Solution & Services Bundle: Data Migration International & ICM America LLC
Use Case: Transformation to SAP S/4HANA

LONG-STANDING EXPERTISE AND TRANSFORMATIVE TECHNOLOGY SPEED THE WAY TO SAP S/4HANA

The route to SAP S/4HANA can be long and winding with many roadblocks along the way. The biggest barrier to a successful transition is often outdated legacy systems. Two digital transformation experts – Data Migration International and ICM America – are joining forces to overcome this challenge and forge a faster route to SAP S/4HANA.

The JiVS Information Management Platform (JiVS IMP) from Data Migration International is a game-changing transformation solution that slashes the time and cost of migrating to SAP S/4HANA. ICM America brings long-standing expertise to your SAP migration, complemented by proven consulting services. The company's best practices and process optimization greatly accelerate time-to-value. Together, the two firms make a powerful combination – lightening the data load on SAP S/4HANA, accelerating transformation and driving down costs.

Separating out historical and operational data – in a remarkably fast and failsafe way – JiVS IMP dramatically reduces the volume of data transferred to SAP S/4HANA. The resulting savings are substantial, typically up to 80% of IT operating costs. JiVS IMP also ensures your data is in optimal condition for the move. Together, JiVS IMP and ICM America's experienced consultants help you master a sleek and seamless migration to SAP S/4HANA.

Your remaining legacy data is stored unchanged on JiVS IMP, safeguarding future compliance and legal security. With all of your historical information safely under lock and key – but easy to access when you need it – you can finally pull the plug on costly outdated systems.

Our value proposition

- Simplify and accelerate transformation to SAP S/4HANA
- Retire outdated legacy systems and slash IT operating costs by up to 80%
- Reduce TCO for SAP S/4HANA by 25%
- Only migrate the data you need – in the best possible quality
- Reduce data migration effort by 50%
- Ensure 100% consistency of migrated data
- Access historical data easily and securely for as long as required
- Leverage the expertise of an experienced implementation partner

VOICE OF OUR CUSTOMERS

"We were very happy with our partner, ICM America, in the project. They supported us every step of the way and brought the expertise needed to the table to finish this complex project successfully. Their experts are highly qualified and are very skilled in analyzing the root causes of problems and delivering solutions. They not only showed great flexibility to adapt to delays and upcoming problems, but also went the extra mile to make us successful. They also honored their fixed price, even though unforeseen problems were significantly higher and more complex than expected. We have engaged them in many opportunities since and can only highly recommend their service."

Gary Fenicle, SAP Application Director, B Braun Medical Inc

"JiVS allowed us, and is still allowing us, to simplify our application portfolio, and reduce our infrastructure footprint and energy consumption – all while achieving great savings and maintaining customer satisfaction."

Stephane Battesti, Senior IT Project Manager, GE Corporate
