**COUNCIL REGULATION (EC) No 701/2006**

**of 25 April 2006**

**laying down detailed rules for the implementation of Regulation (EC) No 2494/95 as regards the temporal coverage of price collection in the harmonised index of consumer prices**

(Text with EEA relevance)

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EC) No 2494/95 of 23 October 1995 concerning harmonised indices of consumer prices <sup>(1)</sup>, and in particular the third subparagraph of Article 4 and Article 5(3) thereof,

Having regard to the opinion of the European Central Bank <sup>(2)</sup>, as required under Article 5(3) of Regulation (EC) No 2494/95,

Whereas:

(1) Harmonised indices of consumer prices (HICPs) are harmonised inflation figures required by the Commission and the European Central Bank for the performance of their functions under Article 121 of the Treaty. HICPs are designed to facilitate international comparisons of consumer price inflation. They serve as important indicators for the management of monetary policy.

(2) Pursuant to Article 5(1)(b) of Regulation (EC) No 2494/95, each Member State is required, as part of the implementation of that Regulation, to produce an HICP starting with the index for January 1997.

(3) Article 3 of Regulation (EC) No 2494/95 requires that the HICP should be based on the prices of goods and services available for purchase in the economic territory of the Member State for the purposes of directly satisfying consumer needs.

(4) Commission Regulation (EC) No 1749/96 of 9 September 1996 on initial implementing measures for Council Regulation (EC) No 2494/95 concerning

harmonised indices of consumer prices <sup>(3)</sup> defined the coverage of the HICP as those goods and services which are included in household final monetary consumption expenditure which is incurred, *inter alia*, on the economic territory of the Member State in one or both of the time periods being compared.

(5) Article 8 of Regulation (EC) No 1749/96 requires the HICP to be constructed from target samples which have sufficient prices within each elementary aggregate to take account of the variation of price movements in the population.

(6) Differences in price collection periods may lead to significant differences in the estimated price change for the time periods being compared.

(7) A harmonised approach with respect to the temporal coverage of the HICPs is necessary in order to ensure that the resulting HICPs meet the requirements as to comparability, reliability, and relevance according to the third subparagraph of Article 4 and pursuant to Article 5(3) of Regulation (EC) No 2494/95.

(8) The compilation of the Monetary Union index of consumer prices (MUICP) and the European index of consumer prices (EICP) requires a harmonised concept for the temporal coverage of the HICPs. This should not, however, preclude the release of provisional HICPs or HICP flash estimates of the average price change based on a part of the price information observed in the month to which the current index refers.

(9) Commission Regulation (EC) No 1921/2001 of 28 September 2001 laying down detailed rules for the implementation of Council Regulation (EC) No 2494/95 as regards minimum standards for revisions of the harmonised index of consumer prices and amending Regulation (EC) No 2602/2000 <sup>(4)</sup> stipulates that changes in the system of harmonised rules should not require revisions, but that, where necessary, estimates of the impact on the annual rates of change of the HICP should be made.

<sup>(1)</sup> OJ L 257, 27.10.1995, p. 1. Regulation as amended by Regulation (EC) No 1882/2003 of the European Parliament and of the Council (OJ L 284, 31.10.2003, p. 1).

<sup>(2)</sup> Opinion of 27 February 2006 (not yet published in the Official Journal).

<sup>(3)</sup> OJ L 229, 10.9.1996, p. 3. Regulation as last amended by Regulation (EC) No 1708/2005 (OJ L 274, 20.10.2005, p. 9).

(10) The Statistical Programme Committee has been consulted in accordance with Article 3 of Council Decision 89/382/EEC, Euratom of 19 June 1989 establishing a Committee on the Statistical Programmes of the European Communities <sup>(1)</sup>,

HAS ADOPTED THIS REGULATION:

*Article 1*

**Aim**

The aim of this Regulation is to establish minimum standards for price collection periods in order to improve the comparability, reliability and relevance of HICPs.

*Article 2*

**Representation**

The HICP is a sample statistic which shall represent the average change in prices between the calendar month of the current index and the period to which it is compared.

*Article 3*

**Minimum standards for price collection**

1. Price collection shall take place across at least a one working week period at, or near, the middle of the calendar month to which the index pertains.

2. Where products are known to typically show sharp and irregular price changes within the same month, price collection shall take place over a period of more than one working week.

This rule shall apply in particular to the following products:

- (a) energy products; and
- (b) fresh food, such as fruit and vegetables.

*Article 4*

**Implementation**

The provisions of this Regulation shall be implemented in December 2007 at the latest and take effect with the index for January 2008.

*Article 5*

**Entry into force**

This Regulation shall enter into force on the 20th day following its publication in the *Official Journal of the European Union*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

## COMMISSION REGULATION (EC) No 704/2006

of 8 May 2006

**opening and providing for the administration of a tariff quota for frozen meat of bovine animals covered by CN code 0202 and products covered by CN code 0206 29 91 (1 July 2006 to 30 June 2007)**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EC) No 1254/1999 of 17 May 1999 on the common organisation of the market in beef and veal <sup>(1)</sup>, and in particular Article 32(1) thereof,

Whereas:

(1) The WTO schedule CXL requires the Community to open an annual import quota of 53 000 tonnes of frozen beef covered by CN code 0202 and products covered by CN code 0206 29 91 (order number 09.4003). Implementing rules should be laid down for the quota year 2006/2007 starting on 1 July 2006.

(2) The 2005/2006 quota was managed in conformity with the provisions of Commission Regulation (EC) No 715/2005 of 12 May 2005 opening and providing for the administration of a tariff quota for frozen meat of bovine animals covered by CN code 0202 and products covered by CN code 0206 29 91 (1 July 2005 to 30 June 2006) <sup>(2)</sup>. That Regulation introduced a method of administration based on an import performance criterion ensuring that the quota is allocated to professional operators able to import beef without undue speculation.

(3) The experience obtained from the application of that method shows that there are positive results and therefore it is appropriate to maintain the same method of administration for the quota period 1 July 2006 to 30 June 2007.

(4) In view of the forthcoming entry into force of the Treaty of Accession of Bulgaria and Romania to the European Union, without prejudice to Article 39 of that Treaty, and in order to enable operators of those countries to

benefit from this quota as of the date of their accession, the quota period should be divided into two sub-periods and the quantity available under this quota should be staggered over these periods, taking into account the traditional trade patterns between the Community and the supplier countries within this quota.

(5) It is appropriate to determine a reference period for eligible imports which is long enough to provide for a representative performance while also sufficiently recent to reflect the latest development in trade.

(6) For control reasons, applications for import rights should be submitted in the Member States where the operator is entered in the national VAT register.

(7) In order to prevent speculation, a security relating to import rights should be fixed for each applicant under the quota.

(8) To oblige operators to apply for import licences for all the import rights allocated, it should be established that such obligation constitutes a primary requirement within the meaning of Commission Regulation (EEC) No 2220/85 of 22 July 1985 laying down common detailed rules for the application of the system of securities for agricultural products <sup>(3)</sup>.

(9) Commission Regulation (EC) No 1291/2000 of 9 June 2000 laying down common detailed rules for the application of the system of import and export licences and advance fixing certificates for agricultural products <sup>(4)</sup> and Commission Regulation (EC) No 1445/95 of 26 June 1995 on rules of application for import and export licences in the beef and veal sector and repealing Regulation (EEC) No 2377/80 <sup>(5)</sup> should be applicable to import licences issued under this Regulation, save where derogations are appropriate.

<sup>(1)</sup> OJ L 160, 26.6.1999, p. 21. Regulation as last amended by Regulation (EC) No 1913/2005 (OJ L 307, 25.11.2005, p. 2).

<sup>(2)</sup> OJ L 121, 13.5.2005, p. 48.

<sup>(3)</sup> OJ L 205, 3.8.1985, p. 5. Regulation as last amended by Regulation (EC) No 673/2004 (OJ L 105, 14.4.2004, p. 17).

<sup>(4)</sup> OJ L 152, 24.6.2000, p. 1. Regulation (EC) No 1291/2000 as last amended by Regulation (EC) No 410/2006 (OJ L 71, 10.3.2006, p. 7).

<sup>(5)</sup> OJ L 143, 27.6.1995, p. 35. Regulation as last amended by Regulation (EC) No 1118/2004 (OJ L 217, 17.6.2004, p. 10).

(10) The Management Committee for Beef and Veal has not given an opinion within the time limit set by its President,

referred to in Article 1(3)(b), on the basis of imports in the period and of the products referred to in the first subparagraph of this paragraph.

HAS ADOPTED THIS REGULATION:

#### Article 1

1. A tariff quota totalling 53 000 tonnes expressed in weight of boneless meat is hereby opened for frozen meat of bovine animals covered by CN code 0202 and products covered by CN code 0206 29 91 for the period 1 July 2006 to 30 June 2007.

2. A company formed by the merger of companies each having reference imports may use those reference imports as basis for its application.

3. Proof of imports referred to in paragraph 1 shall accompany the application for import rights and shall be provided by means of a duly endorsed copy for the consignee of the customs declaration for release for free circulation.

The order number of the tariff quota shall be 09.4003.

However, operators that provided that proof together with their application for import rights in relation to the quantities available for the first sub-period of this quota as referred to in Article 1(3)(a), are exempted from the obligation to provide such proof in case of applications for import rights in relation to the quantities available for the second sub-period of this quota as referred to in Article 1(3)(b).

2. The Common Custom Tariff duty applicable to the quota provided for in paragraph 1 shall be 20 % *ad valorem*.

3. The quantity referred to in paragraph 1 shall be staggered as follows:

#### Article 4

1. Applications for import rights shall reach the competent authority in the Member State where the applicant is entered in the national VAT register:

(b) no later than 13:00, Brussels time, on 12 January 2007 for applications related to the sub-period as referred to in Article 1(3)(b).

#### Article 2

For the purposes of this Regulation,

(a) 100 kilograms of bone-in meat shall be equivalent to 77 kilograms of boneless meat;

(b) 'frozen meat' means meat that is frozen and has an internal temperature of  $-12^{\circ}\text{C}$  or lower when it enters the customs territory of the Community.

All quantities presented as reference quantity, in application of Article 3, shall constitute the import rights applied for.

#### Article 3

1. A Community operator may apply for import rights on the basis of a reference quantity which shall be the quantities of beef falling under CN codes 0201, 0202, 0206 10 95 or 0206 29 91 imported by him/her or on his/her behalf under the relevant customs provisions, between 1 May 2005 and 30 April 2006.

2. After verifying the documents submitted, the Member States shall communicate to the Commission no later than the third Friday following the end of the respective periods for the submission of applications referred to in paragraph 1, a list of applicants for import rights under the quota provided for in Article 1, including in particular their names and addresses and the quantities of eligible meat imported during the reference period concerned.

Subject to the entry into force of the Treaty of Accession of Bulgaria and Romania on 1 January 2007, operators in these countries may apply for import rights in relation to the quantities available for the second sub-period of this quota as

*Article 6*

1. In order to be admissible, the application for import rights must be accompanied by a security of EUR 6 per 100 kilograms boneless equivalent.

2. Where application of the allocation coefficient referred to in Article 5 causes fewer import rights to be allocated than had been applied for, the security lodged shall be released proportionally without delay.

3. The application for one or several import licences totalling the import rights allocated shall constitute a primary requirement within the meaning of Article 20(2) of Regulation (EEC) No 2220/85.

*Article 7*

1. Imports of the quantities allocated shall be subject to presentation of one or more import licences.

2. Licence applications may be lodged solely in the Member State where the applicant has obtained import rights under the quota provided for in Article 1(1).

## COMMISSION REGULATION (EC) No 708/2006

of 8 May 2006

**amending Regulation (EC) No 1725/2003 adopting certain international accounting standards in accordance with Regulation (EC) No 1606/2002 of the European Parliament and of the Council as regards International Accounting Standard (IAS) 21 and International Financial Reporting Interpretations Committee's (IFRIC) Interpretation 7**

(Text with EEA relevance)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Regulation (EC) No 1606/2002 of the European Parliament and of the Council of 19 July 2002 on the application of international accounting standards <sup>(1)</sup>, and in particular Article 3(1) thereof,

Whereas:

(1) By Commission Regulation (EC) No 1725/2003 <sup>(2)</sup> certain international standards and interpretations that were extant at 14 September 2002 were adopted.

(2) On 24 November 2005, the International Financial Reporting Interpretations Committee (IFRIC) published IFRIC Interpretation 7 *Applying the Restatement Approach under IAS 29 Financial Reporting in Hyperinflationary Economies*, hereinafter 'IFRIC 7'. IFRIC 7 clarifies the requirements under IAS 29 *Financial Reporting in Hyperinflationary Economies* relating to issues that companies had regarding how a company should restate its financial statements pursuant to IAS 29 in the first year it identifies the existence of hyperinflation in the economy of its functional currency.

(3) On 15 December 2005, the International Accounting Standards Board (IASB) issued Amendment to IAS 21 *The Effects of Changes in Foreign Exchange Rates — Net Investment in a Foreign Operation*, to clarify its requirements regarding an entity's investment in foreign operations. Companies had raised concerns relating to loans that form part of a company's investment in a foreign operation as IAS 21 included provisions requiring the loan to be denominated in the functional currency of either the company or the foreign operation

in order that the exchange differences arising could be recognised in the equity section of the consolidated financial statements. However, in practice the loan may be denominated in another (third) currency. The IASB concluded that it had not intended to impose this restriction, therefore published this amendment to permit the loan to be denominated in a third currency.

(4) The consultation with technical experts in the field confirm that IFRIC 7 and the Amendment to IAS 21 meet the technical criteria for adoption set out in Article 3(2) of Regulation (EC) No 1606/2002.

(5) Regulation (EC) No 1725/2003 should therefore be amended accordingly.

(6) The measures provided for in this Regulation are in accordance with the opinion of the Accounting Regulatory Committee,

HAS ADOPTED THIS REGULATION:

*Article 1*

Annex to Regulation (EC) No 1725/2003 is amended as follows:

1. International Financial Reporting Interpretations Committee's (IFRIC) Interpretation 7 *Applying the Restatement Approach under IAS 29 Financial Reporting in Hyperinflationary Economies*, is inserted as set out in the Annex to this Regulation;

2. International Accounting Standard (IAS) 21 is amended in accordance with the Amendment to IAS 21 *The Effects of Changes in Foreign Exchange Rates — Net Investment in a Foreign Operation*, as set out in the Annex to this Regulation.

<sup>(1)</sup> OJ L 243, 11.9.2002, p. 1.

*Article 2*

1. Each company shall apply IFRIC 7 as set out in the Annex to this Regulation as from the commencement date of its 2006 financial year at the latest, except for companies with a January or February commencement date shall apply IFRIC 7 as from the commencement date of its 2007 financial year at the latest.

2. Each company shall apply the Amendment to IAS 21 as set out in the Annex to this Regulation as from the commencement date of its 2006 financial year at the latest.

*Article 3*

This Regulation shall enter into force on the third day following that of its publication in the *Official Journal of the European Union*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

## INTERNATIONAL FINANCIAL REPORTING STANDARDS

IFRIC 7	IFRIC Interpretation 7 <i>Applying the Restatement Approach under IAS 29 Financial Reporting in Hyperinflationary Economies</i>
IAS 21	Amendment to IAS 21 <i>The Effects of Changes in Foreign Exchange Rates — Net Investment in a Foreign Operation</i>

## IFRIC INTERPRETATION 7

**Applying the Restatement Approach under IAS 29  
Financial Reporting in Hyperinflationary Economies****References**

- IAS 12 *Income Taxes*
- IAS 29 *Financial Reporting in Hyperinflationary Economies*

**Background**

1 This Interpretation provides guidance on how to apply the requirements of IAS 29 in a reporting period in which an entity identifies (\*) the existence of hyperinflation in the economy of its functional currency, when that economy was not hyperinflationary in the prior period, and the entity therefore restates its financial statements in accordance with IAS 29.

**Issues**

2 The questions addressed in this Interpretation are:

- (a) how should the requirement ‘... stated in terms of the measuring unit current at the balance sheet date’ in paragraph 8 of IAS 29 be interpreted when an entity applies the Standard?
- (b) how should an entity account for opening deferred tax items in its restated financial statements?

**Consensus**

3 In the reporting period in which an entity identifies the existence of hyperinflation in the economy of its functional currency, not having been hyperinflationary in the prior period, the entity shall apply the requirements of IAS 29 as if the economy had always been hyperinflationary. Therefore, in relation to non-monetary items measured at historical cost, the entity's opening balance sheet at the beginning of the earliest period presented in the financial statements shall be restated to reflect the effect of inflation from the date the assets were acquired and the liabilities were incurred or assumed until the closing balance sheet date of the reporting period. For non-monetary items carried in the opening balance sheet at amounts current at dates other than those of acquisition or incurrence, that restatement shall reflect instead the effect of inflation from the dates those carrying amounts were determined until the closing balance sheet date of the reporting period.

4 At the closing balance sheet date, deferred tax items are recognised and measured in accordance with IAS 12. However, the deferred tax figures in the opening balance sheet for the reporting period shall be determined as follows:

- (a) the entity remeasures the deferred tax items in accordance with IAS 12 after it has restated the nominal carrying amounts of its non monetary items at the date of the opening balance sheet of the reporting period by applying the measuring unit at that date.
- (b) the deferred tax items remeasured in accordance with (a) are restated for the change in the measuring unit from the date of the opening balance sheet of the reporting period to the closing balance sheet date of that period.

The entity applies the approach in (a) and (b) in restating the deferred tax items in the opening balance sheet of any comparative periods presented in the restated financial statements for the reporting period in which the entity applies IAS 29.

5 After an entity has restated its financial statements, all corresponding figures in the financial statements for a subsequent reporting period, including deferred tax items, are restated by applying the change in the measuring unit for that subsequent reporting period only to the restated financial statements for the previous reporting period.

**Effective date**

6 An entity shall apply this Interpretation for annual periods beginning on or after 1 March 2006. Earlier application is encouraged. If an entity applies this Interpretation to financial statements for a period beginning before 1 March 2006, it shall disclose that fact.

(\*) The identification of hyperinflation is based on the entity's judgement of the criteria in paragraph 3 of IAS 29.

**Amendment to IAS 21*****The Effects of Changes in Foreign Exchange Rates***

This document sets out amendments to IAS 21 *The Effects of Changes in Foreign Exchange Rates*. The amendments finalise proposals that were contained in Draft Technical Correction 1 Proposed Amendments to IAS 21 *Net Investment in a Foreign Operation* published in September 2005.

An entity shall apply the amendments in this document for annual periods beginning on or after 1 January 2006. Earlier application is encouraged.

*Net investment in a foreign operation*

Paragraph 15A is added as follows.

'15A The entity that has a monetary item receivable from or payable to a foreign operation described in paragraph 15 may be any subsidiary of the group. For example, an entity has two subsidiaries, A and B. Subsidiary B is a foreign operation. Subsidiary A grants a loan to Subsidiary B. Subsidiary A's loan receivable from Subsidiary B would be part of the entity's net investment in Subsidiary B if settlement of the loan is neither planned nor likely to occur in the foreseeable future. This would also be true if Subsidiary A were itself a foreign operation.'

*Recognition of exchange difference*

Paragraph 33 is amended as follows.

'33 When a monetary item forms part of a reporting entity's net investment in a foreign operation and is denominated in the functional currency of the reporting entity, an exchange difference arises in the foreign operation's individual financial statements in accordance with paragraph 28. If such an item is denominated in the functional currency of the foreign operation, an exchange difference arises in the reporting entity's separate financial statements in accordance with paragraph 28. If such an item is denominated in a currency other than the functional currency of either the reporting entity or the foreign operation, an exchange difference arises in the reporting entity's separate financial statements and in the foreign operation's individual financial statements in accordance with paragraph 28. Such exchange differences are reclassified to the separate component of equity in the financial statements that include the foreign operation and the reporting entity (ie financial statements in which the foreign operation is consolidated, proportionately consolidated or accounted for using the equity method).'

Paragraph 58A is added as follows.

'58A *Net Investment in a Foreign Operation* (Amendment to IAS 21), issued in December 2005, added paragraph 15A and amended paragraph 33. An entity shall apply those amendments for annual periods beginning on or after 1 January 2006. Earlier application is encouraged.'
