

## DEPARTMENT OF HEALTH &amp; HUMAN SERVICES

Health Care Financing Administration

8325 Security Boulevard  
Baltimore, MD 21207

December 28, 1993

*Dear State Medicaid Director:*

*The purpose of this letter is to notify you about a recent Congressionally enacted revision to the "Hyde Amendment" which affects the Medicaid program and to tell you how this revision in the law is to be implemented.*

*Effective October 1, 1993, as part of P.L. 103-112, the Health and Human Services Appropriation bill, Congress passed a revision of the Hyde Amendment pertaining to Federal funding of abortions under the Medicaid program. As enacted, the provision states:*

*None of the funds appropriated under this Act shall be expended for any abortion except when it is made known to the Federal entity or official to which funds are appropriated under this Act that such procedure is necessary to save the life of the mother or that the pregnancy is the result of an act of rape or incest.*

*Thus, Federal funding (FFP) is now available for abortions performed to save the life of the mother or to terminate pregnancies resulting from rape or incest when the claim for such an abortion is paid by the State on or after October 1, 1993. Please note that it is the date that the State pays the claim and not the date of the service which determines the availability of FFP.*

*In order to implement this provision of the law, we are requesting that beginning with the first Quarterly Expenditure Report (HCFA-64) for fiscal year (FY) 1994 in January, States submit to the Health Care Financing Administration (HCFA) regional office (RO) a form certifying the number of abortions for which FFP is being claimed. The form should outline the number of abortions performed to save the life of the mother, the number performed for a pregnancy resulting from an act of rape, and the number performed for a pregnancy resulting from an act of incest. This certification should be submitted to the RO on a quarterly basis with the completed HCFA-64.*

*Current regulations at 42 CFR 441.203 and 441.206 require that before FFP can be made available, the State must obtain a signed physician's certification that, based on the professional judgment of the physician, the abortion was necessary because "the life of the mother would be endangered if the fetus were carried to term." Because the language of the current Hyde Amendment differs somewhat from its predecessors, the State must change the wording of the physician's certification to comport with the current statutory language. With regard to this portion of the Hyde Amendment, the new legislative language, "to save the life of the mother", has essentially the same meaning as the previous legislation.*

*Page 2 - State Medicaid Director*

*As with all other mandatory medical services for which Federal funding is available, States are required to cover abortions that are medically necessary. By definition, abortions that are necessary to save the life of the mother are medically necessary. In addition, Congress this year added abortions for pregnancies resulting from rape and incest to the category of medically necessary abortions for which funding is provided. Based on the language of this year's Hyde Amendment and on the history of Congressional debate about the circumstances of victims of rape and incest, we believe that this change in the text of the Hyde Amendment signifies Congressional intent that abortions of pregnancies resulting from rape or incest are medically necessary in light of both medical and psychological health factors. Therefore, abortions resulting from rape or incest should be considered to fall within the scope of services that are medically necessary.*

*The definition of rape and incest should be determined in accordance with each State's own law. States may impose reasonable reporting or documentation requirements on recipients or providers, as may be necessary to assure themselves that an abortion was for the purpose of terminating a pregnancy caused by an act of rape or incest. States may not impose reporting or documentation requirements that deny or impede coverage for abortions where pregnancies result from rape or incest. To insure that reporting requirements do not prevent or impede coverage for covered abortions, any such reporting requirement must be waived and the procedure considered to be reimbursable if the treating physician certifies that in his or her professional opinion, the patient was unable, for physical or psychological reasons, to comply with the requirement.*

*States which have State Plan language more restrictive than that provided for under the revised Hyde Amendment may qualify for Federal funding for the first quarter of FY 94 if they submit approvable State Plan language changes by December 31, 1993.*

*By March 31, 1994, all States must ensure that their State Plans do not contain language that precludes FFP for abortions that are performed to save the life of the mother or to terminate pregnancies resulting from rape or incest.*

*As you know, it is necessary for States to adhere to all conditions for Federal Medicaid funding. As part of its ongoing State assessment and audit programs, HCFA may include reviews of abortion claims, if necessary, to assure compliance with these conditions.*

*Please call my office if you have any questions about this matter.*

*Sincerely yours,*

*Sally K. Richardson  
Director  
Medicaid Bureau*

*cc: All Regional Administrators*
