

PROUD PARTNER
LIVING DONOR CIRCLE OF EXCELLENCE

A major part of donor expenses include lost wages

Donors incur costs, including lost wages during recovery after surgery.

Join the Living Donor Circle of Excellence

Demonstrate appreciation and support for the gift of life. This initiative recognizes employers that support the lost wages of a living donor.

Be a Liver of Life!™

DONORS SAVE LIVES

In 2022, there were 603 living donor liver transplants.

CHANGE POLICIES

A company may not need to support a donor for years. There are only 3.5 donors per 100,000 working persons.

LOW COST COMMITMENT

Assuming a median salary of \$60,000 per year, 80% support for four weeks of coverage is only \$4,000.

PROGRAM REQUIREMENTS

Circle member companies must support living donors through new or existing policies.

- ✔ Minimum 80% salary for at least four weeks of leave
- ✔ Companies may choose to implement annual caps per donor or per company
- ✔ Policies are not AST directed
- ✔ Companies may elect to ensure existing short-term and/or long-term leave provisions include donor recovery time

Because living donation is infrequent, you may not need to support a donor for years.

Partners in Living Donation

COMPANY BENEFITS

- ✔ Official printed certificate of membership suitable for framing
- ✔ Recognition on Circle of Excellence website
- ✔ Recognition on AST and Power2Save social media platforms
- ✔ Promotion as a Circle of Excellence Member at all major transplant meetings, AST public events and dedicated recognition events
