Trust Funds in Action

World Bank trust funds and FIFs support a diverse range of development activities that help countries, regions, and the global community respond to the overlapping challenges of climate change, pandemics, fragility, conflict, and violence (FCV), and financial instability. This report features the following 52 trust-funded activities implemented in the last five years (fiscal 2019-23). They are further detailed in the 2023 Yearbook of Trust-funded Results.
