As further explained in the ARM, the information from this record provides cause for the suspension under 2 C.F.R. § 180.700(b) and (c) for the debarment cause provided in 2 C.F.R. § 180.800(d) – “Any other cause of so serious or compelling a nature that it affects your present responsibility.” HHS believes there is adequate evidence in the record for this debarment cause and that immediate action is necessary to protect the public interest.

If EHA wishes to contest this action, EHA or EHA’s representative acting on its behalf, must either send, or make arrangements to appear and present information and argument to me, the HHS Suspension and Debarment Official (SDO), within 30 days after EHA receives this Notice and ARM. *See* 2 C.F.R. § 180.725(b) (addressing the time a respondent has to contest a suspension and when a Notice is considered to be “received”).

If EHA designates a representative to respond on its behalf, please send notification of the identity of the representative via electronic mail to the HHS Exclusion Mailbox at the following email address: [exclusioninquiries@hhs.gov](mailto:exclusioninquiries@hhs.gov). The designation should specifically state the names, addresses, phone numbers, and email addresses of all individuals or companies the designee has the authority to represent in this matter.

Any response contesting this suspension action may include any information and argument in opposition to the suspension that EHA would like considered by the SDO and should provide information responsive to 2 C.F.R. § 180.730(a)(1)-(4). Additional information about contesting the suspension is available at 2 C.F.R. Part 180, Subparts F and G, generally, and specifically, 2 C.F.R. § 180.720 *et seq.*

Any response contesting this proposed debarment action may similarly include any information and argument in opposition to the suspension and proposed debarment that EHA would like considered by the SDO and should provide information responsive to 2 C.F.R. § 180.825(a)(1)-(4). Additional information about contesting the debarment is available at 2 C.F.R. Part 180, Subparts F and H, generally, and specifically, 2 C.F.R. § 180.815 *et seq.*

The suspension and proposed debarment are effective as of May 14, 2024. The suspension and debarment, if ultimately imposed, has the following consequences pursuant to the authorities of 2 C.F.R. § 180 and the Federal Acquisition Regulation (FAR) (under the reciprocal effect provision of 2 C.F.R. § 180.140).

1. The entity's name, EcoHealth Alliance, Inc., will be published in the General Services Administration's web-based System for Award Management (SAM), available at [www.sam.gov](http://www.sam.gov). SAM contains the names of contractors debarred, suspended, proposed for debarment, or declared ineligible by any federal agency. Suspension and proposed debarment are effective throughout the executive branch of the United States Federal Government and apply to procurement and nonprocurement programs.
2. Offers will not be solicited from, contracts will not be awarded to, existing contracts will not be renewed or otherwise extended for, and subcontracts requiring United States Federal Government approval will not be approved for EHA by any agency in the executive branch of the United States Federal Government, unless the head of the agency taking the contracting action determines that there is a compelling reason for such action.
3. EHA may not conduct business with the United States Federal Government as an agent or representative of other contractors, or as an agent or representative of other participants in federal assistance programs, nor may EHA act as an individual surety to other United States Federal Government contractors.
4. No United States Federal Government contractor may award to EHA a subcontract equal to or in excess of \$35,000, except for certain subcontracts for commercially available off-the-shelf items, unless there is a compelling reason to do so and the contractor first notifies the contracting officer and further complies with the provisions of FAR 9.405-2(b).
5. EHA's affiliation with, or relationship to, any organization doing business with the United States Federal Government will be carefully examined to determine the impact of those ties on the responsibility of that organization to be a United States Federal Government contractor or subcontractor.
6. EHA is prohibited from acting as a participant in Federal agency transactions that are covered transactions unless an exception applies, and prohibited from acting as a principal of a participant in those covered transactions. *See* 2 C.F.R. §§ 180.130, 180.200,

and 180.980. Covered transactions include certain procurement and certain nonprocurement transactions. *See* 2 C.F.R. § 180.200. EHA is prohibited from participating in certain non-procurement transactions which include but are not limited to grants, cooperative agreements, scholarships, fellowships, contracts of assistance, loans, loan guarantees, subsidies, insurances, payments for specified uses, and donation agreements. *See* 2 C.F.R. § 180.970. No agency in the executive branch shall enter into, renew, or extend, primary or lower-tier covered transactions in which EHA is either a participant or principal, unless the head of the agency grants an exception in writing.

The determination to suspend and/or debar is discretionary and is being made on the basis of an administrative record. Any written information submitted by EHA will become a part of this administrative record, as will any information added to the record by the United States Federal Government. A copy of the administrative record will be furnished upon request.

As noted in the ARM, this suspension is a temporary action. Suspension is used where immediate action is necessary to protect the integrity of federal procurement and nonprocurement activities. The suspension is effective until the conclusion of debarment proceedings pursuant to 2 C.F.R. § 180.760(a). It is important to note that suspension and debarment actions are not punitive. Accordingly, I will consider any information EHA provides in response to this Notice.

Debarment is generally for a period not to exceed three years; however, regardless of whether EHA contests this action or responds to this Notice, I may impose debarment for a longer period or shorter period as the circumstances warrant. The length of debarment, if ultimately imposed, will be based on the seriousness of the cause for debarment, as provided by 2 C.F.R. § 180.865. I may also take into account any mitigating or aggravating factors that may apply, as provided by 2 C.F.R. § 180.860.

Any electronic communications regarding this matter should be addressed to the HHS Exclusion Mailbox at [exclusioninquiries@hhs.gov](mailto:exclusioninquiries@hhs.gov). Written submissions should be addressed to the U.S. Department of Health and Human Services, Office of Acquisitions, Office of Recipient Integrity Coordination, 200 Independence Avenue, S.W., Room 519H, Washington, D.C. 20201.

Sincerely,
