

# LET'S EAT, GRANDMA PHILANTHROPY IMPACT 2022

## Our Mission

Our goal is to elevate and empower people in our community who have experienced barriers in the pursuit of meaningful life and work.

Since 2020, we have dedicated a portion of our revenue to giving back to our global community.

## Our Values

**Empowerment** - We empower people in the community to get the job they want by providing resources & expertise.

**Connection** - We connect and get to know the needs of the community and local non-profits.

**Empathy** - Everything we do, we do with empathy and compassion to foster a strong, caring community.

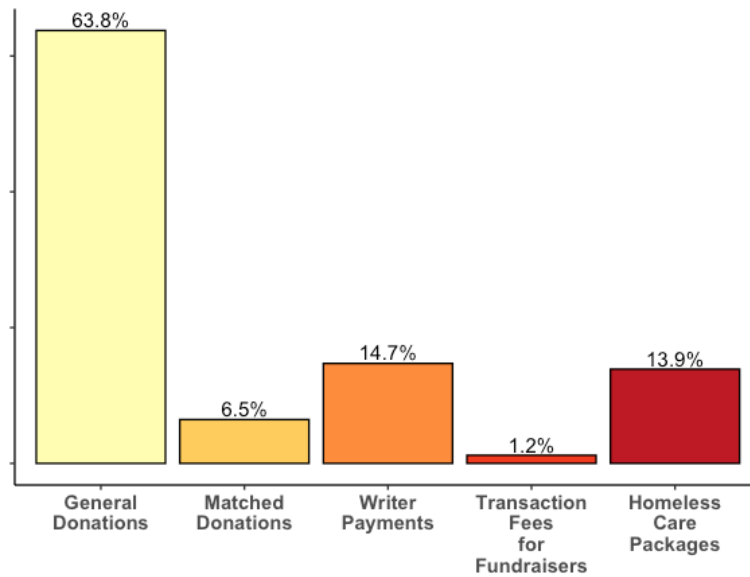

## Philanthropy Spending

**\$2,802 total spent**

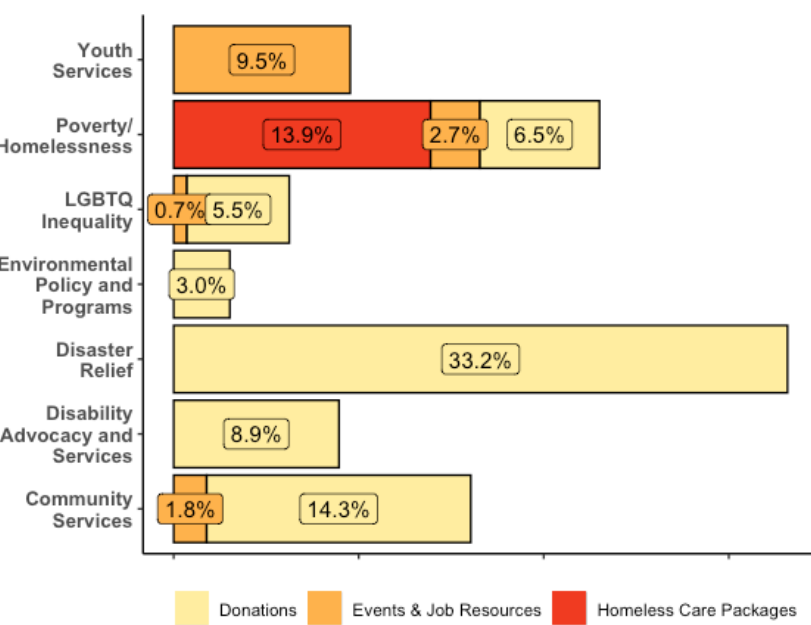

on donations and resource distribution in 2022.

Of the overall spending (Fig 1), **64% or \$1,786 of the budget was spent on general donations.** This was followed by **15% or \$412 spent on payments to our writers for workshops with non-profits.** The rest was spent on things like homeless care bags, transaction fees for fundraisers, and matching donations from our team and clients.

**Overall, how did we spend our budget? (Fig 1)**

**What did we help improve in the community and how? (Fig 2)**

Of the resources given and donations (Fig 2), **33% total or \$930 was spent on disaster relief** initiatives, particularly for the war in Ukraine and the flood in Pakistan. This was followed by **23% total or \$635 spent on poverty/homelessness-focused** initiatives such as care bags, and then **16% total or \$450 was spent on improving general community services**, which are services meant to build opportunities for the general population such as family and adult services. We primarily donated money but also provided events and resources.

## Resource Distribution

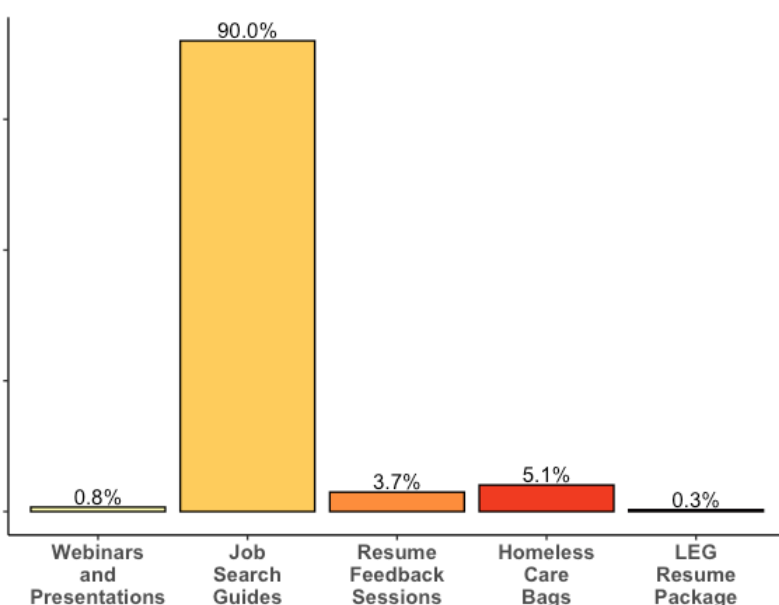

**591 resources distributed**

to various non-profits and individuals in need.

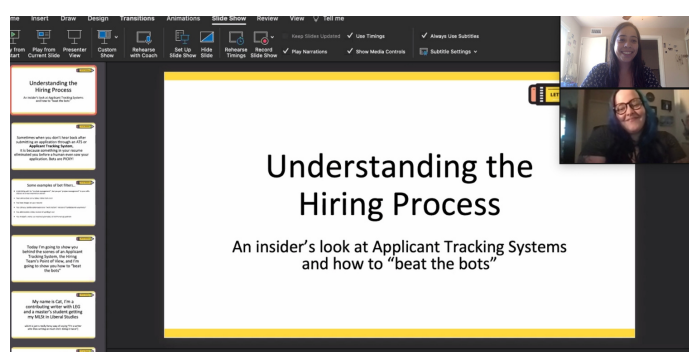

**321 people helped**

through distributing resources and our expertise.

**What resources did we provide? (Fig 3)**

Of the resources provided (Fig 3), **90% or 532 resources were written job search guides.** We typically hand out job search resources before and after events we hold with non-profits (Fig 4 shows our LEG team setting up for a webinar).

(Fig 4)

(Fig 5)

**Homeless care bags** made up 5% of resource distribution. We gave out **31 bags total in Austin and Los Angeles, averaging \$13.46 per bag**. These bags included things like water, food, socks, first aid kits, and other necessities (Fig 5 shows our team making care bags in Austin).

## Fundraising

**\$2,850 raised**

to help fund various philanthropic initiatives

**62 unique donors**

for our fundraisers

**What did our fundraisers help support?**  
(Fig 6)

Job Search Events Basic Necessities Ukraine Crisis Relief

Of our fundraisers (Fig 6), **92%, or \$2,160 was raised to help people in Ukraine** after the start of the war. Money was given to evacuate residents, send supplies to relief centers, and more (Fig 7 shows some of the resources given to Ukrainian relief centers).

(Fig 7)

**The other fundraisers went to supplying basic necessities to those in need** (food, water filters, etc.) and to pay for supplies for our job seeker events (food, event space, paper supplies).

**Donations by LEG Team Members**

(Fig 8)

Out of **the fundraiser donations** (Fig 8), **89% or 55 donors were LEG employees**. We particularly saw our team members come together to support Ukraine. We have two team members from Ukraine and it was incredible to see the immense support in times of trouble.

### Non-Profits We Donated to and/or Gave Resources in 2022

San Antonio Family Services
Food for the Hungry
Water Alliance
Carrollton Pride
Make-a-Wish
TransCanWork
