Interactive comment on "Distribution of Water Masses in the Atlantic Ocean based on GLODAPv2" *by* Mian Liu and Toste Tanhua

Matthew Hecht (Editor)

mhecht@lanl.gov

Dear Mr. Liu, as we discussed, I think it is reasonable to withdraw this second manuscript discussing the application of your method, while you work to see if you can satisfy the reviewers that the method proposed in the first paper is sound.

Sincerely Yours, –Matthew Hecht
