ACCOUNTS FOR THE YEAR 2004

RECAPITULATION OF MAIN ACCOUNTING PRINCIPLES

Financial Regulation

The accounts are kept in accordance with the requirements of the Foundation's Financial Regulations (FR) and the rules for the Implementation of the Financial Regulations (IFR) which were adopted the 28th March 2003 by the Administrative Board and in accordance with the accounting manual of the Commission.

Conversion into EURO

The accounts are kept in euro in accordance with Article 213 of IFR. Transactions are converted into euro at monthly accounting rates.

The euro conversion rate used in preparing the balance sheet is that of the 31st December 2003 (1 EUR = IEP 0,787564) except for carry overs some of which are required to cover commitments in national currencies which are converted into euro at the monthly accounting rates for December. No subsequent reassessment of the total value of these carry overs in euro is permitted.

Revenue

Revenue is entered in the accounts on the basis of amounts actually collected in the course of the year.

Expenditure

The payments against the year's appropriations are those which are effected by the Accounting Officer not later than 31st December. Appropriations for commitments are carried over to the following financial year only.

The final balance on difference in exchange account is transferred to the Revenue and Expenditure account.

Fixed Assets

Movable property (equipment and furniture) and buildings are depreciated on a straight line basis as applied to the purchase price in national currency, excluding VAT, converted into euro at the accounting rate in force at time of purchase.

Inventories

Stocks of publications held at the Office for Official Publications have been consolidated with the stocks of Community Institutions held by that body.
