date of manufacture of the products.
- (8) For the calculation of the refund for processed cheese provision must be made where casein or caseinates are added for that quantity not to be taken into account.
- (9) It follows from applying the rules set out above to the present situation on the market in milk and in particular to quotations or prices for milk products within the Community and on the world market that the refund should be as set out in the Annex to this Regulation.
- (10) The Management Committee for Milk and Milk Products has not delivered an opinion within the time limit set by its chairman,

COMMISSION REGULATION (EC) No 1525/2003
of 28 August 2003
fixing the export refunds on olive oil

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation No 136/66/EEC of 22 September 1966 on the establishment of a common organisation of the market in oils and fats ⁽¹⁾, as last amended by Regulation (EC) No 1513/2001 ⁽²⁾, and in particular Article 3(3) thereof,

Whereas:

- (1) Article 3 of Regulation No 136/66/EEC provides that, where prices within the Community are higher than world market prices, the difference between these prices may be covered by a refund when olive oil is exported to third countries.
- (2) The detailed rules for fixing and granting export refunds on olive oil are contained in Commission Regulation (EEC) No 616/72 ⁽³⁾, as last amended by Regulation (EEC) No 2962/77 ⁽⁴⁾.
- (3) Article 3(3) of Regulation No 136/66/EEC provides that the refund must be the same for the whole Community.
- (4) In accordance with Article 3(4) of Regulation No 136/66/EEC, the refund for olive oil must be fixed in the light of the existing situation and outlook in relation to olive oil prices and availability on the Community market and olive oil prices on the world market. However, where the world market situation is such that the most favourable olive oil prices cannot be determined, account may be taken of the price of the main competing vegetable oils on the world market and the difference recorded between that price and the price of olive oil during a representative period. The amount of the refund may not exceed the difference between the price of olive oil in the Community and that on the world market, adjusted, where appropriate, to take account of export costs for the products on the world market.
- (5) In accordance with Article 3(3) third indent, point (b) of Regulation No 136/66/EEC, it may be decided that the refund shall be fixed by tender. The tendering procedure should cover the amount of the refund and may be limited to certain countries of destination, quantities, qualities and presentations.
- (6) The second indent of Article 3(3) of Regulation No 136/66/EEC provides that the refund on olive oil may be varied according to destination where the world market situation or the specific requirements of certain markets make this necessary.
- (7) The refund must be fixed at least once every month. It may, if necessary, be altered in the intervening period.
- (8) It follows from applying these detailed rules to the present situation on the market in olive oil and in particular to olive oil prices within the Community and on the markets of third countries that the refund should be as set out in the Annex hereto.
- (9) The Management Committee for Oils and Fats has not delivered an opinion within the time limit set by its chairman,

HAS ADOPTED THIS REGULATION:

Article 1

The export refunds on the products listed in Article 1(2)(c) of Regulation No 136/66/EEC shall be as set out in the Annex hereto.

Article 2

This Regulation shall enter into force on 29 August 2003.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

**COMMISSION REGULATION (EC) No 1527/2003
of 28 August 2003**

fixing the rates of the refunds applicable to certain cereal and rice-products exported in the form of goods not covered by Annex I to the Treaty

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 1766/92 of 30 June 1992 on the common organisation of the market in cereals⁽¹⁾, as last amended by Regulation (EC) No 1666/2000⁽²⁾, and in particular Article 13(3) thereof,

Having regard to Council Regulation (EC) No 3072/95 of 22 December 1995 on the common organisation of the market in rice⁽³⁾, as last amended by Commission Regulation (EC) No 411/2002⁽⁴⁾, and in particular Article 13(3) thereof,

Whereas:

- (1) Article 13(1) of Regulation (EEC) No 1766/92 and Article 13(1) of Regulation (EC) No 3072/95 provide that the difference between quotations of prices on the world market for the products listed in Article 1 of each of those Regulations and the prices within the Community may be covered by an export refund.
- (2) Commission Regulation (EC) No 1520/2000 of 13 July 2000 laying down common implementing rules for granting export refunds on certain agricultural products exported in the form of goods not covered by Annex I to the Treaty, and the criteria for fixing the amount of such refunds⁽⁵⁾, as last amended by Regulation (EC) No 740/2003⁽⁶⁾, specifies the products for which a rate of refund should be fixed, to be applied where these products are exported in the form of goods listed in Annex B to Regulation (EEC) No 1766/92 or in Annex B to Regulation (EC) No 3072/95 as appropriate.
- (3) In accordance with the first subparagraph of Article 4(1) of Regulation (EC) No 1520/2000, the rate of the refund per 100 kilograms for each of the basic products in question must be fixed for each month.
- (4) The commitments entered into with regard to refunds which may be granted for the export of agricultural products contained in goods not covered by Annex I to the Treaty may be jeopardised by the fixing in advance of high refund rates. It is therefore necessary to take precautionary measures in such situations without, however, preventing the conclusion of long-term contracts. The fixing of a specific refund rate for the advance fixing of refunds is a measure which enables these various objectives to be met.
- (5) Now that a settlement has been reached between the European Community and the United States of America on Community exports of pasta products to the United States and has been approved by Council Decision 87/482/EEC⁽⁷⁾, it is necessary to differentiate the refund on goods falling within CN codes 1902 11 00 and 1902 19 according to their destination.
- (6) Pursuant to Article 4(3) and (5) of Regulation (EC) No 1520/2000 provides that a reduced rate of export refund has to be fixed, taking account of the amount of the production refund applicable, pursuant to Council Regulation (EEC) No 1722/93⁽⁸⁾, as last amended by Commission Regulation (EC) No 1786/2001⁽⁹⁾, for the basic product in question, used during the assumed period of manufacture of the goods.
- (7) Spirituous beverages are considered less sensitive to the price of the cereals used in their manufacture. However, Protocol 19 of the Act of Accession of the United Kingdom, Ireland and Denmark stipulates that the necessary measures must be decided to facilitate the use of Community cereals in the manufacture of spirituous beverages obtained from cereals. Accordingly, it is necessary to adapt the refund rate applying to cereals exported in the form of spirituous beverages.
- (8) In accordance with Council Regulation (EC) No 1039/2003 of 2 June 2003 adopting autonomous and transitional measures concerning the importation of certain processed agricultural products originating in Estonia and the exportation of certain agricultural products to Estonia⁽¹⁰⁾, Council Regulation (EC) No 1086/2003 of 18 June 2003 adopting autonomous and transitional measures concerning the importation of certain processed agricultural products originating in Slovenia and the exportation of certain processed agricultural products to Slovenia⁽¹¹⁾, Council Regulation (EC) No 1087/2003 of 18 June 2003 adopting autonomous and transitional measures concerning the importation of certain processed agricultural products originating in Latvia and the exportation of certain processed agricultural products to Latvia⁽¹²⁾, Council Regulation (EC) No 1088/2003 of 18 June 2003 adopting autonomous and transitional measures concerning the importation of certain processed agricultural products originating in Lithuania and the exportation of certain processed agricultural products to Lithuania⁽¹³⁾, Council Regulation (EC) No 1089/2003 of 18 June 2003 adopting autonomous and transitional measures concerning the importation of certain processed agricultural products originating in the Slovak Republic and the exportation of certain processed agricultural products to the Slovak Republic.

Reference to the Annex to the Directive: section 5.3.1

Content of the Annex to the Directive: obligation to affix labels on the walls of wagons

Reference to the national legislation: *arrêté du 5 juin 2001 relatif au transport de marchandises dangereuses par chemin de fer* (decree of 5 June 2001 on the transport of hazardous goods by rail ('RID decree')), Article 21.1

Content of the national legislation: only mail wagons carrying over 3 tonnes of a material in the same class (other than 1, 6.2 or 7) must be labelled.

RA-SQ 6.5

Subject: exemption from the labelling of wagons carrying small containers

Reference to the Annex to the Directive: section 5.3.1

Content of the Annex to the Directive: obligation to affix labels on the walls of wagons

Reference to the national legislation: *arrêté du 5 juin 2001 relatif au transport de marchandises dangereuses par chemin de fer* (decree of 5 June 2001 on the transport of hazardous goods by rail ('RID decree')), Article 21.2

content of the national legislation: If the labels affixed on the small containers are clearly visible, the wagons do not have to be labelled.

SWEDEN

RA-SQ 14.1

Subject: a railway carriage carrying dangerous goods, as express goods, need not be marked with labels

Reference to the Annex to the Directive: section 5.3.1

Content of the Annex to the Directive: railway carriages carrying dangerous goods must display labels.

Reference to the national legislation: *Särskilda bestämmelser om vissa inrikes transporter av farligt gods på väg och i terräng*

Content of the national legislation: a railway carriage carrying dangerous goods, as express goods, need not be marked with labels.

Comments: There are quantity limits in RID for goods to be called express goods. Therefore it is a small quantity issue.

UNITED KINGDOM

RA-SQ 15.1

Subject: carriage of certain low-hazard radioactive items such as clocks, watches, smoke detectors, compass dials

Reference to the Annex to the Directive: most requirements of RID

Content of the Annex to the Directive: requirements concerning the carriage of class 7 material

Reference to the national legislation: Packaging, labelling and carriage of radioactive material by rail Regulations 1996, regulation 2(6) (as amended by schedule 5 of the Carriage of dangerous goods (amendment) Regulations 1999)

Content of the national legislation: total exemption from the provisions of the national regulations for certain commercial products containing limited quantities of radioactive material

Comments: this derogation is a short-term measure, which will no longer be required when similar amendments to the IAEA regulations are incorporated into RID.

RA-SQ 15.2

Subject: movement of nominally empty fixed tanks not intended as transport equipment (N2)

Reference to the Annex to the Directive: parts 5 and 7 (96/49/EC)

Content of the Annex to the Directive: requirements concerning consignment procedures, carriage, operation and vehicles

Reference to the national legislation: to be specified in forthcoming Regulations

Content of the national legislation: see above

Comments: movement of such fixed tanks is not carriage of dangerous goods in the normal sense, and RID provisions cannot in practice be applied. As the tanks are 'nominally empty', the amount of dangerous goods actually contained in them is by definition extremely small.

RA-SQ 15.3

Subject: Easing of restrictions on transporting mixed loads of explosives, and explosives with other dangerous goods, in wagons, vehicles and containers (N4/5/6)

Reference to the Annex to the Directive: sections 7.5.2.1 and 7.5.2.2

Content of the Annex to the Directive: restrictions on certain types of mixed loading

Reference to the national legislation: Carriage of dangerous goods by road Regulations 1996, regulation 18; carriage of dangerous goods by rail Regulation, regulations 17 and 24; Carriage of explosives by road regulations, regulation 14

Content of the national legislation: national legislation is less restrictive regarding mixed loading of explosives, providing such carriage can be accomplished without risk

Comments: The United Kingdom wishes to permit some variations on the mixing rules for explosives with other explosives and for explosives with other dangerous goods. Any variation will have a quantity limitation on one or more constituent parts of the load and would only be permitted provided that 'all reasonably practicable measures have been taken to prevent the explosives being brought into contact with, or otherwise endangering or being endangered by, any such goods'.

Examples of variations the United Kingdom may want to permit are:

1. explosives allocated on classification to UN No 0029, 0030, 0042, 0065, 0081, 0082, 0104, 0241, 0255, 0267, 0283, 0289, 0290, 0331, 0332, 0360, or 0361 may be carried in the same vehicle with the dangerous goods allocated on classification the UN No 1942. The quantity of UN 1942 permitted to be carried shall be limited by deeming it to be an explosive of 1.1D;
2. explosives allocated on classification to UN No 0191, 0197, 0312, 0336, 0403, 0431, or 0453 may be carried in the same vehicle with dangerous goods (except flammable gases, infectious substances and toxic substances) in transport category 2 or dangerous goods in transport category 3, or any combination of them, provided the total mass or volume of dangerous goods in transport category 2 does not exceed 500 kg or l and the total net mass of such explosives does not exceed 500 kg;
3. explosives of 1.4G may be carried with flammable liquids and flammable gases in transport category 2 or non-flammable, non-toxic gases in transport category 3, or in any combination of them in the same vehicle, provided the total mass or volume of dangerous goods when added together does not exceed 200 kg or l and the total net mass of explosives does not exceed 20 kg;
4. explosive articles allocated on classification to UN No 0106, 0107 or 0257 may be carried with explosive articles in compatibility group D, E or F for which they are components. The total quantity of explosives of UN No 0106, 0107 or 0257 shall not exceed 20 kg.

RA-SQ 15.4

Subject: to allow different 'maximum total quantity per transport unit' for class 1 goods in categories 1 and 2 of table in section 1.1.3.1

Reference to the Annex to the Directive: section 1.1.3.1

Content of the Annex to the Directive: exemptions related to the nature of the transport operation

Reference to the national legislation: to be specified in forthcoming regulations

Content of the national legislation: to lay down rules regarding exemptions for limited quantities and mixed loading of explosives

Comments: to allow different limited quantity limits and mixed loading multiplication factors for class 1 goods, namely '50' for category 1 and '500' for category 2. For the purpose of calculating mixed loads, the multiplication factors will read '20' for transport category 2 and '2' for transport category 3.

ANNEX II**DEROGATIONS FOR MEMBER STATES ON LOCAL TRANSPORT LIMITED TO THEIR TERRITORY**

SWEDEN

RA-LT 14.1

Subject: carriage of hazardous waste to hazardous waste disposal plants

Reference to the Annex to the Directive: part 2, classes 5.2 and 6.1

Content of the Annex to the Directive: classification, marking and labelling, and requirements for the construction and testing of packaging

Reference to national legislation: *Särskilda bestämmelser om vissa inrikes transporter av farligt gods på väg och i terräng*

Content of the national legislation: the legislation consists of simplified classification criteria, less restrictive requirements for the construction and testing of packaging, and modified labelling and marking requirements. Instead of classifying hazardous waste according to RID it is assigned to different waste groups. Each waste group contains substances that can, in accordance with RID, be packed together (mixed packing). Each package must be marked with the relevant waste group code instead of the UN number.

Comments: these regulations may only be used for the carriage of hazardous waste from public recycling sites to hazardous waste-disposal plants.

COMMISSION DECISION

of 22 August 2003

fixing, for the 2003/04 marketing year and in respect of a certain number of hectares, an indicative financial allocation by Member State for the restructuring and conversion of vineyards under Council Regulation (EC) No 1493/1999*(notified under document number C(2003) 3047)*

(2003/628/EC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EC) No 1493/1999 of 17 May 1999 on the common organisation of the market in wine ⁽¹⁾, as last amended by Regulation (EC) No 2585/2001 ⁽²⁾, and in particular Article 14 thereof,

Whereas:

- (1) The rules for the restructuring and conversion of vineyards are laid down in Regulation (EC) No 1493/1999 and Commission Regulation (EC) No 1227/2000 of 31 May 2000 laying down detailed rules for the application of Council Regulation (EC) No 1493/1999 on the common organisation of the market in wine ⁽³⁾, as last amended by Regulation (EC) No 1203/2003 ⁽⁴⁾, in particular on production potential.
- (2) The detailed rules on financial planning and participation in financing the restructuring and conversion scheme laid down in Regulation (EC) No 1227/2000 stipulate that the references to a given financial year refer to the payments actually made by the Member States between 16 October and the following 15 October.
- (3) In accordance with Article 14(1) of Regulation (EC) No 1493/1999, the Commission makes initial allocations to Member States per year on the basis of objective criteria, taking into account particular situations and needs, and efforts to be undertaken in the light of the objective of the scheme.
- (4) In accordance with Article 14(3) of Regulation (EC) No 1493/1999, the financial allocation between Member States must take due account of the proportion of the Community vineyard area in the Member State concerned.
- (5) For the purposes of implementing Article 14(4) of Regulation (EC) No 1493/1999, the financial allocations should be made in respect of a certain number of hectares.

(6) Under Article 13(3) of Regulation (EC) No 1493/1999, the Community contribution to the costs of restructuring and conversion is higher in regions classified as Objective 1 in accordance with Council Regulation (EC) No 1260/1999 of 21 June 1999 laying down general provisions on the Structural Funds ⁽⁵⁾, as amended by Regulation (EC) No 1105/2003 ⁽⁶⁾.

(7) Account must be taken of the compensation for the loss of income incurred by the wine growers during the period when the vineyard is not yet in production.

(8) In accordance with Article 17(5) of Regulation (EC) No 1227/2000, where expenditure actually incurred by a Member State in a given financial year is less than 75 % of the initial allocation, the expenditure to be recognised for the following financial year, and the corresponding total area, are to be reduced by a third of the difference between this threshold and the actual expenditure incurred during the financial year in question. This provision applies to Luxembourg for the 2003/04 marketing year.

(9) In accordance with Article 14(2) of Regulation (EC) No 1493/1999, the initial allocation is to be adapted in view of real expenditure and on the basis of revised expenditure forecasts submitted by the Member States taking account of the objective of the scheme and subject to the funds available,

HAS ADOPTED THIS DECISION:

Article 1

The indicative financial allocations by Member State, in respect of a certain number of hectares, for the restructuring and conversion of vineyards under Regulation (EC) No 1493/1999 for the 2003/04 marketing year shall be as set out in the Annex hereto.
