

We upgrade GAIL to BUY from Add due to the recent stock correction, and lower Sep-25E TP by 5% to Rs255. GAIL reported Q2FY25 SA EBITDA of Rs37.4bn, a 4% slip, mainly due to a 25% miss in gas marketing (lower margins) and 7% miss in transmission (higher opex), partly offset by better petchem and other segments. Management reiterated its transmission volume guidance of >130mmscmd in FY25 and 10-12mmscmd annual growth in FY26-27. Marketing margin guidance of >Rs45bn should also rise post-Q3FY25 results. Petchem should see reasonable profits with healthy utilization. We cut FY25E EPS by 10% to factor in the delay in pipeline tariff hike to FY26 and also trim FY26-27E EPS by 6% each on lower marketing income, petchem deltas, and LPG-LHC realization, due to a cut in our Brent assumption to USD80/bbl from USD85. We retain our target 7.5x EV/EBITDA multiple, given 20% EPS CAGR in FY25-26E.

Result Highlights

GAIL's Q2FY25 SA EBITDA/PAT was Rs37.5/26.7bn, down 17%/2% QoQ, up 7%/11% YoY and 4% below/7% above our estimate. The book EBITDA miss was due to lower gas marketing and transmission EBITDA, with beat in Petchem and Others segments. The PAT beat was led by lower DA at Rs8.2bn – down 22% QoQ (included Rs2.34bn of one-off in Q1) and slightly higher Other Income of Rs7.1bn – up 27% YoY. Gas transmission EBITDA fell 8% QoQ as volume grew 9% YoY/fell 1% QoQ to 130.6mmscmd. Average tariff fell 2% QoQ to Rs2.1/scm while opex was up. Gas marketing EBITDA declined 34% QoQ to Rs15.1bn in Q2 (a 25% miss) on weaker RLNG margins QoQ. Marketing volume fell 3% QoQ at 96.6mmscmd (a 4% miss). Petchem EBITDA recovered by 2.3x QoQ to Rs2.8bn. Pata utilization rose to 115% in Q2 after the shutdown in Q1. Realization premium to Korea improved to 13% in Q2 vs 11% QoQ. LPG-LHC EBITDA rose 4% QoQ to Rs2.8bn on better volumes, despite lower realizations. LPG-LHC production increased 17% QoQ. Capex stood at Rs18.9bn in Q2.

Management KTAs

Company has submitted documents for tariff revision to PNGRB 1.5 months back and the process is on with likely applicability from Apr-25-end. Prolonged monsoon and lower power sector demand affected marketing volumes QoQ in Q2. GAIL takes 10-15% of volumes from the spot market. It has secured 1.53mmtpa of term LNG from Vitol and ADNOC, starting CY26, with an aim to secure a total 7mmtpa by CY30. These are crude linked and USD0.5-1/mmbtu cheaper than Qatargas. Marketing margins should stabilize going ahead. The Usar Rs112.56bn 0.5mmtpa PDHPP project has achieved 75% progress and completion-commissioning is expected by Apr-Oct of next year. The Rs13bn Pata 60ktpa PP project is 91% complete and should be mechanically ready by Dec-24. It is looking at listing of 1-2 CGD JVs and an update on this is likely by Q3FY25. Dabhol would be an all-weather terminal by next monsoon with breakerwork done by Feb-25. FY25 conservative/normative capex target is Rs80-90bn/>Rs100bn.

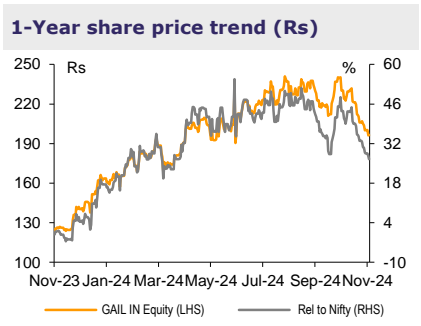

Valuation

We cut FY25E earnings by 10% to factor in the delay in transmission tariff hike to FY26 along with lower oil prices. We value GAIL on SOTP-EV/EBITDA-based methodology, with investments at 30% holdco discount. We retain our blended target multiple at 7.5x Sep-26E EV/EBITDA. **Key risks: Adverse commodity price and margins, currency fluctuations, regulations, outages and project delays.**

Concall Highlights

Gas transmission

- GAIL's natural gas transmission volumes were steady in Q2FY25 as fertilizer recovered QoQ and Pata was also back to >100% utilization. Pipeline capacity utilization was 62%. Maintain guidance of >130mmscmd for FY25 and did 131.21mmscmd in H1FY25. Expect volumes to grow by 10-12mmscmd annually in FY26 and beyond.
- Have submitted documents for tariff revision 1.5 months ago to PNGRB and the process is on and expected to be completed by end of Mar-25 with applicability from Apr-25. It can come for public consultation by Dec-24. The filing is part of regular review.
- Transmission opex was higher on increase in fuel consumption at compressors and this level can continue, though the company would get recovery of such higher costs through tariffs.
- The Mumbai-Nagpur-Jharsuguda project would be progressively commissioned by Jun-25, JHBDPL remaining (2,896km already done out of 3,289km) by Mar-25, KKMBPL remaining by Mar-25 (out of 901km, 579km done), Srikakulam Angul by Jun-25, Gurdaspur Jammu by Jul-26, and the remaining Bengal section of Dhamra Haldia by Mar-25 (154km of 253km done).
- Working on securing more pipeline projects with PNGRB going ahead, both nominated and bid-based. Some pipelines which were earlier cancelled from other players can come in the future.

Gas marketing

- Prolonged monsoon and lower power sector demand affected marketing volumes QoQ in Q2. There was scheduling issues in LNG cargoes and spot LNG arbitrage was not conducive as rates were higher, hence was short of trading volumes (still took from outside). GAIL takes 10-15% of volumes from spot markets.
- Q1FY25 marketing earnings were better on 3mmscmd higher volumes and better arbitrage between Henry Hub and crude-linked volumes. Upstream contracts are 9 months average pricing while downstream are of 3 months. Expect reasonable margins for the next two quarters with 4-5mmscmd volume growth.
- Expect FY25 marketing margin guidance of Rs45bn to be crossed, given Rs32.87bn in H1 which is 73% of the target. Will come up with revised guidance in Q3FY25.
- Have secured 1.53mmtpa of term LNG from Vitol and ADNOC, starting CY26. These are crude-linked and USD0.5-1/mmbtu cheaper than Qatargas. Aim to source 7mmtpa of term volumes in phases by CY30.
- Marketing margins should stabilize going ahead and spot LNG prices would not impact much. Volumes will grow, while near-term spot LNG prices can come down but eventually it would go up. GAIL sells 10% volume in spot (75-80% back-to-back volumes) where it can see trading gains.
- APM allocation cut provides opportunity to source and market more LNG to the CGD sector.

Petchem

- Pata utilization was 116% in Q2 and expect this runrate going ahead with full year volumes at capacity, ie 810kt. Q1/Q2FY25 gas sourcing cost was ~USD8.5/9.0 per mmbtu for petchem. PBT in H1FY25 was Rs1.16bn vs Rs4bn loss YoY; expect reasonable profits for the year. GAIL is further optimizing sourcing.
- The Usar Rs112.56bn 0.5mmtpa PDHPP project has achieved 75% progress and completion-commissioning is expected by Apr-Oct of 2025. The Rs12.99bn Pata 60ktpa PP project is 91% complete and should be mechanically ready by Dec-24. GMPL should be completed by Jun-25.
- The PDHPP project was envisaged in FY19 as GAIL wanted to enter the PP market (currently marketing very small quantity of PP from Pata). There is good correlation between propane and PP prices and it should gain the spreads. It is the largest petchem project for GAIL and should take 1 year to become profitable, ie from FY27 onwards vs commissioning in FY26. Rs30bn of capex is pending.

- GMPL would also take 1 year to become profitable. Country is growing at 7% and polymer demand is also growing similarly. Will come back on profitability guidance of new plants later.
- The dedicated C2-C3 pipeline from Vijaipur to Pata is to optimize feed cost. Currently, there is a 10% loss on gas-based ethane sourcing, as extraction happens and the same is being pumped with natural gas.
- GAIL continues to evaluate petchem investments, including a new ethane cracker but has not decided on anything as yet.

Others

- GAIL standalone CGD had 194 CNG stations and 0.348mn DPNG customers in 6 GAs as of Sep-24-end, with 3,765 DPNG connections added in Q3. CNG volume was 0.38mmscmd of which APM/RLNG was 0.23/0.15. It aims for 80 new CNG stations and 0.12mn DPNG connections in the next 2 years. Impact from recent APM allocation cut is Rs60mn per quarter.
- GAIL gas revenue was Rs31.5bn in Q2 vs Rs29.87bn QoQ, up 5% with 8% growth in CNG volumes, 15% in I/CPNG, and 5% in bulk trading. PBT was Rs1.67bn vs Rs1.49bn QoQ, up 12% while PAT was Rs1.24bn vs Rs1.1bn, an increase of 13% QoQ. It added 26,795 DPNG connections and 8 CNG stations in Q2 totaling 1.03mn and 580, respectively, as of now. Impact from APM allocation cut is Rs160mn per quarter.
- CGD demand is increasing, so APM gas allocation may come down going ahead. Review is going on regarding price hikes by GAIL's CGD entities and as of date the view is that price revision has to take place.
- GAIL has not taken any decision on restructuring of GAIL Gas etc, but same is in mind, though listing of 1-2 JVs is in process and the management will come back on this by Q3FY25.
- LHC capacity utilization was 71% while LPG transmission was 98%. Expect LNG production to be stable annually and GAIL is hedging LPG prices.
- Expect Dabhol to become an all-weather LNG terminal by next monsoon with breakwater done by Feb-25. GAIL would bring more of its own cargoes then.
- Capex in Q2 was Rs18.85bn spent on pipelines, CGD, net zero-RE, operations etc. Expect capex of Rs80-90bn to >Rs100bn in FY25 (conservative vs usual case). H2 capex would be higher vs H1. Debt could increase by Rs10-20bn but remain largely stable going ahead. Interest cost is 7.5-7.7%.
- In terms of depreciation, Q1 had Pata annual plant maintenance and expenditure was depreciated as plant life of Pata-1 was already completed (Rs410mn impact). Same was the case for some pipelines as well (Hazira Rs990mn) and a ship also completed its leasing period (Rs5.69bn). It was Rs2.34bn higher one time in Q1. Expect Rs36bn DA in FY25.
- Other Income included interest income; sale of steam (Rs1.5bn); BCPL marketing; sale of scrap; dividend income (Rs3.64bn); customer delayed payment interest (Rs510mn); and interest on loans to subsidiaries, associates, and JVs (Rs1.53bn).

RECOMMENDATION HISTORY - TREND

Source: Company, Bloomberg, Emkay Research

GENERAL DISCLOSURE/DISCLAIMER BY EMKAY GLOBAL FINANCIAL SERVICES LIMITED (EGFSL):

Emkay Global Financial Services Limited (CIN-L67120MH1995PLC084899) and its affiliates are a full-service, brokerage, investment banking, investment management and financing group. Emkay Global Financial Services Limited (EGFSL) along with its affiliates are participants in virtually all securities trading markets in India. EGFSL was established in 1995 and is one of India's leading brokerage and distribution house. EGFSL is a corporate trading member of BSE Limited (BSE), National Stock Exchange of India Limited (NSE), MCX Stock Exchange Limited (MCX-SX), Multi Commodity Exchange of India Ltd (MCX) and National Commodity & Derivatives Exchange Limited (NCDEX) (hereinafter referred to as "Stock Exchange(s)"). EGFSL along with its [affiliates] offers the most comprehensive avenues for investments and is engaged in the businesses including stock broking (Institutional and retail), merchant banking, commodity broking, depository participant, portfolio management and services rendered in connection with distribution of primary market issues and financial products like mutual funds, fixed deposits. Details of associates are available on our website i.e. www.emkayglobal.com.

EGFSL is registered as Research Analyst with the Securities and Exchange Board of India ("SEBI") bearing registration Number INH000000354 as per SEBI (Research Analysts) Regulations, 2014. EGFSL hereby declares that it has not defaulted with any Stock Exchange nor its activities were suspended by any Stock Exchange with whom it is registered in last five years. However, SEBI and Stock Exchanges had conducted their routine inspection and based on their observations have issued advice letters or levied minor penalty on EGFSL for certain operational deviations in ordinary/routine course of business. EGFSL has not been debarred from doing business by any Stock Exchange / SEBI or any other authorities; nor has its certificate of registration been cancelled by SEBI at any point of time.

EGFSL offers research services to its existing clients as well as prospects. The analyst for this report certifies that all of the views expressed in this report accurately reflect his or her personal views about the subject company or companies and its or their securities, and no part of his or her compensation was, is or will be, directly or indirectly related to specific recommendations or views expressed in this report.

This report is based on information obtained from public sources and sources believed to be reliable, but no independent verification has been made nor is its accuracy or completeness guaranteed. This report and information herein is solely for informational purpose and shall not be used or considered as an offer document or solicitation of offer to buy or sell or subscribe for securities or other financial instruments. Though disseminated to all the clients simultaneously, not all clients may receive this report at the same time. The securities discussed and opinions expressed in this report may not be suitable for all investors, who must make their own investment decisions, based on their own investment objectives, financial positions and needs of specific recipient.

EGFSL and/or its affiliates may seek investment banking or other business from the company or companies that are the subject of this material. EGFSL may have issued or may issue other reports (on technical or fundamental analysis basis) of the same subject company that are inconsistent with and reach different conclusion from the information, recommendations or information presented in this report or are contrary to those contained in this report. Users of this report may visit www.emkayglobal.com to view all Research Reports of EGFSL. The views and opinions expressed in this document may or may not match or may be contrary with the views, estimates, rating, and target price of the research published by any other analyst or by associate entities of EGFSL; our proprietary trading, investment businesses or other associate entities may make investment decisions that are inconsistent with the recommendations expressed herein. In reviewing these materials, you should be aware that any or all of the foregoing, among other things, may give rise to real or potential conflicts of interest including but not limited to those stated herein. Additionally, other important information regarding our relationships with the company or companies that are the subject of this material is provided herein. All material presented in this report, unless specifically indicated otherwise, is under copyright to Emkay. None of the material, nor its content, nor any copy of it, may be altered in any way, transmitted to, copied or distributed to any other party, without the prior express written permission of EGFSL. All trademarks, service marks and logos used in this report are trademarks or registered trademarks of EGFSL or its affiliates. The information contained herein is not intended for publication or distribution or circulation in any manner whatsoever and any unauthorized reading, dissemination, distribution or copying of this communication is prohibited unless otherwise expressly authorized. Please ensure that you have read "Risk Disclosure Document for Capital Market and Derivatives Segments" as prescribed by Securities and Exchange Board of India before investing in Indian Securities Market. In so far as this report includes current or historic information, it is believed to be reliable, although its accuracy and completeness cannot be guaranteed.

This report has not been reviewed or authorized by any regulatory authority. There is no planned schedule or frequency for updating research report relating to any issuer/subject company.

Please contact the primary analyst for valuation methodologies and assumptions associated with the covered companies or price targets.

Disclaimer for U.S. persons only: Research report is a product of Emkay Global Financial Services Ltd., under Marco Polo Securities 15a6 chaperone service, which is the employer of the research analyst(s) who has prepared the research report. The research analyst(s) preparing the research report is/are resident outside the United States (U.S.) and are not associated persons of any U.S. regulated broker-dealer and therefore the analyst(s) is/are not subject to supervision by a U.S. broker-dealer, and is/are not required to satisfy the regulatory licensing requirements of Financial Institutions Regulatory Authority (FINRA) or required to otherwise comply with U.S. rules or regulations regarding, among other things, communications with a subject company, public appearances and trading securities held by a research analyst account.

This report is intended for distribution to "Major Institutional Investors" as defined by Rule 15a-6(b)(4) of the U.S. Securities and Exchange Act, 1934 (the Exchange Act) and interpretations thereof by U.S. Securities and Exchange Commission (SEC) in reliance on Rule 15a 6(a)(2). If the recipient of this report is not a Major Institutional Investor as specified above, then it should not act upon this report and return the same to the sender. Further, this report may not be copied, duplicated and/or transmitted onward to any U.S. person, which is not the Major Institutional Investor. In reliance on the exemption from registration provided by Rule 15a-6 of the Exchange Act and interpretations thereof by the SEC in order to conduct certain business with Major Institutional Investors. Emkay Global Financial Services Ltd. has entered into a chaperoning agreement with a U.S. registered broker-dealer, Marco Polo Securities Inc. ("Marco Polo"). Transactions in securities discussed in this research report should be effected through Marco Polo or another U.S. registered broker dealer.

RESTRICTIONS ON DISTRIBUTION

This report is not directed to, or intended for distribution to or use by, any person or entity who is a citizen or resident of or located in any locality, state, country or other jurisdiction where such distribution, publication, availability or use would be contrary to law or regulation. Except otherwise restricted by laws or regulations, this report is intended only for qualified, professional, institutional or sophisticated investors as defined in the laws and regulations of such jurisdictions. Specifically, this document does not constitute an offer to or solicitation to any U.S. person for the purchase or sale of any financial instrument or as an official confirmation of any transaction to any U.S. person. Unless otherwise stated, this message should not be construed as official confirmation of any transaction. No part of this document may be distributed in Canada or used by private customers in United Kingdom.

ANALYST CERTIFICATION BY EMKAY GLOBAL FINANCIAL SERVICES LIMITED (EGFSL)

The research analyst(s) primarily responsible for the content of this research report, in part or in whole, certifies that the views about the companies and their securities expressed in this report accurately reflect his/her personal views. The analyst(s) also certifies that no part of his/her compensation was, is, or will be, directly or indirectly, related to specific recommendations or views expressed in the report. The research analyst (s) primarily responsible of the content of this research report, in part or in whole, certifies that he or his associated persons¹ may have served as an officer, director or employee of the issuer or the new listing applicant (which includes in the case of a real estate investment trust, an officer of the management company of the real estate investment trust; and in the case of any other entity, an officer or its equivalent counterparty of the entity who is responsible for the management of the issuer or the new listing applicant). The research analyst(s) primarily responsible for the content of this research report or his associate may have Financial Interests² in relation to an issuer or a new listing applicant that the analyst reviews. EGFSL has procedures in place to eliminate, avoid and manage any potential conflicts of interests that may arise in connection with the production of research reports. The research analyst(s) responsible for this report operates as part of a separate and independent team to the investment banking function of the EGFSL and procedures are in place to ensure that confidential information held by either the research or investment banking function is handled appropriately. There is no direct link of EGFSL compensation to any specific investment banking function of the EGFSL.

¹ An associated person is defined as (i) who reports directly or indirectly to such a research analyst in connection with the preparation of the reports; or (ii) another person accustomed or obliged to act in accordance with the directions or instructions of the analyst.

² Financial Interest is defined as interest that are commonly known financial interest, such as investment in the securities in respect of an issuer or a new listing applicant, or financial accommodation arrangement between the issuer or the new listing applicant and the firm or analysis. This term does not include commercial lending conducted at the arm's length, or investments in any collective investment scheme other than an issuer or new listing applicant notwithstanding the fact that the scheme has investments in securities in respect of an issuer or a new listing applicant.
